

MTH 116: Mathematical Applications

This course provides practical applications of mathematics and includes selected topics from consumer math and algebra. Some topics included are integers, percent, interest, ratio and proportion, metric system, probability, linear equations, and problem-solving. This course meets the minimum mathematics requirement for AAS degrees but does not meet the minimum mathematics requirement for the AA or AS degrees.

Credits: 3

Prerequisites:

MTH 090 or appropriate mathematics placement score.

Program: [Mathematics](#)
