

COS 142: Applied Chemistry for Cosmetology

This course provides practical applications of the knowledge and skills learned in reference to chemical reactions, as well as the chemical application to the hair and skin. Emphasis is placed on knowledge of basic chemistry, pH scale, cosmetic chemistry, and physical and chemical changes in the hair and skin structure. Upon completion, the student should be able to determine the proper chemical product for each prescribed service.

Credits: 3

Lab Hours: 3

Prerequisites:

As required by college.

Program: [Cosmetology](#)
