Welcome

Welcome to Wallace Community College Selma!

Congratulations on your decision to pursue higher education—you are making an investment that will prove invaluable for the rest of your life.

As the president of WCCS, I am proud of the contributions the College makes to the quality of life in the City of Selma and the surrounding counties. The College's faculty, staff, and administration are dedicated to the values that distinguish WCCS' unique role in higher education and make the College a critical community resource—access to educational opportunities, affordability, quality, diversity, and strong student success services. I am proud that WCCS continues to have a far-reaching positive impact upon students of all ages.

Founded in 1963, WCCS has long been known for providing a comprehensive academic experience to its students. Over the years we have changed and grown to meet students' needs but, have never lost sight of our mission—to provide high-quality learning-centered educational opportunities and services through varied instructional-delivery modes that are responsive to individual, community, and state needs.

WCCS is fully accredited and committed to ensuring that educational practices and learning experiences

are responsive and relevant to our students. Smaller class size allows for more meaningful student engagement, thus strengthening student confidence in a nurturing environment. Members of the faculty represent some of the best educators in their fields of study. Currently, 13% of full-time faculty and staff have doctorate degrees and additional faculty is in various phases of doctoral programs. Faculty facilitates real-world learning experiences, where students are able to obtain the knowledge, skills, and competencies needed to achieve academic success.

At WCCS, our motto states, "We Believe You Can." We believe you can achieve your goal. We will do everything we can to ensure you receive the support needed to succeed. I am so proud of the way Wallace Community College Selma meets these students where they are and takes them where they need to go, changing their lives in the process. Welcome to the WCCS family, and I look forward to celebrating your success!

Sincerely,

James M. Mitchell, Ed.D.
President

College Overview

“WCCS: Building Bridges to the Future”

George Corley Wallace State Community College (Wallace Community College Selma) had its origin on May 3, 1963, as William Rufus King State Vocational Technical School in honor of a famous Alabamian that served 29 years as a United States Senator and Vice President of the United States in 1852 under President Franklin Pierce. He was also responsible for giving Selma its name. Located on twenty acres inside the city limits of Selma, the home of historic events from the Civil War to Civil Rights, the College has also become a landmark in Selma's history.

On October 1, 1973, the Alabama Board of Trustees authorized the second change of the institution's name to George Corley Wallace State Community College. Mr. Charles L. Byrd, who had been the Director of the Technical Institute, was appointed President. In 1990, under the administration of the first African American President Dr. Julius Brown, the marketing name of the College became Wallace Community College Selma (WCCS). Mr. Effell Williams, Sr. served as the Interim President from May 2000 until July 31, 2000. On August 1, 2000, Dr. James M. Mitchell became the third and most visionary president who led the College to its present role as a powerful influence on the upward

mobility of citizens in Selma and surrounding areas. Responsive to the needs of the service area, Wallace Community College Selma expanded its educational thrust in the following areas: transfer programs, student services, community involvement, workforce development, and technology. Quality instruction, strong student support services, and access to opportunity became the clarion call of the Institution.

Because of its sound fiscal management, the College continued its pace forward by improving the infrastructure and expanding the facilities to create a learning environment to prepare for the demands of the 21st century; thus, transforming the College into a progressive and innovative institution of higher learning.

WCCS has enhanced the aesthetic value of each building by elevating with copper roof designs. All existing structures have been renovated and several new state-of-the-art buildings opened, including the Hank Sanders Technology Center, the Health Sciences Building and a One Stop Student Center which houses the division of Student Services (Offices of Financial Aid, Admission and Records, Student Support Services, Talent Search and Student Organizations). The building also includes a Barnes and Nobles Bookstore, a game room and TV room for entertainment, and quiet areas designed for study and relaxation. Plans are being developed for a new technical center which would provide training for all technical programs under one roof. The college has been able to accomplish these goals with no long-term indebtedness.

The College serves a seven-county region representing the western part of the state; it encompasses many of the most economically challenged counties in Alabama known as the “Black Belt Area”. Through various partnerships and externally funded grants, the College is impacting west Alabama through workforce development, community service, and educational opportunities. In order to meet the demands of the College's service areas, the College sought to establish new initiatives that would increase the number of high school graduates, increase post-secondary success among students from underserved backgrounds and prepare students for the demands of the workforce.

- In 2007, the College partnered with SECME, the Bill and Melinda Gates Foundation, and the Selma City School System to house the first and only Early College Program in the State of Alabama. Over the past seven years, the Early College program has produced impressive

results. Many of the graduates have received full scholarships to four-year universities and colleges. Today, the College continues to house the Early College Program in partnership with Dallas County School System.

- In 2005, the college partnered with the Alabama State Department of Education to improve math and science knowledge and skills necessary for success in postsecondary studies and in the workforce. WCCS became the only community college to be named as an AMSTI site. WCCS, in conjunction with ASU, and JSU, received the honor of piloting a new AMSTI Lead Teacher program in schools hoping to become AMSTI schools during the summer of 2007, and conducting a Grades K-12 Leadership Academy for Math, Science, and Technology (LAMST) during the summer of 2006. Since that time, WCCS has provided professional development and training to thousands of teachers statewide.
- The implementation of the Advanced Visualization Center continues to have a tremendous impact on the organizational structure of the College because of its far-reaching effects on the instructional programs of the College as well as local public school systems and business and industry within the serviced area of the Institution. The Center is instrumental in developing and implementing innovative, engaging curricula for education and workforce development. The technologically-advanced center provides teaching and training opportunities and allows for educators and entrepreneurs to virtually transform the learning experience. The Center provides the following laboratories: Immersive floating model, Development, Broadcast and Studio, Telepresence, Visual Learning, Rapid Prototype, Experience and Discovery, and Interactive Use of Force. Through the Advanced Visualization Center, the College is also able to develop critical thinking skills in its students; create a learning institute, bridge the gap between education and the workforce, project-based learning/collaborative, develop learning communities, improve quality workforce development and develop interactive learning experiences that are beneficial to students, the community and future growth.

In collaboration with community organizations, the college has hosted national and international speakers such as Senator Barak Obama, Eric Holder, Secretary of Education, Vice-President Joseph Biden, Winnie Mandela, South African activists/ politician, and many others.

Wallace Community College Selma continues to expand its mission and goals to focus on meeting the needs of its students and the community. While celebrating its rich history, the College is constantly making strides toward excellence and building bridges to the future.

Accreditation of the College

Wallace Community College Selma is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award Associate in Arts, Associate in Science, and Associate in Applied Science Degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679.4501 for questions about the accreditation of Wallace Community College Selma. Initial accreditation was granted in December 1974, and accreditation was reaffirmed in December 1980, 1990, 2000, and 2010. The most recent institutional Self-Study report is available for review in the College Library and the Office of Institutional Effectiveness.

Substantive Change Policy

Wallace Community College Selma established and implemented the following procedures to ensure that the College remains in compliance with the Commission on College's Substantive Change Policy. The procedures outline the approval process for substantive changes for the College. The College will meet in April of each year to review substantive change requests and policies.

1. The WCCS Substantive Change Review Committee consists of the following administrative staff: Accreditation Liaison (Chairperson), College President, Dean of Business and Finance, Dean of Students, Dean of Instruction, Director of Institutional Management, Instructional Division Administrator, Arts & Sciences Department Chairperson, Technical Division Department Chair, Director of Distance Education & Dual Enrollment, Director of ADN Program, Director of LPN Program, BUS/CIS/OAD Program Department Chair, Director of Institutional Effectiveness, Library Director, and Financial Aid Director.
2. Substantive changes are submitted to the Chairperson of the Substantive Change Review Committee one month prior to the April meeting. The Substantive Change Review Committee convenes in April of each year, or as needed, to review the Commission's Substantive Change policy; to discuss any possible changes planned for the College that

might be substantive in nature based on a review of the College's mission statement; and to examine the College's current offerings and operations to make certain that the College is in compliance with the Commission's policy on Substantive Change.

3. Proposed changes are reviewed by the Committee to determine if the changes are substantive by reviewing each type of change described by the Commission. The Committee will determine the specific Commission procedure to follow (1, 2, or 3) for reporting the change to the Commission.
4. The President of the College is responsible for notifying the Commission of any substantive changes.
5. The Commission may require the College to write a prospectus or prepare additional documentation with the notification letter. The department of the College initiating change must work with the SACS Liaison and the Substantive Change Committee to draft the notification letter with the required documentation. Additional committees may be organized to assist with the Substantive Change preparation. The final Substantive Change documents will be submitted to the President at least one month before the final deadline date for approval.
6. Wallace Community College Selma's Substantive Change policy is published on the College's website, and [College Catalog and Student Handbook](#). [Minutes](#) of the Substantive Change Review Committee meetings will be sent to the College's Library for review and placed in the [Documents](#) section of the College's Intranet.

Campus and Buildings

The College's Technical Programs are housed in classroom/shop areas located within eight different buildings. Each building contains classrooms and laboratories designed to provide an excellent learning atmosphere for students.

The general Classroom Building (Bldg. 110) contains a variety of classrooms and learning areas. It was renovated in the fall of 2010. Included in this building are the offices of the Dean of Instruction and the Associate Dean of Instruction Technical Training; eight conventional classrooms; the Drafting and Design Technology Program; an open PC Lab, instructor offices, and a writing lab.

A Library-Gym Complex (Bldg. 106) contains a library-learning resources center, a gymnasium, and twelve classrooms. This building is of the same type construction as the other buildings.

In spring, 1990 the College opened a new Fine Arts Center (Earl Goodwin Theatre) (Bldg. 606). In 2010, the Goodwin Theatre was renovated to house the major components of the College's Advanced Visualization Center (AVC). Today, the rear of the theatre serves as the Workforce Development Center which houses the Ready-to-Work program, Apple Coding Academy and numerous staff offices.

In fall, 2008 the College opened the Hank Sanders Technology Center (Bldg. 405) which houses the offices of the President (Suite) and Dean of Business and Finance (Suite), Office of Institutional Effectiveness and Research (Suite), and Office of Information Technology (Suite). The center also contains facilities for the Computer Information Systems, Business Administration and Office Administration Programs (Suite).

In Summer, 2010 the College opened the Health Sciences Building (Bldg. 501) which houses the offices, classrooms, and pre-clinical laboratories of the Associate Degree Nursing (ADN), Licensed Practical Nursing (LPN), and Patient Care Technician (PCT) programs. The Charles Byrd Arts and Science Building (Bldg. 102) is home to the faculty and staff of the Arts and Science department. Complete renovations of that building were completed in 2012.

In spring, 2013 a new student center (Bldg. 302) was erected. The center contains the offices of the Dean of Students, Director of Financial Aid, Admissions Office, Student Support Services, and a Bookstore.

Vision Statement

The College shares a vision of a learning-centered education that is responsive to the needs of our service area and is manifested by quality teaching, opportunities for learning, effective educational support services, and access to a quality education. Challenged by change and innovation, the College will move forward to create a future responsive to the diverse needs of students, community, and state.

Philosophy

The philosophy of Wallace Community College Selma is expressed in the following beliefs:

- Education is essential to the economic, social, environmental, and political well-being of the citizens of West Central Alabama.
- Education should be made academically, geographically, physically, and financially accessible to all students.
- Wallace Community College Selma is uniquely qualified to deliver excellent and equitable educational opportunities and services.
- Quality education requires unity and cooperation of all stakeholders who work together toward a common goal.

Mission Statement

The mission of Wallace Community College Selma is to provide high-quality learning-centered educational opportunities and services through diverse instructional-delivery modes that are responsive to individual, community, state and global needs.

Core Values

With the completion agenda and emphases on the learning-centered college as our ultimate priorities, Wallace Community College Selma is guided by the following core values:

- Affordable and accessible educational opportunities to meet the needs of our diverse service area;
- Instructional excellence, faculty and staff competency, and continuous training in all academic and technical programs;
- Dedication to increasing skills and competencies that allow for upward mobility and increased opportunities in the employment market;
- Partnership with other organizations and institutions that promote community outreach and respond to needs of the service area;
- Principles of personal ethics, integrity, academic honesty and civic responsibility;
- Economic and workforce development that supports growth in the communities that the college serves;
- Technology as a critical element in achieving the strategic and annual goals of the College;
- Accountability and assessment that result in continuous program improvement; and
- Equal opportunity for employees, students, and representatives of the community at large regardless of age, color, sex, disability, national origin, race, religion or veteran status.

College Goals & Strategies

1. Teaching & Learning

GOAL: Promote and provide quality, teaching and learning environments and experiences that enhance the development of knowledge, skills, behaviors, and values for students and enable them to be successful in the workforce or subsequent education.

Key Strategies

1.1 Incorporate best practice teaching strategies that promote deeper more relevant learning

1.2 Provide instructional access through various modes of instructional delivery (*traditional, hybrid, and online*) to meet the needs of diverse learners as well as those that are underprepared for college-level courses.

1.3 Identify college-level general education competencies and measure the extent to which students have attained them utilizing identified benchmarks and validated assessment instruments.

1.4 Ensure course quality by documenting Student Learning Outcomes in all degree and certificate programs and ensure that results are used for program improvement.

1.5 Develop and implement a Quality Enhancement Plan based on an institutional assessment that focuses on student learning and supports the mission of the college.

1.6 Conduct a process of program reviews that address community needs and identifies programs' strengths and weaknesses to ensure that the college is offering up-to-date and relevant programs.

1.7 Support quality teaching and learning and ensure continuous improvements by providing comprehensive learning resources that are easily accessible to students (includes a library, writing laboratories, success center, and computer laboratories)

1.8 Utilize available regional and local assessment data, to develop and implement new instructional programs based on the identified needs of the service area of the college.

1.9 Maintain instructional cost through an annual revenue versus cost review of each instructional program and continuously work to increase the affordability of courses.

1.10 Increase access for high school students through dual enrollment programs

1.11 Provide professional development and necessary training for faculty to teach traditional, hybrid, and online courses

1.12 Provide appropriate educational support services to students with disabilities.

2.Student Focus/Services Success

GOAL: Promote high-quality student experiences through services consistent with student needs, interests, and abilities that lead to student development and success.

Key Strategies

2.1 Annually assess graduation, retention, persistence, transfer, employment, and certification/licensure student achievement outcomes and utilize the data to increase student success.

2.2 Maintain a comprehensive and coordinated process for data collection, reporting, and evaluation of student satisfaction.

2.3 Improve student satisfaction and utilization of academic support and student services designed to increase their success.

2.4 Improve the retention of students through an ongoing counseling and advisement program that will meet future demands and ensure that the college provides needed services and experiences for student success.

2.5 Provide academic support services to students with academic challenges as well as students that are underserved and disadvantaged.

3.Technology

GOAL: Broaden the development of educational and administrative technology that enhances student learning and improves college management processes and functions.

Key Strategies

3.1 Implement a plan that protects the college from cybersecurity threats and attacks for the safety of faculty, staff & students.

3.2 Maintain, upgrade, and expand technological resources that increase opportunities for students, faculty, and staff to utilize the most up-to-date technology in the delivery of instruction (*classrooms, laboratories*) and administrative services.

3.3 Utilize online survey instruments to assess consumer satisfaction with services offered by the College.

3.4 Enhance the efficiency of the College's assessment process through the utilization of Strategic Planning Online institutional assessment software.

3.5 Enhance technological access to online courses and instructional programs through college-wide utilization of an online course management system.

3.6 Provide appropriate training for faculty, staff, and students on the use of available technology resources as they are acquired by the college.

3.7 Enhance the technological skills of all employees of the college through an ongoing professional development program.

3.8 Provide the necessary technical support for faculty, staff, and students that ensures efficient instructional and administrative operations.

4. Workforce/ Economic Development

GOAL: “Provide high-quality workforce development programs that meet the needs of businesses and industries and enhance the economic development efforts of the region and the state.”

Key Strategies

4.1 Provide customized training programs in response to the needs of businesses and industries

4.2 Establish agreements with businesses and industries in the service areas of the College to deliver online professional development in order to meet the needs of Alabama’s workforce

4.3 Increase the number of industry-recognized certifications awarded yearly to students in non-credit programs

4.4 Expand work-based learning educational opportunities.

4.5 Expand and enhance partnerships and planning with educational institutions, businesses, government agencies, and community organizations to further the mission of the college.

5. Community Engagement/Development

GOAL: Foster key relationships with community leaders to support community engagement and development efforts in the college’s service area

Key Strategies

5.1 Cultivate college attendance through ongoing programs with feeder schools of the college’s service area

5.2 Develop and sustain mutually beneficial and engaging community partnerships

5.3 Expand relationship with k-12 to inspire/promote postsecondary education.

5.4 Partner in various community service improvement projects throughout the service area

5.5 Provide cultural enrichment and educational opportunities to the students as well as the community through a variety of arts and humanities

5.6 Play a pivotal role in leading community development efforts in the college service area and addressing community issues as needed.

5.7 Partner with community organizations to benefit the community (*faculty & Staff*)

5.8 Annually review local assessment data/report to guide the college’s community development /engagement efforts

5.9 Provide service-learning opportunities that expose students to a lifestyle of community involvement/engagement.

5.10 Provide access to programs and services that strengthen the educational, social, and economic life of the diverse community served by the College

5.11 Design, produce and deliver professional communications about

programs, instructional support, and services to a diverse student population, the general public, and the media

6. Adult Education

GOAL: Provide an Adult Education program that alleviates educational gaps and helps participants gain economic and social mobility.

Key Strategies

6.1 Eliminate barriers to academic performance and increased enrollment in the adult education program

6.2 Provide access to lifelong learning opportunities to the service area of the College utilizing a variety of instructional methods. (*online, traditional, and hybrid*)

6.3 Partner with the Alabama Community College System and local agencies in the

the service area of the College in offering adult education classes.

6.4 Develop and implement adult education career pathways that ultimately lead to employment and/or colleges enrollment

6.5 Utilize community partners to promote opportunities available through adult education, workforce, and CTE.

7. Enrollment

GOAL: Implement a strategic enrollment management plan that has a positive impact on the college's financial stability

Key Strategies

1. Maintain an ongoing program for the recruitment, retention, and graduation of students. (*Enrollment Management*)
2. Annually monitor and review the College's retention, graduation, and transfer rates

7.3 Develop and facilitate a smooth admission and enrollment processes

7.4 Implement innovative recruitment and marketing strategies to manage enrollment efforts after analyzing and cultivating prospective students' markets

7.5 Enhance enrollment in online courses by developing strategies that will attract broader credit and non-credit populations.

8. Efficiency of Operations

GOAL: Improve efficient operations of the College.

Key Strategies

8.1 Ensure a stable financial program that enhances resource allocation and promotes accountability of institutional resources.

8.2 Continue to align the annual budget of the College to the institutional effectiveness plans of each program, and department of the College.

8.3 Administer policies and procedures that promote fairness, consistency, and excellence in the management and administration of programs and services.

8.4 Improve the financial position of the College through new funding efforts by aggressively pursuing new funding resources.

8.5 Provide safe, clean, and comfortable facilities, accessible to all students and the community.

8.6 Develop and maintain a Facilities Master Plan that addresses needed improvements to existing infrastructure and ensures that the college is fulfilling its mission to its students and the area it serves.

- 8.7 Maximize the use of personnel, physical and financial resources of the College.
- 8.8 Develop and maintain an ongoing program of Institutional Effectiveness and research that promotes ongoing, integrated, institution-wide, research-based evaluation processes.
- 8.9 Ensure that the college meets SACSCOC principles of accreditation and requirements of other educational program approval/accrediting agencies
- 8.10 Provide opportunities for faculty, staff, and students to become involved in institutional governance.
- 8.11 Provide faculty and staff professional development to ensure that employees are efficient in their roles and responsibilities.
- 8.12 Expand and enhance the image and reputation of the College through ongoing public and communication effort
- 8.13 Strengthen internal channels for internal communications and efficient flow of information throughout the institution.

Academic Year

The College academic year begins Fall Semester and terminates at the end of summer semester (fall, spring summer semesters).

Diversity Statement

Wallace Community College Selma is committed to creating and maintaining a quality educational environment that promotes and supports a student body, faculty, staff, and administration that is multicultural and diverse and reflective of our student body and community population.

Universal Human Rights Pledge

I believe that every individual has an infinite and eternal worth.

I believe that recognition of the equal and inalienable rights of all members of the human family is the foundation of freedom, justice, and peace in the world.

I believe that every individual is entitled to dignity and respect, without prejudice toward race, color, gender, disability, language, religion, creed, national origin, property, age or other status.

I believe that every thought and every act of such prejudice is harmful. If it is my thought or act, then it is harmful to me as well as others.

Therefore, from this day forward, I will strive daily to eliminate such prejudice from my thoughts and actions.

I will discourage such prejudice from others at every opportunity.

I will treat all people with dignity and respect.

I will strive to honor this pledge, knowing that the world will be a better place because of my efforts.

-- Adapted from the Birmingham Pledge and the Universal Declaration of Human Rights

College Policies

Technology Services Computing Resources Usage Policy

The Wallace Community College Selma Computing Resources Usage Policy governs electronic communication conducted through the Wallace Community College Selma's wired and wireless network, hosted and non-hosted server systems, personal computers, laptops, printers, software, communication devices, and network resources.

The Computing Resources Usage Policy governs all users including guests, community library patrons, as well as students and employees who are legitimately affiliated with Wallace Community College Selma. Computing resources are intended to facilitate the exchange of information consistent with business activities, and academic purposes of the institution.

Policy Oversight: This policy shall be governed by the policies of Wallace Community College Selma, the laws of the state of Alabama, and United States federal law. The Computing Resources Usage Policy is created and amended under the authority of the Technology Committee. Failure to enforce any

provision of this agreement shall not constitute or be construed as a waiver of such provision or of the right to enforce such provision.

Condition of Use: Access to Wallace Community College Selma computing resources shall be provided on an as-is basis with no guarantee of quality or availability. Network access is dependent on the availability of network bandwidth and related equipment. Processes necessary for conducting normal college business, ensuring campus safety, delivery of VoIP services, and instructional delivery are given usage priority. As a condition of access to network/Internet resources, employees are required to sign the Employee Acknowledgment Form found in the WCCS Faculty/Staff Handbook. Employees who violate the Computing Resources Usage Policy are subject to disciplinary actions, in accordance with institutional, state policies and federal laws. Students who violate the Computing Resources Usage Policy are subject to disciplinary action as stated in the Student Handbook section of the college catalog. Community members who violate this policy while utilizing open campus computing resources are subject to being banned from using the college's equipment and Internet access.

Administrative Privilege: All network access using Wallace Community College Selma's equipment and/or resources will be administered by and coordinated through the Technology and Information Services Department. Wallace Community College Selma reserves the right to monitor, collect and store all electronic activity conducted on the Wallace Community College Selma network without consent or notification. Use of the Wallace Community College Selma network or computer resources constitutes acceptance of such monitoring. The Technology and Information Services Department reserves the right to access any user's account, electronic files, or transmissions for administrative purposes including archiving, system maintenance and repair, or as directed by the college president, designee, or employee's supervisor. The Technology and Information Services Department also reserves the right to suspend use of an account in the event the employee's password has been compromised, the employee is in violation of this network access policy, or as directed by the college president, designee, or employee's supervisor.

Statement of Policy

1. Ethical and Responsible Use of the Network/Internet

- a. Usage of the Wallace Community College Selma computing resources is on an at-will basis. Wallace Community College Selma and the Technology and Information Services Department will not be responsible for any damage to person or property from the use of any Wallace Community College Selma computing resource.
- b. All hardware and software – including email service, internet service, and college-provided equipment – is the property of the State of Alabama and is not intended for personal use. It is not acceptable to use College resources for purposes which violate any federal or state law or College Policy; are harmful or harassing to others; disrupt normal network use and service; execute for-profit commercial activities or business transactions, or constitute political campaigning.
- c. All users are accountable for use of resources in an effective, ethical, and lawful manner. Users are prohibited from accessing the Internet for any unethical or immoral purpose, including any activity associated with pornography, obscenity, violence, gambling, racism, harassment, personal gain, or any illegal activity. Users are discouraged from using profanity or vulgarity when posting electronic mail via the Internet or posting to public forums (i.e., newsgroups). Any electronic mail sent through postings to public newsgroups must fall within these ethical standards.
- d. All users must abide by all federal and state laws with regard to information sent through the Internet. Unauthorized release or disclosure of information through the Internet or through any other means is strictly prohibited. Proprietary or confidential information pertaining to the college shall not be transmitted over the Internet.
- e. Users are forbidden from engaging in any activity which is in violation of the Code of Alabama (1975) §§ 36-25-1 through 36-25-30, as amended (the "State Ethics Law"), or which, in the opinion of the Wallace Community College Selma administration, may be contrary to such law.

2. User Access/Password Assignment and Confidentiality

- a. Under the terms of this policy, employees of the College are given access to college-

owned computing resources. If network resource access (such as network attached storage or email) is required, a user ID and password will be assigned to the employee by the Technology and Information Services Department.

- b. The username and password, including those used to access email or an instructional platform such as CANVAS, are the responsibility of the individual to whom they are assigned. Employees are responsible for username and password confidentiality. Use of an employee account by another employee or student is prohibited. Any individual other than the person to whom they are assigned shall not use the username and password or any other assigned authorization.
- c. Users should not leave a computer logged on when vacating a workstation. The user is responsible for his or her account and any content left on the computer. Leaving an unattended logged-on computer puts the user and the institution at risk.
- d. In the event Wallace Community College Selma no longer employs an individual, it is the responsibility of the Technology and Information Services Department to close the former employee's account upon notification of the employee's status.

3. Software

- a. To prevent computer viruses from being transmitted through the system, no unauthorized downloading or installation of any software is permitted. Software downloads and installation shall be done only after approval and/or assistance from the appropriate Technology Services Personnel.
- b. Streaming media and music and video downloads are prohibited unless authorized by the appropriate Technology and Information Services Personnel.
- c. Point to point (P2P) file sharing is prohibited unless authorized by the appropriate Technology and Information Services Personnel.

4. Copyright Issues

- a. All college network/Internet users must adhere to the copyright laws regarding software, data, and authored files. Users may not transmit copyrighted materials belonging to entities other than this college. Users should exercise caution when downloading material from an Internet source as such action may constitute a violation of copyright laws.

- b. It is permitted for Web pages to be printed and material downloaded from the Internet for informational purposes as long as the purpose for such copying falls into the category of "fair use." "Fair use" is defined as the doctrine that copyright material may be quoted verbatim, provided that attribution is clearly given and that the material quoted is reasonably brief in extent.

- c. The college is not responsible for copyright infringement by a user. Such responsibility shall lie solely with the user.

- d. Users found guilty of copyright infringement shall be subject to disciplinary action, including possible suspension, expulsion, or termination.

- e. Congress enacted the No Electronic Theft (NET) Act in 1997. The NET Act makes it a federal crime to reproduce, distribute, or share copies of electronic copyrighted works such as songs, movies, or software programs, even if the person copying or distributing the material acts has no intention of receiving profit. Electronic copyright infringement carries a maximum penalty of up to three years in prison and a \$250,000 fine. For more information on the NET Act, please visit the URL: http://www.riaa.com/physicalpiracy.php?content_selector=piracy_online_th

5. Personally Owned Computer Hardware/ Software

- a. Personally owned software cannot be loaded onto a college-owned computer unless it is directly related to the job position and is approved by the appropriate Technology Services Personnel. If any approved personally owned computer software is loaded onto a college-owned computer, the license and documents must remain with the college computer on campus in the event of an audit.
- b. Computer hard drives may not be installed or removed without the express written consent of authorized Technology and Information Services Personnel.

6. Privacy of Information

- a. Information passing through or stored on any Wallace Community College Selma electronic network or computer system may be seen by others for a variety of reasons. Routine administration, management, or audit functions may require information stored or transmitted

via Wallace Community College Selma computers and networks to be intercepted or monitored. Electronic transactions may be subject to seizure and inspection by Wallace Community College Selma without notice. All users should fully understand that except where protected by state or federal law, or by college policy no expectation of privacy may be assumed concerning information communicated over or stored on Wallace Community College Selma electronic systems.

- b. Users should respect the privacy of others, including, but not limited to, abstaining from unauthorized access to email, files, data, and transmissions.
- c. All users should be aware of and comply with the Family Educational Rights and Privacy Act (FERPA) as well as its restrictions on the use and dissemination of personal and academic information.

7. Computer Crimes

The Alabama Computer Crime Act, codified at Code of Alabama (1975) § 3A-8-100 through 13A-8-103, makes it a crime for a person to damage, or without authorization to modify computer equipment, computer networks, and computer programs and supplies or without authorization to access, examine, or use computer data and programs, and provides for punishment up to a Class B Felony. Federal law also makes it a crime to access computers or computer networks devoted in part to Federal purposes without proper authorization. Any violation of such State or Federal laws respecting computers shall also constitute a violation of the Wallace Community College Selma Policy for Acceptable Use of Technology Resources. Furthermore, this policy prohibits various actions (described below) which may or may not constitute a crime.

Unacceptable Use

The following activities are prohibited on all Wallace Community College Selma technology resources. The activities listed are for reference and are not intended to be all-inclusive.

1. Altering system software or hardware configurations without the authorization of the Wallace Community College Selma Technology Services Department.
2. Accessing, via the internet or any other means of broadcasting, pornographic, obscene, or violent images or content or any other material in violation of local, state, and federal statutes.

Use of resources for gambling, racism, harassment or political campaigning is also prohibited.

3. Using technology resources for illegal activities.
4. Accessing or attempting to access another user's files, email or other resources without his or her permission except as otherwise provided herein.
5. Allowing unauthorized persons to utilize an authorized user's account, username, or password.
6. Using technology resources for commercial or profit-making purposes without written authorization from Wallace Community College Selma.
7. Installing, copying, distributing or using software that has not been authorized by the Wallace Community College Selma Technology and Information Services Department.
8. Originating or proliferating electronic mail, broadcasts, or other messages that may be deemed as obscene, abusive, racist, or harassing.
9. Creating and/or distribution of viruses or other destructive programs.
10. Unauthorized release or disclosure of any confidential college, personnel, or student information.
11. Using any computer technology in a manner that violates patent protection or license agreements. Engaging in any activity that violates copyright laws.
12. Such activity may include utilizing Wallace Community College Selma technology to copy and/or distribute copyrighted materials without authorization.
13. Using Wallace Community College Selma computer technology to support or oppose any candidate or candidates for public office or for any other political purposes. (Use of state property for political purposes constitutes a violation of Alabama law).

Disciplinary Action

Unacceptable use is prohibited and is grounds for loss of computing privileges, as well as discipline or legal sanctions under the appropriate college policy and/or law. Students and employees who violate this policy are subject to disciplinary actions in accordance with guidelines provided in institutional policies.

Social Media

Wallace Community College Selma recognizes the value of social media in communicating and engaging with students. The college's social media sites promote college programs, services and

activities and generally further the college's mission. Students are encouraged to contribute constructively through posting on college-sponsored social media sites.

Specifically:

1. WCCS maintains official pages on Facebook, Twitter, YouTube, and Instagram, among others. These pages have the purpose of developing a WCCS virtual community, supporting recruiting and retention, and fostering interactivity with the college.
2. College-sponsored social media accounts are monitored by the WCCS Marketing Department. Questions and comments are welcome; however, inappropriate or uncivil posts will be removed.
3. Public expression of opinion by students shall be in accordance with the terms and conditions specified in the WCCS Student Code of Conduct.
4. Public expression in conflict with the college's Non-Discrimination Policy may contribute to a hostile educational environment and is thus prohibited.
5. Disclosure of proprietary or confidential information is prohibited.
6. WCCS may remove any posts that do not directly support its mission, programs, or services. Posts by third parties that appear to be advertisements for other companies or organizations may also be removed.
7. If an area or student group wishes to have an item placed on a college site, send the request to the Director of Marketing.

If an area or student group wishes to create its own social media site:

1. Obtain permission from a supervisor.
2. Obtain permission from the Director of Marketing in advance of the site creation. Included in the request should be the name of social media site(s) the area wishes to use, target audience, and purpose of the social media site.
3. Neither students nor employees may use a personal account (I.e., Hotmail, Gmail, etc.) to create WCCS sites. In some cases, a generic WCCS email account (I.e., maneissue@wallacestate.edu) may be needed to create the social media site.
4. The college requires administrative rights to any social media site that is sanctioned or sponsored by WCCS.

Statement of Academic Freedom

Wallace Community College Selma subscribes to the following principles in regard to academic freedom:

1. The instructor is free to conduct independent research and to publish the results so long as such activity does not interfere with his/her assigned duties; however, research for pecuniary gain should not be undertaken without an understanding with the President.
2. In the classroom, the instructor has full freedom to discuss his/her subject. He/she should not introduce into his/her teaching irrelevant, controversial matter. Within this limitation, the institution protects the right of both the student and the instructor to a "free search and its free exposition."
3. The institution respects the rights and privileges of the instructor as a citizen but believes that his/her position imposes special obligations. Hence, the instructor is free from instructional censorship or discipline when he/she speaks, writes, or acts as a citizen; however, he/she should always be mindful of the fact that the public may judge the institution by his/her words and behavior, and should, therefore, be accurate, exercise restraint, respect the opinions of others and make it clear that he/she is not a spokesman for the College.

Intellectual Property Rights

Wallace Community College Selma maintains rights to intellectual property created at the College's expense. The College reserves rights of ownership of all intellectual property including, but not limited to, curricula materials, books, web pages, electronic publications, and other programs written or created by students, faculty, and staff using college equipment, and during time compensated by the College. Rights to intellectual property created by WCCS employees at their own expense, utilizing their personal equipment/resources and during their personal time will be retained by the employee.

Non-Discrimination Policy

Wallace Community College Selma has filed with the Federal Government an Assurance of Compliance with all requirements imposed by or pursuant thereunder, to the end that no person in the United States shall, on the grounds of race, color, national origin, sex, or physical disability be excluded from participation in, be denied the

benefits of, or be otherwise subjected to discrimination under any program or activity sponsored by this institution. Under this Assurance, this institution is committed not to discriminate against any person on the grounds of race, color, national origin, sex, or physical disability in its admission policies and practices or any other policies and practices of the institution relating to the treatment of students and other individuals, including the provision of services, financial aid and other benefits, and including the use of any building, structure, room, space, materials, equipment, facility or other property. The College's facilities are accessible to and usable by disabled persons, thereby ensuring that no qualified disabled person shall be denied the benefits of, be excluded from participation in, or be otherwise subjected to discrimination under any program or activity. Recognizing that sexual harassment constitutes discrimination on the basis of sex and violates this rule, the College shall not tolerate such conduct. Any person who believes him/her, or any specific class of individuals, to be subjected to discrimination prohibited by Title VI Public Law 88-352, 1964; Title IX, Public Law 88-380, 1972; Section 504, Rehabilitation Act, 1973; the Americans with Disabilities Act of 1990; and Regulations issued thereunder may, by him/her or a representative, file with the United States Commissioner of Education, or with this institution, or both, a written complaint.

Ms. Shelia Theiss, of Wallace Community College Selma, is designated as the A.D.A. Coordinator to contact regarding any complaints under the above-named Acts. Interested persons can obtain needed information from Ms. Theiss' office (334-876-9294) or shelia.theiss@wccs.edu as to the existence and location of federally assisted services, activities, and facilities that are accessible to and usable by disabled persons. Materials and equipment necessary to provide services to physically disabled persons are provided on a case-by-case basis.

Disabled Student Services

The ADA Coordinator is available to assist any enrolled or prospective student who is disabled. The College will provide academic support services to students with learning disabilities, mobility impairments, hearing impairments, visual impairments, and other disabilities. Upon certification of disability by an appropriate medical authority, the ADA Coordinator will ensure that services will be tailored to meet students' needs according to their specific disability and their academic major.

Compliance with Title VI, Title VII, Title IX and Section 504

Compliance with Title VI, Title VII, Title IX and Section 504 U.S. Department of Education and Health and Human Services Office of Education

It is the policy of Wallace Community College Selma; Selma, Alabama not to discriminate on the basis of race, color, national origin, sex or disability in its educational programs, activities, or employment policies as required by Title VI and Title VII of the Civil rights Act of 1964, title IV of the Educational Amendment of 1972 and Section 504 of the Rehabilitation Act of 1973. Inquiries regarding compliance may be directed to:

- Title VI, Title VII, Title IX, and Section 504 Coordinator

Selma, Alabama 36702-2530
Telephone: (334) 876-9230

Admissions

Admissions Information

Wallace Community College Selma (WCCS) maintains an admissions policy that provides higher education for individuals who meet minimum admission requirements as set forth by the Alabama Community College System (ACCS). The Office of Admissions and Records is responsible for interpreting and implementing ACCS policy as well as federal, state, and local laws and policies regarding admission of students to the College and maintenance of academic records. Admission to the College does not guarantee entrance to a particular course or program. Some programs have specific admission requirements. Requirements for admission into certain programs, such as Health programs, are found within the "Programs of Study" section of the catalog.

First Time Admission

All students must submit the required documentation listed below in order to be considered for admission. Applications and forms are accessible from www.wccs.edu. In order for transcripts to be considered official, they must be submitted to the Office of Admissions and Records

directly from the issuing institution/agency, or if submitted by the student in a sealed envelope from the issuing party.

Required Admission Documentation:

- Wallace Community College Selma online application for admission
- One of the following forms of primary identification:
 - Unexpired Alabama driver's license or instruction permit
 - Unexpired Alabama identification card
 - Unexpired U.S. passport
 - Unexpired U.S. Permanent Resident Card
 - Resident Alien Card – Pre-1997
 - Unexpired driver's license or instruction's permit from another state or possession that verifies lawful presence, dated 2000 and beyond
 - U.S. Alien Registration Receipt Card (Form I-151) prior to 1978
 - BIA or tribal identification card with photo
 - I-797 Form with expiration date along with photo identification
 - Voter Identification Card from a state that verifies lawful presence
- Certification of Eligibility for In-State Residency
- Official high school transcript with posted graduation date or GED certificate with passing scores
- The College receives official high school transcripts from prospective students via e-script, regular mail, and hand-delivery (transcripts must be received in a sealed insignia envelope) from students. All official and valid transcripts must have an eligible graduation date inscribed and the signature of a designated high school official. Transcripts that appear fraudulent or invalid are validated or disproved by the local high school. If there are additional questions or concerns about the high school (which does not have to be accredited), the College's registrar will check with the Alabama Department of Education to determine if the diploma issued from that school is recognized by the State as a high school diploma.
- Official college transcripts (if applicable)
 - Students who have achieved a minimum of a baccalaureate degree from an accredited college or university are only required to submit an official transcript from the degree-granting institution unless seeking a degree from Wallace Community College Selma.

Readmission

Former WCCS students who have not been in attendance within one calendar year will be required to submit a new application for admission. If students have attended college elsewhere during this period, official transcripts must be submitted to the Office of Admissions and Records. WCCS students who wish to enroll under a different student type (i.e., Dual Enrollment student who wishes to enroll as a Freshman upon high school graduation), an updated application for admission must be submitted prior to the term of intended enrollment.

Admission Status

There are two types of admission statuses: unconditional and conditional.

- **Unconditional status:** Students who have submitted all required documentation will be admitted under unconditional status.
- **Conditional status:** Students who have not submitted official transcripts may be admitted under conditional status. Failure to provide documentation by the end of the first semester of enrollment will prevent a student from future registration and official transcript release.

Admission Classifications & Eligibility Information

First-Time College Student: A student who has not previously attended any college after high school graduation or completion of a GED is considered a first-time freshman. For unconditional admission and to be classified as degree eligible, applicants must have on file at the institution a completed application for admission, in-state residency certification, the primary form of identification, and one of the following:

- Official high school transcript with posted graduation date from a public, private, or home school program equivalent to the Alabama High School Diploma, as defined by the Alabama State Board of Education
- Official GED certificate issued by the appropriate state education agency

First-time college students may be conditionally admitted pending receipt of official final high school transcripts. Failure to submit an official transcript

with posted graduation date by the end of the first semester of enrollment will prevent future registration and release of official WCCS transcripts.

Admission to Courses Not Creditable Toward an Associate Degree

Wallace Community College Selma, as mandated by the Alabama Board of Trustees, has an open door policy. The College admits students without a high school diploma or a GED Certificate into certain programs and courses not creditable toward an associate degree when the student demonstrates ability-to-benefit prior to enrollment. Students admitted under these provisions will be classified as "Non-Degree-Eligible" students.

Under the ability-to-benefit provisions, applicants may be admitted to courses not creditable toward an associate degree or programs comprised exclusively of courses not creditable toward an associate degree.

Students without a high school diploma or GED certificate who wish to enroll in designated ability-to-benefit programs and courses must take an Ability-to-Benefit test. The student must achieve a minimum score to enter one of the designated ability-to-benefit programs including the following:

1. Cosmetology *
2. Masonry/Building Trades
3. Welding Technology

The College may establish additional requirements for specific courses or occupational degree programs.

* Each Cosmetology Program student must have completed the tenth (10th) grade. This is an Alabama State Board of Cosmetology policy requirement.

Placement Testing in the Alabama College System

Placement into mathematics and English courses will be based upon specified prerequisite requirements, which may include a student's ACT scores, high school grade point average in conjunction with the final grades in designated high school courses, and ACCUPLACER placement assessment scores. Placement scores and the high school GPA are valid for five years. If older than three years, the student must take the ACCUPLACER

assessment. Academic advisors will assist students with determining the appropriate placement into mathematics and English courses. Recommended ACCUPLACER Test cut-off scores are:

Placement Cut Scores

A. The following ACCUPLACER score ranges will be used for student placement in math, English, and reading.

ACCUPLACER Placement Score Chart

ACCUPLACER	Cutoff Range	Course Placement	
English (WritePlacer Exam)	0-3	ENR 098 Writing and Reading for College	
	4	ENG 101 English Composition ENG 099 Intro to College Writing	
	5-8	ENG 101 English Composition I	
Math (Next-Gen Quantitative Reasoning, Algebra, and Statistics) (QAS)	200-242 (QAS)	MTH 098 Elementary Algebra MTH 116 Mathematical Applications	
	College Level Algebra (CLM)	243-252 (QAS)	MTH 100 Intermediate College Algebra MTH 099 Support for Intermediate College Algebra
		253-266 (QAS)	MTH 100 Intermediate College Algebra
	60-79 (CLM)	267-300 (QAS) or 50-59 (CLM)	MTH 110 Finite Mathematics MTH 112 Pre-calculus Algebra
		60-79 (CLM)	MTH 113 Pre-calculus Trigonometry MTH 120 Calculus and Its Applications
80 or above (CLM)	MTH 125 Calculus I		

Note:

1. A student must have a current picture I.D. to take the ACCUPLACER or other placement test.
2. A student desiring to test at WCCS, but enroll at another institution, will be assessed a \$15.00 fee.

Placement Retesting Procedure

A student who wishes to challenge placement results may retest once per academic year provided there is evidence the student has completed test preparation activities. Additional preparation includes but is not limited to academic boot camps, online pre-tests, and placement test applications. Institutions will charge a one-time fee for retesting

per subject area of no more than \$10. Placement test scores will be valid for three years from the date of the original or retest assessment.

Placement Testing Exemptions

Students may receive full or partial testing exemptions if they comply with the following criteria (official documentation must be provided for verification of exemptions):

1. Successful completion, defined as a grade of C or better, of transferable English and/or mathematics courses from a regionally accredited college or university.
2. The ACT or SAT scores within three years of high school graduation that meet the following minimums:
ACT - English score of 18
SAT - writing score of 470
ACT - mathematics score of 20
SAT - mathematics score of 47
ACT - reading score of 20
SAT - reading score of 470
3. Students who are enrolled at other colleges or universities and are given permission by their parent institution to take a specific course or courses per a transient approval form (or Letter of Good Standing) may be exempted from placement testing.

Placement Testing Hours

ACCUPLACER Placement Testing is given by appointment only. A student must have an admission application and other pertinent paperwork on file before scheduling an ACCUPLACER test. Contact the Office of Student Services at (334) 876-9295 to schedule testing. *ACCUPLACER Placement Testing will not be administered to any student more than two times. If you cannot use a computer please notify Student Services.*

Transient Students

Transient Student: A student who is currently enrolled at another college or university and seeks credit that will transfer back to his or her home institution is considered a transient student. Transient students are temporary students who generally only attend Wallace Community College Selma for one semester. For admission, applicants must have on file at the institution a completed application for admission, the primary form of identification, and a transient letter of permission listing approved courses. Transient letters must be submitted prior to registration for each semester a student attends Wallace Community College Selma. Any transient student failing to provide appropriate

information may be administratively withdrawn. Transient students are considered non-degree seeking and are not eligible for federal financial aid.

Transfer Students

Transfer Student: A student who has attended another college or university prior to enrolling at WCCS is considered a transfer student. For unconditional admission and to be classified as degree eligible, applicants must have on file at the institution a completed application for admission, in-state residency certification, the primary form of identification, official high school transcript or GED certificate, and official transcripts from all previously attended post-secondary institutions. Transfer students may be conditionally admitted pending receipt of official transcripts. Failure to submit official transcripts by the end of the first semester of enrollment will prevent future registration and release of official WCCS transcripts.

Initial Academic Status of Transfer Students

1. An initial academic status will be determined once all official transcripts are received and reviewed by Admissions and Records staff. Reporting of incomplete or false information on the application for admission may result in the immediate removal from classes and forfeiture of all tuition, fees, and other monies.
2. A transfer student whose cumulative grade point average (GPA) at the transfer institution(s) is at least 2.0 on a 4.0 scale will be admitted on clear academic status.
3. A transfer student whose cumulative GPA at the transfer institution(s) is less than 2.0 on a 4.0 scale but has not been placed on Academic Suspension or Academic Dismissal will be admitted on Academic Probation. The WCCS transcript will be annotated to read ADMITTED ON ACADEMIC PROBATION.
4. A transfer student who has been academically suspended or dismissed from another regionally accredited post-secondary institution may be admitted only after following the appeal process established for "native" students. Wallace Community College Selma requires that the applicant submit a written appeal to the College Admissions Appeal Committee along with all official transcripts. Transfer students admitted on appeal will be placed on Academic Probation. The WCCS transcript will be annotated to read ADMITTED UPON APPEAL – ACADEMIC PROBATION.
5. Transfer students admitted on academic probation retain that status until 12 credit

hours have been attempted at Wallace Community College Selma. If the cumulative GPA at WCCS is below 1.50 at the conclusion of 12 attempted hours, the student will be placed on academic suspension for at least one semester. More stringent guidelines may be placed on students by the College's Admissions Appeal Committee when written appeals are approved.

General Principles for Transfer of Credit

1. Transfer credit will be evaluated and recorded only upon receipt of all official transcripts from all previously attended colleges and universities. A review of records by advisors, faculty, or other staff for advising purposes does not constitute an official evaluation.
2. Coursework transferred or accepted for credit toward an undergraduate program must represent collegiate coursework relevant to the formal award with course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled in the institution's own undergraduate formal award programs.
3. A course completed at other regionally accredited post-secondary institutions with a passing grade (C minimum required in Composition courses) will be accepted for transfer as potentially creditable toward graduation requirements.
4. A transfer grade of "D" will only be accepted when the transfer student's cumulative transfer GPA is 2.0 or above. Regardless of the GPA, a "D" in English Composition courses will not be accepted as transfer credit. Please note that some programs/courses require minimum grades of "C", thus a "D" will not transfer.
5. Transfer course grades are not calculated into a student's grade point average for any purpose, including graduation or honors consideration.
6. Credit may be extended based on a comprehensive evaluation of demonstrated and documented competencies and previous formal training. Please refer to the section on Credit from Nontraditional Sources in this catalog for additional information.
7. The criteria for awarding credit for work completed in foreign colleges and universities will be the same as for other institutions within the United States. Students wishing to receive transfer credit for such foreign study must provide an English translation and a detailed course-by-course evaluation report. The reports must outline recommendations for awarding specific credit for specific courses. Students must request an official course-by-

course evaluation from a National Association of Credential Evaluation Services (NACES) approved agency. For a comprehensive list of approved agencies, please visit www.naces.org.

High School Students

High School Student: A secondary education student who is earning college credit while still in high school is considered either a Dual Enrollment or Accelerated student. Please see the Dual Enrollment and Accelerated High School section of this catalog for further information.

International Students

International Student: A student who is a citizen of another country. Wallace Community College Selma accepts international students seeking an F-1 international student visa who meet the academic, linguistic, and financial requirements necessary for admission into the College. Non-citizens of the United States who have been granted permanent residency status, deferred action status for childhood arrivals, or possess a valid United States Visa that permits post-secondary study as approved by the United States Citizenship and Immigration Services are eligible to be considered for admission to the College as well. Students not seeking an F-1 visa are exempt from the financial documentation requirement. International students are required to pay the out-of-state tuition rate. For unconditional admission and to be classified as degree eligible, applicants must have on file at the institution a completed paper application for admission, the primary form of identification, and the following documents:

- Official transcripts/leaving certificates from secondary school. The secondary school requirement must document that the student has the equivalent of a U.S. high school diploma.
- Official transcripts from all previously attended colleges and universities, if applicable, for transfer students. In addition to the official foreign transcripts, all documents must be translated and evaluated (course-by-course for college transcripts) by a NACES approved evaluation agency. For a comprehensive list of agencies, please visit www.naces.org.
- Proof of English proficiency
 - Students submitting official TOEFL scores must meet the following minimum: 500 (Paper-based test), 173 (Computer-based test), or 61 (Internet-based test). The

TOEFL exam must have been completed no more than 3 years prior to the term of application.

- Students submitting official IELTS (International English Language Testing System) scores must place within the following range: 5.5 – 6.0. The IELTS exam must have been completed no more than 3 years prior to the term of application.
- Exceptions to the English proficiency requirement include students who have graduated from a regionally accredited United States high school, a transfer student who has successfully completed ENG 101 with a grade of C or higher at a regionally accredited United States college or university, or a citizen of an English speaking country that has been granted an exemption to the testing requirement. Please contact the International Student Advisor for a list of countries included in the exemption.
- Signed and notarized financial sponsorship document along with official original bank statements in the sponsor's name documenting evidence of at least \$15,800 U.S. dollars or the equivalent for the academic year. The financial documentation includes the approximate cost of tuition, fees, books, and living expenses for one academic year. Official financial statements must be dated within 3 months of the time of application for admission.
- Completed health forms signed by a physician. The International Student Advisor will provide a copy of the necessary health form to applicants for completion.

Initial entry students will be issued a Form I-20 upon successful admission into the College. Transfer students who are enrolled in a United States college or university must submit a completed Transfer Clearance Form signed by the International Student Advisor. Students must be in valid F-1 status at the current college in order to be eligible for admission to WCCS.

F-1 students must submit documentation demonstrating adequate health and life insurance including coverage for medical repatriation and evacuation expenses. Both forms of coverage must be maintained during enrollment at Wallace Community College Selma.

Audit Students

Audit Students: A student who registers for credit courses on a non-credit basis. For admission,

students must comply with the College admission standards as outlined in the requirements for first-time, transfer, or returning students.

Under no circumstances will audit students receive credits applicable to degree requirements. Tuition and fees for courses audited are the same as those for courses taken for credit. Students may not use federal financial aid for courses that are audited. Health science courses are not eligible to be audited by students at the College, and the appropriate pre-requisite requirements must be met for students wishing to audit a class. Students may not change from "credit" to "audit" or from "audit" to "credit" after the Drop/Add period is over for the term.

Residency Status

Residency status must be determined upon admission. In determining resident student status for the purpose of charging tuition, the burden of proof lies with the applicant for admission. The institution may request proof that the applicant meets the stipulations for in-state residency.

A student's residency status will be presumed for one full academic year of his/her most previous enrollment unless there is evidence that the student subsequently has abandoned resident status (for example, registering to vote in another state). A student failing to re-enroll within one full academic year must establish eligibility upon re-enrollment.

In-State Residency

The in-state tuition rate is established by the Alabama Community College System.

In order to be eligible for in-state tuition as a resident student, an applicant must meet one of the following criteria:

1. Has resided in the State of Alabama for at least 12 continuous months immediately preceding application for admission.
2. Is a minor whose parents, parent, or legal guardian has resided in the State of Alabama for at least 12 continuous months immediately preceding application for admission. If the minor's parents are legally separated or divorced, residence will be determined by the residency of the parent to whom the court has granted custody
 - Minor Dependent: A single individual less than 19 years of age and a married individual less than 18 years of age, but excludes an individual whose disabilities of non-age have been removed by a court

of competent jurisdiction for a reason other than establishing a legal residence in Alabama.

- Supporting Person: Either or both parents of the student, if the parents are living together, or if the parents are divorced or living separately, then either the parent having legal custody or, if different, the parent providing the greater amount of financial support. If both parents are deceased or if neither has legal custody, supporting person shall mean, in the following order: the legal custodian of the student, the guardian, and the conservator.
3. Determination of eligibility for in-state tuition shall be made by the institution by evaluating the presence or absence of connections with the State of Alabama. This evaluation shall include the consideration of the following connections:
- Payment of Alabama state income taxes as a resident.
 - Ownership of a residence or other real property in the state and payment of state ad valorem taxes on the residence or property.
 - Full-time employment in the state.
 - Residence in the state of a spouse, parents, or children.
 - Previous periods of residency in the state continuing for one year or more.
 - Voter registration and voting in the state; more significantly, continuing voter registration in the state that initially occurred at least one year prior to the initial registration of the student in Alabama at a public institution of higher education.
 - Possession of state or local licenses to do business or practice a profession in the state.
 - Ownership of personal property in the state, payment of state taxes on the property, and possession of state license plates.
 - Continuous physical presence in the state for a purpose other than attending school, except for temporary absences for travel, military service, and temporary employment.
 - Membership in religious, professional, business, civic, or social organizations in the state.
 - Maintenance in the state of checking and savings accounts, safe deposit boxes, or investment accounts.

- In-state address shown on selective service registration, driver's license, automobile title registration, hunting and fishing licenses, insurance policies, stock and bond registrations, last will and testament, annuities, or retirement plans.

4. Has graduated from an Alabama high school or has obtained a GED in the State of Alabama within three years of the date of his/her application for admission in accordance with the requirements set forth in the Code of Alabama.

A non-resident student, one who does not meet the standard of having resided in the State of Alabama for at least 12 continuous months immediately preceding application for admission, shall be charged the in-state tuition rate established by the State Board of Education if the student satisfies one of the following criteria, or, if the student is a dependent (as defined by the Internal Revenue Code), then the person supporting the student satisfies one of the following criteria under the following circumstances:

1. The student or the person(s) supporting the student is a full-time permanent employee of the institution at which the student is registering.
2. The student or the person(s) supporting the student can verify full-time permanent employment in Alabama and will commence said employment within 90 days of registration.
3. The student or the person(s) supporting the student is a member of the United States military on full-time active duty stationed in Alabama under orders for duties other than attending school, as required by ACT 2013-423.
4. The student or the person(s) supporting the student is an accredited member of a consular staff assigned to duties in Alabama.

Dual Enrollment/Dual Credit for High School Students

The Dual Enrollment/Dual Credit program allows high school students the opportunity to receive both high school and college credit. The program is restricted to qualified students in Alabama high schools and home schools which have signed a working agreement with Wallace Community College Selma.

Student Eligibility:

Criteria for student eligibility are developed by each individual school system and may be more restrictive than the minimum criteria that follow:

1. The student must have a 2.5 GPA or higher in completed high school courses;
2. The student must have written of his/her counselor and principal. In addition to the approval form, the student must provide a high school transcript – official or unofficial
3. The student must be in grade 10, 11, or 12.
4. All students in academic dual enrollment courses must provide appropriate ACT, SAT or placement test scores.

Continuous Eligibility

Students who meet the criteria for initial admission for a Dual Enrollment for Dual Credit program will maintain continuous eligibility so long as they earn a grade of C or better in all attempted college courses. Students who fail to meet this minimum grade requirement or who withdraw from a course will be suspended from the program for a minimum of one term. The one-term suspension may not be served during the summer. The student may not re-enroll until the suspension has been served. For re-entry, the student must reapply to the program and must meet the minimum grade point average requirements.

Available Courses:

Determination of the equivalencies of Wallace Community College Selma coursework is at the discretion of the high school system. In some cases, one 3-semester hour course equates to a full unit at the high school. However, a cross-walk of eligible courses has been developed to ensure that courses taken at the College warrant the awarding of secondary credit for post-secondary/ college coursework. Students should contact their high school counselor for information about specific course equivalencies.

Eligible courses include any college-level courses in English, Mathematics, Science, or Social Science; any career/technical courses; or any other courses agreed upon by the school system and the college. Students must meet the course prerequisites prior to enrollment. This program does not include physical education courses or any courses taken on an audit basis.

Prerequisites may be met by completion of the approved college placement exam and/or minimum levels on the ACT or SAT in English, Mathematics, and Reading.

Traditional financial aid is not available for students enrolled under the Dual Enrollment/Dual Credit program. Federal government regulations require students to have a high school diploma or GED to qualify for any form of financial aid. However,

Alabama families who are recipients of the fully-funded PACT Program may apply these funds towards Dual Enrollment/ Dual Credit courses.

Dual Enrollment Technology Scholarships:

Funds are available through a Workforce Development grant to provide scholarships to Dual Enrollment students in specific business and technical programs. These Dual Enrollment scholarship funds are available to eligible high school students participating in approved technology programs offered by Wallace Community College Selma. Programs designated as eligible for scholarship funding at Wallace Community College Selma include Drafting & Design, Electrical Technology, Industrial Maintenance, Welding, Computer Information Systems; and Patient Care Technician (PCT).

Student Eligibility for Dual Enrollment Scholarships:

The student must be in the 10th, 11th or 12th grade, have a 2.5 GPA or higher, and have approval from the high school principal and counselor or the homeschool director. All students receiving scholarships must meet established placement criteria each semester as determined by appropriate ACT, SAT or placement test scores. Approval from secondary school officials indicates that the student has demonstrated both academic readiness and social maturity. Each student who receives a Dual Enrollment Technology Scholarship must have declared a technical program of study and only those courses required for that program of study will be eligible for scholarship funds. Dual Enrollment technology scholarship funds may be used to cover not only the required technical courses but required English, math and science courses as well. Academic courses must be taken concurrently with the technical courses.

Accelerated High School Students

WCCS offers qualified high school juniors and seniors the chance to enroll in a special academic program. During the junior and senior years in high school, the student may take courses which fulfill college requirements. College courses earned through Accelerated High School program may not substitute for high school credit. Upon graduation from high school, the student may continue at WCCS or transfer the college credits to another postsecondary institution. An important point to remember is that the course content and teaching methodology of all classes is at the college level.

Students are eligible for the Accelerated High School Program if they meet the following criteria:

1. The student must have successfully completed the 10th grade.
2. The student must have completed any required high school prerequisites (for example, a student may not take English Composition until all required high school English courses have been completed).
3. The local principal or his or her designee must certify that the student has a minimum cumulative "B" average and recommend that the student is admitted to this program. A letter must be submitted each semester that the student attends the college.
4. WCCS will not officially award college credit to accelerated high school students until proof of high school graduation (an official transcript with a graduation date or proof of GED) is provided. In other words, college credits earned by the student and release of transcript information are held in escrow by the College until the student provides the necessary documents required for admission to the college.
5. Exceptions may be made to requirement number one for students documented as gifted and talented according to the standards included in the State Plan of Exceptional Children and Youth. Permission must be obtained from the Chancellor of the Alabama College System.

Students who attend a non-accredited high school must meet the criteria listed below:

1. Comply with items 1, 2, 3, and 4 noted above.
2. Provide ACT scores with a composite of at least 16 or an SAT score of 790.

Students who are home schooled are not eligible for the Accelerated High School Program unless they are under the auspices of a cover high school and can provide proper documentation of all items noted above. ***Students enrolled in the Accelerated High School Program are not eligible for Dual Enrollment Credit.***

Credit from Nontraditional Sources

Wallace Community College Selma provides an opportunity for students to earn a reasonable amount of credit toward the Associate Degree or Certificate through nontraditional means, such as experiential learning and prior learning assessment (PLA). While nontraditional credit applies toward a degree and certificate programs granted by the College, it should not be assumed that such credit will automatically be accepted by senior

institutions. Students are advised to consult a counselor to obtain information regarding policies at other colleges.

Not more than 25 percent of total credit required for any program may be awarded as a result of PLA. Credit for academic transfer courses awarded through PLA may only be awarded by examination or nationally recognized guidelines are listed below:

1. College Level Examinations Program (CLEP)

Wallace Community College Selma honors credit earned through CLEP examinations. A minimum score at or above the 50th percentile on both general examinations and subject examinations is required for specific course credit. Any exception to this policy must have prior approval from the Dean of Students. The policy of granting credit through CLEP at WCCS may differ from policies at other colleges. Check with a counselor/advisor at WCCS or other colleges to obtain additional information. WCCS does not administer CLEP tests. The student is responsible for having the scores sent to WCCS Office of Admissions and Records.

CLEP SUBJECT EXAMINATIONS

Examinations	50th Percentile Score	Course Credit	Equivalent. Awarded SH
American Government	50	POL 211	3
American History	49	HIS 201	3

Note: Any student enrolled in BIO 202 or BiO 220 will not be awarded CLEP credit for BiO 201.

2. Law Enforcement Academy Work

In accordance with Alabama Board of Trustees Policy 706.01, transfer credit may be awarded through portfolio review for certain non-traditional courses completed at specialized governmental training institutions such as Alabama law enforcement academies. Following successful completion of 9 SH of credit toward a standard certificate (CER), or short-term certificate (STC), a student may request a portfolio review by the Dean of Students and approval by the Dean of Instruction. The review process includes a detailed accounting of non-traditional course content, experiences, skills learned, continuing education units, transfer records, instructor credentials and employer records. Once the portfolio review process is completed and approved by the Dean of Instruction, a Prior Learning Credit document becomes part of the student's permanent academic record and the appropriate courses are recorded on the student's official college transcript.

A. Graduates of the Alabama State Trooper Academy are eligible for 15 semester credit hours in the following courses for prior learning experience:

CRJ 110 Introduction Law Enforcement	3 SH
CRJ 116 Police Patrol	3 SH
CRJ 216 Police Organization & Admin	3 SH
CRJ 220 Criminal Investigation	3 SH
PED Physical Education Activity Elective	3 SH

B. Graduates of the Alabama Police Academy are eligible for 9 semester credit hours in the following courses for prior learning experience:

CRJ110 Introduction to Law Enforcement	3 SH
CRJ116 Police Patrol	3 SH
PED Physical Education Activity Elective	3 SH

C. Graduates of the Alabama Corrections Academy are eligible for 9 semester credit hours in the following courses for prior learning experience:

CRJ 110 Introduction Law Enforcement	3 SH
CRJ 150 Introduction to Corrections	3 SH
PED Physical Education Activity Elective	3 SH

3. Defense Activity for Non-Traditional Education Service

Credit for courses taken while in the military will be evaluated according to nationally recognized guidelines or through other statewide programs identified by the department. Credit may be granted for any military service school or for any United States

Armed Forces Institute/Defense Activity for Non-Traditional Education Services (USAFI/DANTES) subject test that has been satisfactorily completed and is determined to have a course equivalent in the student's program major. Additional information on DANTES credit should be provided by the student and sent to WCCS Office of Admissions and Records.

4. Credit for Prior Experience:

Students who satisfactorily demonstrate knowledge of, or skills in, a program in which they are training may receive advanced standing credit which may result in early program completion. This applies to individuals who have prior work experience or vocational training, especially at the high school level. Credit may be granted only through the following methods:

1. Comprehensive Departmental Challenge Examination.
2. CLEP General or Subject Examinations. Students should contact the instructor of the program for which they are applying and/or the Office of Student Services for additional information.

5. Advanced Placement Test (AP)

Three or more semester hours of credit for the Advanced Placement Test will be given for a minimum score of three or higher on the subject tests. A maximum of 15 credits may be accepted through the AP Program for credit hours at the institution granting the degree. The student is responsible for having the scores sent to WCCS Office of Admissions and Records.

E-Learning

WCCS offers a number of E-Learning (Internet Based) courses in several academic disciplines. The content of each of these courses is identical to the content of traditional classroom courses because of requirements established by the Statewide Articulation and Reporting System (STARS), and the Southern Association of Colleges and Schools. Therefore, all WCCS E-Learning courses are transferable to senior colleges and universities. Students should refer to the listing of E-Learning course offerings in the schedule of classes.

E-Learning Attendance Verification

WCCS attendance verification requires all students enrolled in a distance education course to participate in an engaging activity within the first three days of class. Therefore, students must log in

to each course, read syllabi, and complete a syllabus quiz within the first three days of the course start date to prevent being removed from the course. Please note this activity is subject to change. Therefore, please be sure to read instructions in the Getting Started Module.

E-Learning Exam Policy

Students must schedule an appointment for Midterm and Final Exams for courses via the RegisterBlast link located in *Canvas*. No walk in appointments will be allowed. Students must be scheduled in order to test. (See exam schedules on your course Syllabus, on our Canvas course site, or the E-Learning Web page.)

- Students must report at the time and place for midterm and final exams according to their scheduled appointment.
- Students will be prohibited from coming into the testing room after 15 minutes of the scheduled exam time.
- To verify student identification, all students must bring a valid photo ID and sign in on the exam sign in sheet.
- To ensure academic integrity, all students must only bring a photo ID. No purses, cell phones, backpacks, smartwatches or other materials will be allowed in the testing room.
- Students are not required to pay any additional fees for online or distance learning courses, including charges associated with verification of student identity. However, students who enroll in distance education courses but do not test at Wallace Community College Selma or designated off site testing locations, may incur a proctoring fee as established by the selected testing facility. Proctoring fees vary by testing facilities. All proctoring fees are the responsibility of the student.

Independent Study Policy & Procedure

Policy: Under limited and extraordinary circumstances, a student may request permission to receive instruction via the means of an Independent Study class. In general, there are two conditions which must exist for a student to request an Independent Study. They are as follows:

- a. a specific course is required in a student's degree plan for that student to graduate;
- b. no other course is available during that term as an appropriate substitute for the required course.

Procedure: A request for an Independent Study class must be initiated by a student, not an instructor. In addition, the student must request the Independent Study in writing from a specific instructor citing the specific justification for the Independent Study. The instructor must make the request with written justification to the appropriate Department Chair. That request must then be approved by the Department Chair, the Dean of Instruction, and the President. If approved, the President will transmit approval to the Dean of Students office who will create the Independent Study section.

Following approval of the Independent Study course by the President, but before instruction begins, the instructor will provide the Department Chair and the Dean of Instruction with a course syllabus and a Plan of Instruction citing how and when course content will be delivered to the student. Upon successful completion of the course by the student, the instructor will timely provide the Department Chair and the Dean of Instruction with a summary report of all course activities and all evaluation instruments.

Forgiveness/Repeating Courses

Course forgiveness is implemented when a student repeats a course and the last grade awarded (excluding grades of W and WP) replaces the previous grade in the computation of the cumulative grade point average. The grade point average during the term in which the course was first attempted will not be affected. The official transcript will list the course and grade each time it is attempted.

When a student completes a course more than once, all grades for the course (excluding the first grade) will be used in computing the cumulative grade point average. Official transcripts will list each course in which a student was enrolled.

A student may repeat a course more than once, but that course may be counted only once toward fulfillment of credit hours for graduation.

NOTE: STUDENTS SHOULD CHECK FINANCIAL AID REGULATIONS REGARDING REPETITION OF COURSES

Academic Bankruptcy

Academic bankruptcy is the removal of one to three semesters of grades from the calculation of a student's cumulative grade point average (GPA). The following apply to any request for academic bankruptcy:

1. Academic bankruptcy is initiated by a written request from the student to the registrar/ records official.
2. Upon receipt of the student's request, the college will inform the student that an award of academic bankruptcy may impact his/her financial aid status.
3. Academic bankruptcy may only be declared once and may be applied to no more than three (3) semesters, which do not have to be consecutive.
4. The bankrupted courses and grades remain on the transcript but are not calculated in the student's cumulative GPA.
5. None of the coursework taken during a semester for which academic bankruptcy is declared, including hours completed satisfactorily, will be used to fulfill degree requirements.
6. Developmental courses successfully completed during a period of academic bankruptcy can be used to fulfill prerequisites.
7. To be eligible for academic bankruptcy, the student must have completed 12 semester credit hours of coursework at the college since the most recent semester for which the academic bankruptcy is requested. A grade of "C", "S", or higher is required in each course in 12 semester credit hours in the post-bankruptcy period.
8. When a student receives a declaration of academic bankruptcy, a permanent notation of "ACADEMIC BANKRUPTCY" will be reflected on the transcript for each semester affected.
9. Approval of the academic bankruptcy status at a college does not guarantee other institutions will honor that status. This determination will be made by the respective transfer institution(s).

Financial Information

The following fees are required for Academic and Technical Program Students:

TUITION & FEES 2018-19					
TUITION	TECH. FEE	FAC.REN. FEE	ACS RESERVE	TOTAL	
1	\$129.00	\$9.00	\$9.00	\$1.00	\$148.00

21	\$2,709.00	\$189.00	\$189.00	\$21.00	\$3,108.00
22	\$2,838.00	\$198.00	\$198.00	\$22.00	\$3,256.00
23	\$2,967.00	\$207.00	\$207.00	\$23.00	\$3,404.00
24	\$3,096.00	\$216.00	\$216.00	\$24.00	\$3,552.00
25	\$3,225.00	\$225.00	\$225.00	\$25.00	\$3,700.00

Other Fees

Late Registration Fee	\$25.00
Graduation Fee	\$20.00

Caps and gowns are ordered directly from the company by the students.

Parking Fine	Varies with violation
Library Fine (Overdue books) Daily Rate	\$.25
Replace I.D. Card Fee	\$5.00

Tuition and fees are due and payable at the time of registration. Students on scholarship, Pell Grant, or students whose tuition is being paid by a sponsoring organization must make prior arrangements with the offices of Student Services and/or Business Office in order to register for classes without immediate payment of fees.

E-Learning Exam Fees

Students are not required to pay any additional fees for online or distance learning courses, including charges associated with verification of student identity. However, students who enroll in distance education courses but do not test at Wallace Community College Selma or designated off site testing locations, may incur a proctoring fee as established by the selected testing facility. Proctoring fees vary by testing facilities. All proctoring fees are the responsibility of the student.

Special Charges

Some programs require special charges in addition to tuition and general fees. See specific programs (e.g., ADN and L.P.N.) for a listing of additional charges.

Tuition for Foreign Students

Each full-time or part-time student who is not a citizen of the United States shall pay tuition and

other institutional charges at 2.00 times the rate for an Alabama resident who is a citizen of the United States.

Tuition for Veterans

Official School Catalog Addendum – Terms
Beginning after 3/1/2019 (PL 115-251 Sec. 301)

The following individuals shall be charged a rate of tuition not to exceed the in-state rate for tuition and fees purposes:

- A Veteran using educational assistance under either chapter 30 (Montgomery G.I. Bill – Active Duty Program) or chapter 33 (Post-9/11 G.I. Bill), of title 38, United States Code, who lives in Alabama while attending a school located in Alabama (regardless of his/her formal State of residence) and enrolls in the school within three years of discharge or release from a period of active duty service of 90 days or more.
- Anyone using transferred Post-9/11 GI Bill benefits (38 U.S.C. § 3319) who lives in Alabama while attending a school located in Alabama (regardless of his/her formal State of residence) and enrolls in the school within three years of the transferor's discharge or release from a period of active duty service of 90 days or more.
- Anyone described above while he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the same school. The person so described must have enrolled in the school prior to the expiration of the three-year period following discharge or release as described above and must be using educational benefits under either chapter 30 or chapter 33, of title 38, United States Code.
- Anyone using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U.S.C. § 3311(b)(9)) who lives in Alabama while attending a school located in Alabama (regardless of his/her formal State of residence).
- Anyone using transferred Post-9/11 G.I. Bill benefits (38 U.S.C. § 3319) who lives in Alabama while attending a school located in Alabama (regardless of his/her formal state of residence) and the transferor is a member of the uniformed service who is serving on active duty.
- Anyone using educational assistance under chapter 31, Vocational Rehabilitation/ Employment (VR& E), also be charged the resident rate. Effective for courses and terms

beginning after March 1, 2019, a public institution of higher learning must charge the resident rate to chapter 31 participants, as well as the other categories of individuals described above. When an institution charges these individuals more than the rate for resident students, VA is required to disapprove programs of education sponsored by VA.

- The policy shall be read to be amended as necessary to be compliant with the requirements of 38 U.S.C. 3679(c) as amended.
- **Section 1005 of the Isakson and Roe Veterans Health Care and Benefits Improvement Act of 2020 (Public Law 116-315).** states that **effective 1 August 2021**, the requirement for covered individuals to enroll in a course at a public institution of higher learning within three years of being discharged to receive in-state tuition is removed.

The college will not charge VA students a late fee or deny access to classes, libraries, or other facilities because of the student's inability to meet their financial obligations due to the delayed disbursement of payment from the Department of Veterans Affairs.

Out-Of-State Tuition

Each full-time or part-time student who is not a resident of the State of Alabama shall pay tuition at 2.00 times the rate for an Alabama resident who is a citizen of the United States.

Withdrawals and Refunds Policy

Withdrawal Procedures

Students must officially withdraw in person by visiting a College counselor and completing a withdrawal form to be entitled to a refund of tuition and fees.

Students who officially withdraw and have never attended any class(es) are refunded the total tuition and other refundable fees. Students who officially withdraw and have attended class(es) are refunded tuition and refundable fees calculated from the actual date of withdrawal. Refunds are calculated based on the following schedule:

Complete Withdrawal Refund Schedule for Full Session

Complete Withdrawal during the first week:

– 75% of tuition and other institutional charges less a 5% administrative fee;

Complete Withdrawal during the second week:

- 50% of tuition and other institutional charges less a 5% administrative fee;
- Complete Withdrawal during the third week:
 - 25% of tuition and other institutional charges less a 5% administrative fee;
- Complete Withdrawal after the end of the third week:
 - No Refund.

Complete Withdrawal Refund Schedule for Mini-Session

- Complete Withdrawal for two class days:
 - 75% of tuition and other institutional charges less a 5% administrative fee;
- Complete Withdrawal for four class days:
 - 50% of tuition and other institutional charges less a 5% administrative fee;
- Complete Withdrawal for six class days:
 - 25% of tuition and other institutional charges less a 5% administrative fee;
- Complete Withdrawal after six class days:
 - No Refund.

Refund check(s) are made payable to the student and are mailed to the student's home address as recorded in the registration file. Financial Aid students are subject to the Return of Unearned Aid, Responsibility of the Student Policy.

Refund for Partial Withdrawal

Students who do not completely withdraw from the College but drop a class during the regular drop/add period are refunded the difference in tuition and fees paid and tuition and fees applicable to the reduced number of hours, including fees appropriate to the classes dropped. No refund is due to students who partially withdraw after the official drop/add period. Students who have not attended class by the fifth class day of a term are removed from that class. Students who have not attended any classes by the fifth class day will have their registration voided and will not be registered for that term. It is the students' responsibility to attend class. If an emergency should occur, students are to contact the Director of Admissions office, prior to the fifth day of a term.

Active Duty Military Withdrawal

Students who are active members of the Alabama National Guard or reservists or who are active duty military who are called to active duty in the time of national crisis may receive a full tuition refund at the time of withdrawal. If a National Guard student is receiving Title IV funding, a recalculation must be performed as required by Federal Title IV regulations, which could result in less than a 100% refund.

Administrative Fee

An administrative fee is not to exceed five (5) percent of tuition and other institutional charges, or \$100, whichever is lesser, shall be assessed for each withdrawal within the period beginning the first day of class and ending at the end of the third week of class or according to the guidelines for the session (full or mini).

Note:

All Refunds are in Compliance with Federal Regulations. The College is in compliance with Federal Regulations relative to a refund of tuition and other institutional charges for first time, first-term Title IV Recipients.

Ineligibility for Refund

Students who are withdrawn by the College for disciplinary reasons, non-payment of charges, or other similar reasons are not eligible for a refund.

Return of Title IV Funds

Treatment of Financial Aid for Complete Withdrawal

A Return of Title IV Funds calculation is processed for a student who meets the following conditions: receives grant funds (or who meets the conditions that may entitle the student to a late disbursement), begins attending classes, and completely withdraws from the term. The Return of Title IV Funds calculation is a policy of the United States Department of Education that determines the number of grant funds WCCS and/or the student are to return to a grant program. The term "Title IV Funds" refers to the Federal Financial Aid Programs authorized under the Higher Education Act of 1965 (as amended) that at WCCS include the following programs: Federal Pell Grants and Federal Supplemental Opportunity Grants (FSEOG).

The student's recalculated grant award amount is used in the Return of Title IV Funds calculation. The percentage of Title IV aid earned is found by dividing the number of calendar days completed by the time of withdrawal date by the number of calendar days in the term. If the student has completed more than 60% of the term, the student is considered to have earned 100% of the Title IV aid. The amount of Title IV aid earned is found by multiplying the amount of aid disbursed for the term plus what could have been disbursed by the percentage of Title IV aid earned. If the amount earned is less than the amount of aid disbursed, the difference must be returned. If the student earned more than what was disbursed, a late disbursement

may be due. If the amount earned equals the amount disbursed, no return and no disbursement are to be made.

WCCS returns the lesser of (a) the total amount of unearned aid or (b) an amount equal to the student's institutional charges multiplied by the percentage of aid unearned. The student is billed for funds returned by WCCS. The amount of aid WCCS is to return is then subtracted from the amount of Title IV aid to be returned to find the initial amount of unearned Title IV aid for the student to return. The total of Title IV grant that was disbursed and could have been disbursed for the payment period is multiplied by 50% to find the amount of Title IV grant protected. The amount of Title IV grant protected is subtracted from the initial amount of unearned Title IV aid for the student to return in order to find the amount of Title IV grant funds for the student to return. In the event of an overpayment, WCCS notifies the student, and the student must pay the Business Office.

Treatment of Financial Aid if a Student Stops Attending Classes or Earns No Passing Grades in a Term

A Return of Title IV Funds calculation is processed for a student who meets the following conditions: receives grant funds (or who meets the conditions that may entitle the student to a late disbursement), begins attending classes, and stops attending classes or earns no passing grades in a term. The Return of Title IV Funds calculation is described in the previous section "Treatment of Financial Aid for Complete Withdrawal."

1. At the midpoint, the college requires instructors to submit the names of students who have ceased to perform any academic-related activity. A correspondence is forwarded to those students who ceased attending recommending completion of the course or official withdrawal from the course to circumvent damaging GPA.
2. At the end of the semester, the determined withdrawal date for students who unofficially withdraw is calculated by the last date of attendance reported by the instructor. The instructor who assigns a final letter grade of "F" is required to provide a Last Date of Attendance (LDA) for each student when posting grades. The LDA will be used to complete the Return of Title IV calculations.

Refund for Alabama National Guard and Reservists called to Active Duty
Students who are active members of the Alabama

National Guard or reservists who are called to active duty in time of national crisis shall receive a full tuition refund at the time of withdrawal if such student is unable to complete the term due to active duty orders or assignment to another location.

RETURNS & REFUNDS

- **TEXTBOOKS**
 - A full refund will be given in its original form of payment if textbooks are returned during the first week of classes with original receipt.
 - With proof of a schedule change and the original receipt, a full refund will be given in its original form of payment during the first 30 days of classes.
 - No refunds on unwrapped loose-leaf books or shrink-wrapped titles which do not have the wrapping intact.
 - No refunds on Digital content once accessed.
 - Textbooks must be in original condition.
 - No refunds or exchanges without original receipt.
- **GENERAL READING BOOKS, NOOK® DEVICES, SOFTWARE, AUDIO, VIDEO, AND SMALL ELECTRONICS**
 - A full refund will be given in your original form of payment if merchandise is returned within 14 days of purchase with original receipt in original packaging.
 - Opened software, audio books, DVDs, CDs, music, and small electronics may not be returned. They can be exchanged for the same item if defective.
 - Merchandise must be in original condition.
 - No refunds or exchanges without original receipt.
- **ALL OTHER MERCHANDISE**
 - A full refund will be given in your original form of payment with an original receipt.
 - Without a receipt, a store credit will be issued at the current selling price.
 - Cash back on merchandise credits or gift cards will not exceed \$1.00.
 - No refunds on gift cards, prepaid cards, phone cards, newspapers, or magazines.
 - Merchandise must be in original condition.

Return of Unearned Aid—Responsibility of the College

The College must return the lesser of the amount of Title IV funds that are not earned by the student; or the number of institutional charges that the student incurred for the payment period multiplied by the percentage of funds that was not earned. The percentage not earned is determined by subtracting the percentage of Title IV aid earned from 100%. Because of this requirement by the United States Department of Education, the College Refund Policy does not apply to students who receive Title IV assistance. If a student receives a Pell and/or SEOG grant, regardless of who actually paid the tuition and fees, the return or refund created by the withdrawal according to provisions will be made to the Pell and/or SEOG grant programs subject to the maximum amount of the award for the payment period. Therefore, no sponsoring agency that pays tuition and fees (for a student who receives Pell and/or SEOG grants) will receive a refund if the student withdraws from the College until all monies due the Pell and/or SEOG grant programs have been returned.

Return of Unearned Aid—Responsibility of the Student

The student will be held responsible for all unearned grant aid that the College is required to repay to the United States Department of Education. The initial amount of unearned Federal Student Aid due from the student is determined by subtracting the amount returned by the College from the total amount of unearned Title IV funds to be returned. This is called the initial amount due from the student. The amount of grant overpayment due from a student is limited to the amount by which the original grant overpayment exceeds half of the total Title IV grant funds disbursed and could have been disbursed to the student. If a student completely withdraws or ceases to attend all classes before completing 60% of any term and has received Pell and/or SEOG grant funds— whether by check or charged tuition, fees, or books—and the College has to return any funds paid on behalf of the student, the student is responsible for repaying funds to the College.

TREATMENT OF OFFICIAL AND UNOFFICIALLY WITHDRAWAL DATE

The College follows United States Department of Education guidelines for the return of unearned aid. If the College has disbursed more aid than the student has earned, the money is returned within 45 days from the date of determination for official withdrawals and 30 days from the end of the payment period for unofficial withdrawals. If

the College has disbursed less aid than the student has earned, a post-withdrawal disbursement will be calculated.

Once a student begins and completes the official withdrawal process, official notification is provided to the Financial Aid Office. If required, an R2T4 is calculated. If a student has been disbursed more aid than earned, the student receives notification, and the college returns funds with the time frame for returns.

Treatment of Post withdrawal disbursement
George Corley Wallace State Community College does not participate in loans.

When George Corley Wallace State Community College determines that the total amount of the Title IV aid disbursed is less than the Title IV aid earned at the time of withdrawal, the student is notified within 30 days and a post-withdrawal disbursement is calculated. The difference between the two amounts will be treated as a post-withdrawal disbursement. The College will automatically credit the student's account with a late disbursement of Pell Grant and any other funds for current institutional charges (Tuition and fees). Excess funds will be refunded to the student. The post-withdrawal disbursement will be made within 45 days. If the amount earned equals the amount disbursed, no return or disbursement will be made.

Other Refunds – Barnes & Noble Bookstore

Textbooks

A full refund will be given in your original form of payment if textbooks are returned during the first week of classes with original receipt. With proof of a schedule change and original receipt, a full refund will be given in your original form of payment during the first 30 days of classes. No refunds on unwrapped loose-leaf books or shrink-wrapped titles which do not have the wrapping intact. No refunds on Digital Content once accessed. Textbooks must be in original condition. No refunds or exchanges without original receipt.

General Reading Books, Nook® Devices, Software, Audio, Video & Small Electronics

A full refund will be given in your original form of payment if merchandise is returned within 14 days of purchase with original receipt in original packaging. Opened software, audio books, DVDs,

CDs, music, and small electronics may not be returned. They can be exchanged for the same item if defective. Merchandise must be in original condition. No refunds or exchanges without original receipt.

All Other Merchandise

A full refund will be given in your original form of payment with an original receipt. Without a receipt, a store credit will be issued at the current selling price. Cash back on merchandise credits or gift cards will not exceed \$1. No refunds on gift cards, prepaid cards, phone cards, newspapers, or magazines. Merchandise must be in original condition.

Books and Supplies

To purchase books with any financial aid, including, but not limited to, Pell Grant, WIA, VA, and scholarships you must:

1. Have a valid student I.D. in hand.
2. Purchase on specified dates; usually no earlier than 5 business days before the first day of class. (Dates will be posted around campus.)

Scholarship students may only purchase books on one day each semester. Students will be notified in advance of the dates. Scholarship students must return all books at the end of each semester. Students who withdraw and who have purchased returnable books, and/or supplies from the bookstore and return the items in purchased condition by the end of the first week of the semester will be refunded the full purchase price. The one week limit is necessary in order to accommodate WIA, VA, and Title IV grant distribution requirements. WCCS Bookstore only refunds book purchases due to dropped or canceled classes, or timely withdrawal from a course. In order to return books for credit, a student must:

- Provide proof of drop or withdrawal from the course requiring books,
- Return book in original condition. If a book was purchased in plastic wrapper, the student will not receive a refund for the full price if it is opened.
- Present original bookstore receipt.
- Present valid student I.D.

WCCS Bookstore purchases books at the end of fall and spring semesters during the week of full session finals. WCCS Bookstore pays up to fifty (50) percent of the book's purchase price before tax. The bookstore will not buy back books which:

- Have pending new editions.

- Are overstocked.
- Are damaged beyond normal wear and usage.

Note: Books must be sold back with original components. WCCS Bookstore will not give out buyback information over the phone or without actual book being sold present. WCCS Bookstore does issue cash for purchased books and a valid student I.D. is required at the time of buyback.

Academic Policies

Academic Grading System

Letter grades are assigned according to the following system for all courses for which students have registered except courses in the Associate Degree Nursing Program, Patient Care Technician Program, and the Licensed Practical Nursing Program.

A - Excellent	(90-100)		A=	4 quality points per hour
B - Good	(80-89)		B=	3 quality points per hour
C - Average	(70-79)	W- Withdrawal	C=	2 quality points per hour
D - Poor	(60-69)	I - Incomplete	0=	1 quality points per hour
F-Failure	(Below 60)	AU - Audit	F, S, & U=	0 quality points per hour

The student's academic standing (grade-point average or GPA) is obtained by dividing total number of quality points by the total number of semester hours attempted; for each course, multiply credit hours by the number of quality points earned by your grade.

Satisfactory grades are A, B, and C. Senior colleges and universities may not grant credit for a course in which the student has made a grade of D and never for an F. A grade of Incomplete (I) is assigned when the quality of completed work has been passing, but the student has been prevented by illness or other justifiable cause from completing the required work or taking the final examination. A student who must miss a final examination has the responsibility of notifying the instructor prior to the examination or as soon as possible thereafter, and of furnishing acceptable evidence concerning the cause of absence. If the cause is serious illness, the student should present to the instructor a statement signed by the attending physician. A grade of Incomplete must be cleared by the 50% point of the next semester. If not so done, the "I" becomes an "F."

Academic Honors

The College recognizes superior scholastic achievement by compiling the President's List and the Dean's List at the end of each regular term. The President's List recognizes students who scheduled 12 or more semester hours and who have a grade-point average of 4.00. The Dean's List recognizes students who scheduled 12 or more semester hours and who have a grade-point average of 3.50 to 3.99.

Attendance Policy (Absences)

Students are expected to attend each class session, to arrive on time, and to remain for the entire class session. Faculty may record attendance from the first class meeting. However, it is the student's responsibility to keep track of their class attendance. The instructor is not required to notify the student when the student has been excessively absent. Frequent absences, regardless of the reason or circumstance, may interfere with the student's ability to successfully complete the requirements of the course. In such cases, the student should withdraw from the class before the last date to drop with a grade of "W." Withdrawal from a class may affect eligibility for federal financial aid. Students should contact the Office of Financial Aid for information concerning federal financial aid issues.

When a student is absent from class, the student is responsible for all material covered in class and for any assignments made in class. The instructor is not required to review with the student any material missed as a result of being absent, nor is the instructor required to notify a student if a student is in danger of a lowered grade due to any graded work missed. The instructor is not required to provide an opportunity for make-up. The instructor's policies regarding attendance issues (including make-up work) shall be clearly defined in the syllabus to be distributed on the first day of class. Attendance requirements in career/technical programs may differ from (and be more restrictive than) this policy.

Absences for Approved College Activities

Absences for students participating in official College activities that have been approved by the President or his designee will be excused upon receipt of written notification from the appropriate coach or sponsor. This notification will meet the following guidelines:

1. Notification must be given to the instructor prior to the absence(s); and

2. Notification must state the time frame of the activity including, specifically, the time for which the student must leave for the activity and when the student will return to campus.

It is the responsibility of each student engaged in approved College activities to make arrangements to complete any missed assignments, examinations, or other course requirements, at a time convenient for the instructor.

Standards of Progress (Academic Probation and Suspension)

These standards of progress shall apply to all students unless otherwise noted. Exceptions: Programs within the institution which are subject to external licensure, certification, and/or accreditation or which are fewer than two semesters in length may have higher standards of progress than the institutional standards of progress.

1. Selected transfer students will be placed on Academic Probation upon admission and must transition to these standards of academic progress.
2. Special standards of academic progress have been established for students enrolled in institutional credit courses carrying optional grades and for students who wish to remain eligible to receive Title IV financial aid.

A. Standards of Progress Policy

Required GPA levels for students according to number of hours attempted at the institution:

1. Students who have attempted 12 - 21 credit hours at the institution must maintain a 1.5 Cumulative Grade Point Average.
2. Students who have attempted 22 - 32 credit hours at the institution must maintain a 1.75 Cumulative Grade Point Average.
3. Students who have attempted 33 or more credit hours at the institution must maintain a 2.0 Cumulative Grade Point Average.

B. Intervention for Student Success

When a student is placed on Academic Probation, One Semester Academic Suspension, or One Calendar Year Academic Suspension, college officials may provide intervention for the student by taking steps, including but not limited to, imposing maximum course loads, requiring a study skills course, and/or prescribing other specific courses.

C. Changes in Program of Study

During matriculation at Wallace Community College Selma, a student may change his/her major program of study only three (3) times.

D. Application of Standards of Progress

1. When the Cumulative GPA is at or above the GPA required for the total number of credit hours attempted at the institution, the student's status is "Clear".
2. When a student's Cumulative GPA is below the GPA required for the number of credit hours attempted at the institution, the student is placed on Academic Probation.
3. When the Cumulative GPA of a student who is on Academic Probation remains below the GPA required for the total number of credit hours attempted at the institution but the Semester GPA is 2.0 or above, the student remains on Academic Probation.

When the Cumulative GPA of a student who is on Academic Probation remains below the GPA required for the total number of credit hours attempted at the institution and the Semester GPA is below 2.0, the student is suspended for one semester. The transcript will read **Academic Suspension – One Semester**. When the Cumulative GPA is at or above the required GPA for the total number of credit hours attempted at the institution, the student's status is "Clear."

4. The student who is suspended for one semester may appeal. If, after appeal, the student is readmitted without serving the one-semester suspension, the transcript will read **Academic Suspension – One Semester/ Readmitted Upon Appeal**. The student who is readmitted upon appeal re-enters the institution on Academic Probation. The student who serves one semester on academic suspension re-enters the institution on Academic Probation.
5. A student who is on Academic Probation after being suspended for one semester (whether the student has served the suspension or has been readmitted upon appeal) without having since achieved clear academic status and whose cumulative GPA falls below the level required for the total number of hours attempted at the institution but whose semester GPA is 2.0 or above will remain on Academic Probation.

6. A student who is on Academic Probation after being suspended for one semester (whether the student has served the suspension or has been readmitted upon appeal) without having since achieved Clear academic status and whose Cumulative GPA remains below the level required for the total number of hours attempted at the institution and whose Semester GPA is below 2.0 will be suspended for one calendar year. The transcript will read **Academic Suspension – One Year**.
7. The student suspended for one calendar year may appeal. If, upon appeal, the student is readmitted, the transcript will read **Academic Suspension–One Year/ Readmitted upon appeal**.
8. The student who is readmitted upon appeal re-enters the institution on Academic Probation. The student who serves the calendar suspension re-enters the institution on Academic Probation.

All applicable academic designations except Clear will appear on the student's transcript.

E. The process of Appeal for Readmission

A student may be considered for readmission after suspension only upon appeal to the Grievance and Appeal Committee. The Grievance and Appeal Committee consists of the Dean of Instruction, the Dean of Students, the Student Support Services Counselor, the President of the Student Government Association, and a member of the Student Government Association.

Maximum Course Loads

The minimum load for a regular full-time student is 12 hours. Students who wish to pursue more than 19 semester hours must receive approval for an overload (a signed Overload Permission Form) from the Dean of Instruction. No student shall be permitted to pursue more than 24 semester hours in any one term for any reason. Students with less than 2.0 GPA for the preceding semester may schedule a maximum of 19 semester hours.

In order for a student to be considered a dependent for health insurance purposes, insurance companies require that the student be enrolled as a full-time student—i.e., enrolled in at least 12 semester hours each semester.

Academic Schedule Changes

1. **Drop/Add** A student who has a justifiable reason for making a schedule change may do so during the official change in registration period by (1) reporting to the Office of Student Services for course changes, and (2) reporting to the Business Office to pay additional fees, or request a refund (if applicable).
2. **Audit** Students may apply to audit one or more courses without credit. The same registration procedure is followed as for courses bearing credit and the same fee is charged as for courses bearing credit. Students registered for credit may change to audit at any time through the first three weeks of the semester. No change from credit to audit will be permitted after this date. Changes must be made with the instructor and the Dean of Instruction. Students who choose to change from credit to audit are expected to attend classes in the same manner as students who are taking the class for credit, and audit students must perform normal class activities. The only exception to this is that the audit student is not required to take the final examination. If the audit student does not perform class activities assigned to him by the instructor, the instructor may change the grade from Audit to F on the final grade report. A student may audit an ADN course only after successfully completing that course.

Withdrawal from a Course

1. **Non-Health-related Programs** A student who wishes to withdraw from a course after the official drop/add period may do so only by completing and signing an official Withdrawal Form in the Office of Student Services. Students who complete this Form will receive a grade of "W." A student may withdraw from a course without prejudice until the 80% point of the term. After this date, the student will receive a grade of "F."
2. **Health-related Programs** (ADN, LPN, PCT). The withdrawal policy for each health-related program is carefully defined and described in the respective program handbook. Please refer to the handbook of the specific health-related program for detailed withdrawal information.

Withdrawal from the College

A student may completely withdraw from the institution up to two weeks prior to final exams by completing a Withdrawal Form from the Office of Student Services.

Student Records Policy

All students and parents should be aware of the provision of Public Law 93-380, the Family Education Rights and Privacy Act of 1974, also known as "The Buckley Amendment." Under the provision of this law, all students and former students of Wallace Community College Selma have the right to inspect their official educational records in the Office of Student Services. This right of inspection does not apply to any information submitted to this office as confidential prior to January 1, 1975. Parents or guardians of a student may not see records nor receive any grades unless the student specifically designates that his/her records and /or his/her grades may be made available to the parents or guardians. Grades are mailed to the address indicated by the student on the registration form. Information classified as "Directory Information" may be released by Wallace Community College Selma unless a student specifically informs the Office of Student Services at the beginning of each semester of his/her desire to be excluded in a directory. "Directory Information" includes the following:

1. Name, address, telephone listing
2. Date and place of birth
3. Major or minor fields of study
4. Participation in officially recognized athletics and other activities, including weight and height of members of athletic teams
5. Dates of attendance
6. Degrees and awards received
7. The most recent previous educational institution attended

Wallace Community College Selma may release students' education records to the following without prior written consent:

1. College officials who have a legitimate education interest in the records. College officials are defined as instructors, administrative personnel, and other employees, who in the performance of their normal duties require access to students' records. If college officials are required for the performance of the duties to review the educational records of a student, this will be considered to be a legitimate educational interest.
2. Government representatives of the Comptroller General of the United States, the Secretary of Human Resources, the U.S. Commissioner of Education, the Director of the National Institute of Education, the Assistant Secretary of Education, State educational authorities, and

State officials to which such information is specifically required to be reported or disclosed by State law adopted prior to November 19, 1974.

3. Accrediting organizations to carry out their accrediting functions.
4. To comply with a judicial order or lawfully issued subpoena with the understanding that the student will be notified in advance insofar as possible.
5. Appropriate parties to protect the health and safety of students or other individuals in emergencies with the understanding that information be released to a party who would be in a position to deal with the emergency, and that the student will be notified insofar as possible of the information released, the purpose for the release, and to whom the information was released.
6. For additional information see the Student Handbook.

Photographs and/or video was taken by the institution, or on behalf of the institution, remain college property and may be distributed for publications, newspapers, commercials, student newspapers or yearbooks, or other appropriate sources unless the student signs a request for non-disclosure form in the Admissions Office.

Student Transcript Policy

The transcript policy of Wallace Community College Selma includes the following:

1. In compliance with the Family Education Rights and Privacy Act, Wallace Community College Selma does not release transcripts of a student's work except upon the student's written request.
2. Official transcripts are sent to institutions, companies, agencies, etc., on the student's written request.
3. Official transcripts will not be issued to the individual student; however, the student may request an unofficial transcript from the Office of Student Services, or the student may print an unofficial copy from the WCCS website. An unofficial transcript does not bear the college seal.
4. Transcript requests are processed as they are received. Requests should be made at least two weeks prior to need.
5. There is no charge for transcripts. Written transcript requests should be sent to

Wallace Community College Selma
Office of Student Services
P. O. Box 2530
Selma, AL 36702-2530

Be sure to include name, dates of attendance, social security number, and address to which transcript is to be sent.

NOTE: (Students with name changes should include all former names.)

6. The Office of Student Services does not issue or reproduce transcripts from other institutions. Requests for transcripts of coursework completed at another institution must be directed to the institution concerned.
7. Transcript requests may be denied for students who have a financial obligation to the college.

Non-Traditional Class Hours

To meet the needs of our students, the number and variety of traditional and non-traditional (E-Learning) classes have been expanded to provide greater flexibility in scheduling. While the majority of College course offerings occur at traditional times (Monday through Thursday, 8:00 a.m. to 3:15 p.m. and 8:00 a.m. to 2:15 p.m. on Fridays), the College makes no assurance that all courses needed to complete a given curriculum will be offered during traditional hours. Availability of laboratory facilities, adjunct faculty, and external training sites may require that certain courses be offered in the evening or on weekends. Any student who is concerned about evening or weekend class attendance should consult with appropriate program faculty before enrollment.

General Education Student Learning Outcomes

General Education is that part of the total educational program, as distinguished from vocational or occupational education, which seeks primarily to develop student skills, knowledge, attitudes, and values to provide for effective personal and family living and responsible citizenship in a democratic society. Upon successful completion of certain General Education and technical courses, the student will have acquired the skills and abilities described in the General Education Student Learning Outcomes listed below. A more comprehensive list of General Education outcomes may be found in specific course syllabi. The General Education Student Learning Outcomes for all certificate and degree programs (AA, AS and AAS) at Wallace Community College Selma are:

- **Student General Education Learning Outcome I – Critical Thinking:**
Students will demonstrate the ability to think critically and effectively by identifying the risk associated with making and implementing decisions.
- **Student General Education Learning Outcome II – Communicate Effectively:**
Students will demonstrate oral and written communication that is characterized by clarity, critical analysis, logic, coherence, persuasion, and rhetorical awareness.
- **Student General Education Learning Outcome III – Ethical Reasoning:**
Students will be able to recognize ethical issues and behaviors and contribute ethically to the personal, professional and social context in which they live.
- **Student General Education Learning Outcome IV – Computer Literacy:**
Students will demonstrate the basic computer skills necessary to function effectively in a technological society.
- **Student General Education Learning Outcome V – Diversity:**
Students will be able to express ideas, identify behaviors, and actualize practices that promote social justice and equity. Students will be able to articulate ideas and exhibit behaviors that cultivate teamwork, critical thought, and communication to function in a diverse workforce and global community.

Student Support Services Program

This institution recognizes that students enter college with various levels of academic preparedness and that all students are not equally prepared for traditional college-level study. The Student Support Services Program funded by the federal government and the College is designed to help students whose placement scores indicate a need to strengthen reading and English skills prior to their enrolling in selected college-level courses or technical programs.

Students are placed into the Student Support Services Program following basic skills evaluation. The academic needs of students are assessed individually, and those services needed are provided. The following services are available to the student: developmental classes in English and reading, tutorial assistance, counseling, academic advising, and cultural enrichment activities. Students in the Student Support Services Program may enroll in traditional college courses upon successful completion of prerequisite courses.

Types of Awards

Wallace Community College Selma is empowered by the Alabama Board of Trustees to award both associate degrees and certificates. WCCS awards the Associate in Arts Degree and the Associate in Science Degree to individuals whose primary educational objective is to transfer to a senior college or university. In addition, the College awards the Associate in Applied Science Degree, the Standard Certificate and the Short Term Certificate to individuals desiring to pursue a career/technical program of study leading to a specific occupational objective.

Basic Associate Degree Requirements

A student shall be awarded the Associate in Arts, Associate in Science, or the Associate in Applied Science degree upon the satisfactory completion of the requirements of the specific program as specified by Wallace Community College Selma. Degrees are awarded on an annual basis after the completion of spring semester.

Upon a student's completion of 45 semester credit hours, the Office of Student Services will contact the student regarding graduation eligibility. The student must schedule a pre-graduation conference during which an evaluation of academic status will be conducted. It is the responsibility of the student to apply for graduation and comply with the following minimum standards:

1. Satisfactorily complete a minimum of 60 semester hours of college credit in an approved program of study, including prescribed general education courses.
2. All first time enrolled freshmen must take a College Orientation 101 class
3. Earn a 2.0 cumulative grade point average in all courses attempted at the College. A course may be counted only once for purposes of meeting graduation requirements. Only courses numbered 100 or above will be counted toward graduation.
4. Complete at least 25 percent of semester credit hours at the college granting the degree.
5. Meet all requirements for graduation within one calendar year from the last semester/term of attendance.
6. All certificate and degree-seeking students will demonstrate computer literacy by either integral curriculum content (e.g., ELT 231, DDT 104, CIS 146, NUR 204, etc.), or by completing one or more of the following courses: CIS 130, CIS 146, ENG 100, ENG 101, or any E-learning course.

7. Fulfill all financial obligations to the College.
8. The Dean of Instruction shall approve the formal award when the student meets all requirements for graduation satisfactorily.
9. Receive approval by the President.

Basic Standard Certificate Requirements

In certain occupational areas, a student may be granted an award other than a degree (i.e., a certificate) upon satisfactory completion of the requirements of the specific program. The College's certificate-only programs include Cosmetology, Cosmetology Instructor Training, Criminal Justice, Masonry/Building Trades, Licensed Practical Nursing, Nursing Assistant, and Welding. In order to be awarded a Certificate by this College, a student must:

1. Satisfactorily complete an approved program of study.
2. All first time enrolled freshmen must take a College Orientation 101 class
3. Earn a 2.0 cumulative grade point average in all courses attempted at the College. The calculation of the grade point average for graduation shall not include grades earned in developmental courses. Courses may be counted only once for purposes of meeting graduation requirements.
4. Complete at least one-half of the total semester credit hours required in the program at this College.
5. Be enrolled during the semester in which the award is earned or, with the approval of the Dean of Students and within a calendar year of the last semester of attendance, transfer from a regionally accredited institution no more than the last six semester hours required for completion of the program, with a minimum grade of "C" in the courses transferred.
6. Complete a formal application for a Certificate.
7. Fulfill all financial obligations to the College.

Senior College Transfer Programs

The Associate in Arts and Associate in Science degrees are often referred to as "transfer degrees" because they are primarily designed to prepare the student for transfer into a baccalaureate program at a senior college or university. However, since acceptance of transfer credits is ultimately determined by the senior institution, students planning to transfer must consult their advisor at this College as well as the catalog of the institution to which they are planning to transfer to ensure that

credit courses from this College will transfer to the senior college. Students are advised that they should establish contact with a counselor at the senior college to which the student intends to transfer. Students are also advised that it is usually to their advantage to complete all the requirements for an appropriate associate degree at Wallace Community College Selma and graduate prior to transferring to a senior college in order to best ensure transfer to that institution with junior standing.

For the freshman and sophomore years, the nature and number of pre-professional courses required vary among universities and colleges. Students who have determined which profession or occupation they plan to enter should study the list of courses prescribed by the four-year college they plan to attend. It is the student's responsibility to become familiar with the requirements of the four-year college.

Transfer Credit Disclaimer

Students Please Note: Some courses taught at Wallace Community College Selma are not designed for transfer credit to four-year colleges and universities. If transfer to a four-year institution is planned, it is necessary to follow a prescribed program of study designed to transfer in order to prevent loss of course credit upon transferring.

Alabama Articulation Program (Stars)

The Alabama Articulation Program (also called STARS– Statewide Articulation Reporting System) is a computerized articulation and transfer planning system designed to inform students who attend Alabama's public community colleges about degree requirements, course equivalents, and other transfer information pertaining to specific majors at each state funded four-year institution. STARS is an efficient and effective way of providing students, counselors, and educators with accurate information upon which transfer decisions can be made. STARS is the information link between the state's public two-year and four-year institutions. The STARS database, if used properly, can prevent the loss of coursework and can ease the transition from one institution to another. Students who are interested in receiving a STARS "Transfer Guide & Contract" should contact:

Office of Student Services
(334) 876-9302

Credit Hour Equivalencies

There are six general categories of instruction: (1) Theory, (2) Experimental Laboratory, (3) Practical Application Laboratory, (4) Skills Laboratory, (5) Preceptorship, and (6) Internship.

1. **Theory.** Theory instruction is the term which will be used to include lecture, recitation, discussion, demonstration, seminar, and other standard classroom instruction. Theory instruction is under the direct supervision of an instructor. Ratio: 1:1 (one hour of credit for one hour of theory instruction as defined.)
2. **Experimental Laboratory.** Instruction focused on experimentation in a classroom, laboratory, or studio through teacher-assisted, hands-on learning experiences. Experimental laboratory instruction is generally under the direct supervision of an instructor. Ratio: 2:1 (one hour of credit for two hours of experimental instruction) or 3:1 (one hour of credit for three hours of experimental instruction).
3. **Practical Application Laboratory.** Practical application laboratory involves the development of manual skills and job proficiency and is under the direct supervision of an instructor. Ratio: 2:1 or 3:1, depending on the program. (One hour of credit for two or three hours of practical application instruction).
4. **Skills Laboratory.** Experience-based instruction focused on real-world activities, generally in healthcare and service occupation programs. Clinical Practice is under the direct supervision of an instructor. Ratio: 3:1 (one hour of credit for three hours of clinical practice instruction).
5. **Preceptorship.** Advanced experience-based instruction, under the supervision of a licensed health care professional, for the purpose of enhancing occupational competencies. The instructor must be readily available for consultation with the healthcare professionals. Ratio: 3:1 or 5:1 (one hour of credit for three or five hours of preceptorship instruction).
6. **Internship.** Internship is the term used to include cooperative education, apprenticeships, practicums, and sponsored work instruction. Internship involves the development of job skills by providing the student with a structured employment situation that is directly related to, and coordinated with, the educational program. Student activity in internship is planned and coordinated jointly by an institutional representative and the employer, with the employer having the responsibility for control

and supervision of the student on the job. Ratio: 5:1 (one hour of credit for five hours of internship instruction).

Degree Programs

Associate in Arts (AA) Generic Degree Requirements

The Associate in Arts degree program is intended to meet the needs of students who plan to transfer to a senior institution and pursue a course of study in a liberal arts area. This is a planned university-parallel program designed to meet the requirements of the first two years of a Bachelor of Arts degree.

The primary purpose of the Associate in Arts Program is to serve as a curriculum for individuals intending to transfer to a four-year college or university to pursue a bachelor's degree in fine arts, humanities, law, foreign language, social sciences, and education-related disciplines. Secondarily it serves as a General Studies curriculum for students who are interested in a liberal arts baccalaureate education but have not yet made a firm decision with respect to their baccalaureate major. Area V requirements vary with individual four-year institutions; thus, students must obtain an approved university parallel (STARS) plan from the appropriate academic advisor.

Semester Hour (SH) Distribution Requirements by Academic Area* / SH

Area I: Written Composition / 6

- Must Complete Written Composition I and II (ENG 101 and ENG 102)

Area II: Humanities and Fine Arts / 12

- Must complete 3 semester hours in Literature**
- Must complete 3 semester hours in the Arts
- Must complete 3 semester hours in oral communications (SPH 106 or 107)
- Must complete 3 additional semester hours in humanities

Area III: Natural Sciences & Math / 11

- Must complete 3 semester hours in Math at the Pre-calculus Algebra or Finite Math Level
- Must complete 8 semester hours in the Natural Sciences which must include one laboratory experience

Area IV: History, Social, and Behavioral Sciences / 12

- Must complete 3 semester hours in History**
- Must complete at least 9 semester hours from among other disciplines in the Social and Behavioral Sciences

Area V: Pre-Professional, Pre-Major, and Elective Courses / 19-23

- Must complete additional Associate in Arts Degree courses appropriate to the degree requirements and the intended baccalaureate major of the individual student ***

Semester Credit Hour Total in Areas I-V of the AA Program / 60-64

NOTES

* Requirements in one area do not satisfy or substitute for requirements in another area.

** Students must complete a six semester hour sequence either in literature or history. The sequence in Area II in literature, or Area IV in history, should be determined by the requirements of the student's intended major and transfer plans.

*** Respective programs of study for bachelor's degrees at Alabama public universities range from 120 to 128 semester credit hours in length. Dependent upon the total hours allocated for the bachelor's degree, institutions in The Alabama College System are only authorized to provide only (i.e., transfer) fifty (50) percent of that total (60-64).

Type: A.A.

Career Preparation

Adult Education

The Adult Education Program provides a career pathway to adults who wish to earn their GED or high school diploma, to obtain their Career Readiness Certificate, and to acquire basic skills necessary to gain employment and to enter post-secondary education. The program offers tutoring, mentoring, employment skills training, and career counseling. Adult Education classes are offered day, night, and online in various locations throughout Dallas, Chilton, Lowndes, and Perry counties. Students must attend orientation. For more information, call (334) 876-9369.

GED Testing

The Adult Education Program offers GED testing as a service to the residents of Alabama. To take the GED test a person must register at www.ged.com prior to the test date, be at least 17 years of age, and not enrolled in school. Persons 17 years of age must have an Exit Interview Form from the last school attended and a notarized permission letter from a parent or guardian. For more information, call (334) 876-9369.

Training for Business and Industry

Training for Business and Industry provides courses exclusively for the benefit of a specific company or coalition of companies. Course content is designed to meet specific training objectives that the company has agreed to as being significant to its enterprise. Course enrollment is limited to individuals whose participation has been recommended or required by the client company. Training for Business and Industry courses can be provided through customized course alternative or by regular course alternative. All courses offered are strictly non-credit. Additional information on the Training for Business and Industry Program can be obtained by calling 334-876-9413.

Skills Training Division

The Skills Training Division has been established to assist non-traditional college students in obtaining the basic and/or occupational skills necessary to obtain a job in the shortest period possible. The programs are non-credit, non-degree awarding programs. For more information call 334-876-9393.

Educational Talent Search

Educational Talent Search is a federally funded program designed to assist students in grades 6-12 and out-of-school students in the Selma City, Dallas and Perry County School Systems with the completion of their secondary or postsecondary education. For more information call 334-876-9297.

Community Education

The Community Education program covers the non-credit courses offered by the community college to meet the needs of the community. Registration is open to all individuals who have a desire for knowledge and an interest in a course. The Community Education non-credit courses are offered on a regular basis with a core offering of regular subject areas. Additional subjects are offered each semester to meet the requests of groups or individuals of the community. These courses do not

carry credit hours but are given continuing education unit value. The continuing education unit (C.E.U.) is defined as ten contact hours of participation in an organized continuing education experience offered by the community college under the capable direction of qualified instructors. The C.E.U. is used as a method of recording and recognizing participation by citizens of the community in an organized program of self-improvement. The general policies as to course offerings, C.E.U. values and instructor qualifications are determined by the Community Education Advisory Committee. Specific course offerings are determined by community surveys, community interests as reflected by individual requests, or requests from business, industrial, civic, and cultural groups of the community. Instructors are generally members of the community who are recognized for their expertise in a specific area or subject, and who are able to impart this knowledge in an acceptable manner. Wallace Community College Selma receives no state funds to provide Community Education classes.

Course Topics are published each semester via WCCS website, local newspaper and other forms of advertisement.

B.S., University of Montevallo
M.A., University of Montevallo

Ford, Monique
Simulation/E-Learning Technical Specialist

A.S., Wallace Community College Selma
B.S., University of Alabama Tuscaloosa
M. Ed, Auburn University Montgomery

Ford, Sabrina
Nursing Instructor (ADN)
A.A.S., Wallace Community College Selma
B.S.N., Jacksonville State University
M.S.N., University of Alabama, Tuscaloosa

Goings, Ghytana
Mathematics Instructor/ Arts & Sciences Dept. Chair
B.S., Alabama State University
M.Ed., Alabama State University

Goodwin, Pamela
Nursing Instructor
B.S., Auburn University Montgomery
M.S., South Alabama

Gordon, Alfreda
Nursing Instructor
A.A.S., Wallace Community College Selma
B.S.N., Kaplan University

Gordon, Rachel
Student Support Services Transfer Counselor
B.A., University of South Alabama
M.S.C., Troy University at Montgomery

Griffin, Calvin J.
Welding Instructor
B.B.A., Faulkner University
M.S.M., Faulkner University

Hannah, Marilyn Bennett
Business and Economics Instructor
B.S., Faulkner University
M.S., Faulkner University
D.B.A., Northcentral University

Hatcher, Tyrone
CDL Instructor (Selma)

Henderson, Kerry E.
Business Education Instructor
B.S., Auburn University at Montgomery
M.B.A., Auburn University at Montgomery

Hobbs, David
Drafting Instructor
A.A., Enterprise State Junior College
B.S., Industrial Design, Auburn University

Jackson, Veronica
Nursing Instructor (LPN)

B.S.N., Auburn University at Montgomery
M.S.N., South University
D.N.P., Samford University

Jones, Connie
Computer Information Systems Instructor
B.S., Alabama A & M University
M.S., Troy University at Montgomery

Kennedy, Regina
AMSTI High School Math Specialist
B.S. Stillman College
M.S.C.E University of West Alabama
Ed. D., Nova, Southeastern University

Kidd, Anessa
Financial Aid Director
B.S., Alabama State University
M.S., Troy University at Montgomery
Ed. S., Walden University

Kimbrough, Brandon
Welding Instructor

King, Glenn
Director of Workforce Development
A.A.S., Wallace Community College Selma
B.S., Concordia College Selma
M.S., Troy University at Montgomery
Ph.D., Walden University

Laister, Shirley Wilson
Cosmetology Instructor
A.A.S., Wallace Community College Selma
B.S., Athens State University

Lee, Kateri
Biology Instructor
B.S., Stillman College
M.S., Alabama State University

Lewis, Jarrin
Welding Instructor
A.A.S., Wallace Community College Selma

Logan, Shuntelra
Advising Coordinator
B.S., Alabama State University
M.S., Alabama State University

Maness, Joshua
CDL Instructor (Demopolis)

Melton, Christy
Clinical Associate (LPN)
B.S.N., University of Alabama, Birmingham
M.S.N., South University

Miller, Pearlie
Nursing Instructor (LPN)
B.S.N., University of Alabama at Birmingham
M.S.N., Troy University at Montgomery
D.N.P., Troy University

Moore, Kathy J.
Adult Education Coach/Counselor
A.S., Gadsden State Community College
B.S., University of Maryland
M.S.C., Troy University
M.S. HRM, Troy University

Moss III, Johnny
Marketing & College Relations
B.S., Tuskegee University
M.B.A., Troy State University at Montgomery

Moultrie, Jacqueline
Nursing Instructor

Owens, Holly
Biology Instructor
B.S., Stillman College
M.S., Florida A & M University
Ph. D., Florida A & M University

Page, Melinda M.
Adult Education Instructor
B.S., Knoxville College

Pettway, Clarence
AMSTI Director
B.S., Alabama State University
M.S., Alabama State University

Randolph, Yulonda
Computer Information Systems Instructor
B. S., Alabama A&M University
M.S., Alabama State University

Rogers, Eric
Electrical Technology Instructor
A.A.S., Wallace Community College-Selma

Sanders, Felicia
E-Learning Director
M.B.A., South University

Smith, Pamela
Nursing Instructor (LPN)
B.S.N., Troy University at Montgomery
M.S.N., Troy University at Montgomery
D.N.P., Troy, University

Snowden, Lula
Director of Adult Education

A.A.S., Wallace Community College Selma
B.S., Auburn University at Montgomery
M.S., Troy University at Montgomery

Spears, Shenell
Adult Education Instructor

Sturdivant, Maxine
W.A.Y.S. Director
Certificate in Cosmetology, WCCS
B.S., Troy University
M.S., University of West Alabama

Tarver, Otis
Welding Instructor
Certificate in Welding Technology, WCCS

Thames, Jerome
Welding Instructor

Thomas, Herbert
Student Support Services Director
B.S. Alabama State University
M.S. Alabama State University
Ph.D., University of Missouri- Columbia

Thomas, Hollee
Mathematics Instructor
B.S., Alabama State University
M.Ed., Alabama State University

Tubbs-Turner, Jocelyn
AMSTI Elementary Science Specialist
B.S. Concordia College
M.S. University of West Alabama

Walker, Michael
Music Instructor
B.S., Alabama State University
M.S., Alabama State University

Walker, Shermanita
AMSTI Science Specialist
B.S., Concordia College

White, Tara
History Instructor
B.S., University of Alabama at Birmingham
M.A., College at Oneonta State Univ. of New York
Ph.D., Middle Tennessee State University

Williams, Matilda
Welding Instructor
Certificate in Welding Technology, WCCS
A.A., Wallace Community College Selma
A.S., Wallace Community College Selma

Wright, Pamela
Mathematics Instructor
B.S., Auburn University at Montgomery
M.Ed., Alabama State University, Montgomery

Zanders, Kaleda
English Instructor
B.S., University of West Alabama
M.Ed., Alabama State University

Support Staff

Abbott, Brandi
Institutional Effectiveness Specialist

Agnew, JaNett
Student Coach/APA Coordinator

Austin, Tampus
Technical Education Division Secretary

Barley, Audreyiona
Cashier

Bell, Vickie
Restricted Accounts

Bennett, Jarrick
AMSTI Warehouse Worker

Berry, Lee
Security Monitor/Game Room Attendant

Blevins, Pamela
Human Resources Specialist

Carroll, Jessica
IE Research Coordinator

Coleman, Steffan
Transportation Supervisor

Cosby, Helen
Secretary to Dean of Technical and Workforce Development

Cosby, Pamela
Student Support Services/TRIO Secretary

Craig, Brianna
Cashier

Curtis, Valerie
Webmaster

Davis, Diane
Accounts Receivable

Davis, Mary
Workforce Development Specialist

Dixon, Colleen
Human Resources Coordinator

Dosey, Chante
Financial Aid Specialist

Edwards, Danielle
Secretary/Cashier (Demopolis Campus)

Evans, Duane
Student Coach/Men's Basketball Coach

Evans, Naopi
Shipping and Receiving Clerk

Fulford, Sebriana
Talent Search Secretary

Glover, Virginia
Secretary to the President

Harris Douglas
Welding Instructor

Harvell, Robert
Maintenance

Hasberry, Letti
Human Resources Secretary

Heard, Anthony
Building/Custodial Maintenance

Headley, Linda
Records Custodian for Student Services

Hoskins, Montego
Talent Search Counselor

Hurt, Jason
AMSTI Warehouse Worker

Jefferson, Shelia
Admission and Records Office Manager

Jones, Brittany
Talent Search Counselor

Jordan, Judy
Payroll Clerk

Jackson, Jean
Write Now Secretary

Lee, Zeb
Financial Aid Counselor

Marshall Teresa
Secretary to Dean of Instruction

Mauldin, Reginald
Electrical Maintenance Technician

Melton, Elaine
Secretary to Financial Aid

Moore, Timothy
Building Maintenance

Moultrie, Eddie
Physical Plant Supervisor

Munford, Christopher
AMSTI Warehouse Worker

Pettway, Adam
Best Buy Teen Tech Center Coordinator/Recruiter

Pettway, Alonzia
Custodian

Pullum, Quanda
Secretary to AMSTI

Reynolds, Jennifer
Student Success Center Director

Roberson, Erika
AMSTI Bookkeeper

Rudolph, Darlene
Student Success Center Coordinator

Sears, Teresa
Testing Specialist/Secretary

Sturdivant, Anthony
Custodian/Building Maintenance

Thomas, Chante
Financial Aid Specialist

Thomas, Gloria
Secretary to Business and Computer Science

Vasser, Latoya
Talent Search Counselor

Walker, Sharon
Secretary to Library Director

Whatley, Andrew
Night Security Monitor

Williams, Angelica
Secretary to Student Services

Generic Degree Requirements

Associate in Applied Science (AAS) Generic Degree Requirements

The Associate in Applied Science degree is offered in certain academic occupational programs such as Associate Degree Nursing, Business Administration, and Computer Information Systems.

The Associate in Applied Science degree is also offered to students who satisfactorily complete the prescribed general education requirements during or after the completion of a Career/Technical Program. More specifically, the Associate in Applied Science degree is available in the following Career/Technical programs: Drafting and Design Technology, Electrical Technology, Industrial Maintenance Technology and Office Administration.

Semester Hour (SH) Distribution Requirements by Academic Area:* / SH

Area I: Written Composition / 3-6

- *Must* complete Written Composition I (ENG 101)

Area II: Humanities and Fine Arts / 6

- *Must* complete 3 semester hours in the Humanities or Fine Arts
- *Must* complete 3 semester hours in oral communication (SPH 106 or 107)

Area III: Natural Sciences & Math / 9-11

- *Must* complete 3 semester hours in Mathematics (MTH 100 or above)
- *Must* complete an additional 3 semester hours in Mathematics, Natural Sciences or Computer Sciences
- *Must* demonstrate Computer Literacy Skills, or *must* complete one 3 semester hour Computer Science Course

Area IV: History, Social, and Behavioral Sciences / 3-6

WCCS Campus Emergency Response

Emergency Response Plan & Map

[Emergency Response Plan and Map](#)

Area V: Pre-Professional, Pre-Major, and Elective Courses / 37-53

- *Must* complete additional Associate in Applied Science Degree courses appropriate to the degree requirements and the intended baccalaureate major of the individual student

Maximum Semester Hour Credit Total in Areas I-V for the AAS Program / 76

NOTES

* Requirements in one area do not satisfy or substitute for requirements in another area.

Type: A.A.S.

Associate in Arts (AA) Generic Degree Requirements

The Associate in Arts degree program is intended to meet the needs of students who plan to transfer to a senior institution and pursue a course of study in a liberal arts area. This is a planned university-parallel program designed to meet the requirements of the first two years of a Bachelor of Arts degree.

The primary purpose of the Associate in Arts Program is to serve as a curriculum for individuals intending to transfer to a four-year college or university to pursue a bachelor's degree in fine arts, humanities, law, foreign language, social sciences, and education-related disciplines. Secondarily it serves as a General Studies curriculum for students who are interested in a liberal arts baccalaureate education but have not yet made a firm decision with respect to their baccalaureate major. Area V requirements vary with individual four-year institutions; thus, students must obtain an approved university parallel (STARS) plan from the appropriate academic advisor.

Semester Hour (SH) Distribution Requirements by Academic Area* / SH

Area I: Written Composition / 6

- Must Complete Written Composition I and II (ENG 101 and ENG 102)

Area II: Humanities and Fine Arts / 12

- Must complete 3 semester hours in Literature**
- Must complete 3 semester hours in the Arts
- Must complete 3 semester hours in oral communications (SPH 106 or 107)
- Must complete 3 additional semester hours in humanities

Area III: Natural Sciences & Math / 11

- Must complete 3 semester hours in Math at the Pre-calculus Algebra or Finite Math Level
- Must complete 8 semester hours in the Natural Sciences which must include one laboratory experience

Area IV: History, Social, and Behavioral Sciences / 12

- Must complete 3 semester hours in History**
- Must complete at least 9 semester hours from among other disciplines in the Social and Behavioral Sciences

Area V: Pre-Professional, Pre-Major, and Elective Courses / 19-23

- Must complete additional Associate in Arts Degree courses appropriate to the degree requirements and the intended baccalaureate major of the individual student ***

Semester Credit Hour Total in Areas I-V of the AA Program / 60-64

NOTES

* Requirements in one area do not satisfy or substitute for requirements in another area.

** Students must complete a six semester hour sequence either in literature or history. The sequence in Area II in literature, or Area IV in history, should be determined by the requirements of the student's intended major and transfer plans.

*** Respective programs of study for bachelor's degrees at Alabama public universities range from 120 to 128 semester credit hours in length.

Dependent upon the total hours allocated for the bachelor's degree, institutions in The Alabama College System are only authorized to provide only (i.e., transfer) fifty (50) percent of that total (60-64).

Type: A.A.

Associate in Science (AS) Generic Degree Requirements

The Associate in Applied Science degree is offered in certain academic occupational programs such as Associate Degree Nursing, Business Administration, and Computer Information Systems. The Associate in Applied Science degree is also offered to students who satisfactorily complete the prescribed general education requirements during or after the completion of a Career/Technical Program. More specifically, the Associate in Applied Science degree is available in the following Career/Technical programs: Drafting and Design Technology, Electrical Technology, Industrial Maintenance Technology and Office Administration.

Semester Hour (SH) Distribution Requirements by Academic Area:* / SH

Area I: Written Composition / 3-6

Must complete Written Composition I (ENG 101)

Area II: Humanities and Fine Arts / 6

Must complete 3 semester hours in the Humanities or Fine Arts Must complete 3 semester hours in oral communication (SPH 106 or 107)

Area III: Natural Sciences and Math / 9-11

Must complete 3 semester hours in Mathematics (MTH 100 or above) Must complete an additional 3 semester hours in Mathematics, Natural Sciences or Computer Sciences Must demonstrate Computer Literacy Skills, or must complete one 3 semester hour Computer Science Course

Area IV: History, Social, and Behavioral Sciences / 3-6

Area V: Pre-Professional, Pre-Major, and Elective Courses / 37-53

Maximum Semester Hour Credit Total in Areas I-V for the AAS Program / 76
(Depending on specific program of study)

Programs

Art Appreciation

ART 100: Art Appreciation

This course is designed to help the student find personal meaning in works of art and develop a better understanding of the nature and validity of art. Emphasis is on the diversity of form and content in original artwork. Upon completion, students should understand the fundamentals of art, the materials used, and have a basic overview of the history of art.

Credits: 3

Prerequisites:

None.

Basic Study Skills

BSS 118: College Study Skills

This course covers skills and strategies designed to improve study behaviors. Topics include time management, note taking, test taking, memory techniques, active reading strategies, critical thinking, communication skills, learning styles, and other strategies for effective learning. Upon completion, students should be able to apply appropriate study strategies and techniques to the development of an effective study plan.

Credits: 1

Prerequisites:

None.

* Requirements in one area do not satisfy or substitute for requirements in another area

Type: A.S.

BSS 120: Career Assessment

This course provides the information and strategies necessary to develop clear personal, academic, and professional goals. Topics include personality styles, goal setting, various college curricula, career choices, and campus leadership development. Upon completion, student should be able to clearly state their personal, academic, and professional goals and have a feasible plan of action to achieve those goals.

Credits: 1

Prerequisites:

None.

Biology

BIO 103: Principles of Biology I

This is an introductory course for science and non-science majors. It covers physical, chemical, and biological principles common to all organisms.

These principles are explained through a study of cell structure and function, cellular reproduction, basic biochemistry, cell energetics, the process of photosynthesis, and Mendelian and molecular genetics. Also included are the scientific method, basic principles of evolution, and an overview of the diversity of life with emphasis on viruses, prokaryotes, and protist. A 120-minute laboratory is required.

Credits: 4

Prerequisites:

Regular admission status.

BIO 104: Principles of Biology II

This course is an introduction to the basic ecological and evolutionary relationships of plants and animals and a survey of plant and animal diversity including classification, morphology, physiology, and reproduction. A 180-minute laboratory is required.

Credits: 4

Prerequisites:

BIO 103.

BIO 112: Human Reproduction & Inheritance

Human Reproduction and Inheritance is an introductory genetics course with primary emphasis on human inheritance, reproduction, venereal diseases, birth control, and teratology. No laboratory is required

Credits: 3

Prerequisites:

Regular admission status.

BIO 120: Medical Terminology

This course is a survey of words, terms, and descriptions commonly used in medical arts. Emphasis is placed on spelling, pronunciation, and meanings of prefixes, suffixes, and roots. No laboratory is required.

Credits: 3

Prerequisites:

Regular admission status.

BIO 201: Human Anatomy & Physiology I

Human Anatomy and Physiology I covers the structure and function of the human body. Included is an orientation of the human body, basic principles of chemistry, a study of cells and tissues, metabolism, joints, the integumentary, skeletal, muscular, and nervous systems, and the senses. Dissection, histological studies, and physiology are featured in the laboratory experience. A 120-minute laboratory is required.

Credits: 4

Prerequisites:

BIO 103.

BIO 202: Human Anatomy & Physiology II

Human Anatomy and Physiology II cover the structure and function of the human body. Included is a study of basic nutrition, basic principles of water, electrolyte, and acid-base balance, the endocrine, respiratory, digestive, excretory, cardiovascular, lymphatic, and reproductive systems. Dissection, histological studies, and physiology are featured in the laboratory experience. A 120-minute laboratory is required.

Credits: 4

Prerequisites:

BIO 201.

BIO 220: General Microbiology

This course includes historical perspectives, cell structure and function, microbial genetics, infectious diseases, immunology, distribution, physiology, culture, identification, classification, and disease control of microorganisms. The laboratory experience includes micro-techniques, distribution, culture, identification, and control. Two 120 minute laboratories are required.

Credits: 4

Prerequisites:

BIO 103. (Recommend 4 Semester Hours of Chemistry).

BIO 240: Field Biology

This course covers basic principles of taxonomy, classification, and selected ecological concepts. Animal and plant diversity is emphasized through collection, identification, and museum preparation of local flora and fauna. Laboratory is required.

Credits: 4

Prerequisites:

BIO 103.

BIO 250: Directed Studies in Biology I

This course allows independent study under the direction of an instructor. Topics to be included in the course material will be approved by the instructor prior to or at the beginning of the class. Upon completion, students will be able to demonstrate knowledge of the topics as specified by the instructor.

Credits: 4

Prerequisites:

None.

Business Administration

Business Administration Degree

The Associate in Applied Science Degree in Business Administration is designed to provide students with a terminal degree in a career program containing a high concentration of business-related courses. This career program is not designed for transfer although many of the courses are transferable to some senior institutions. Consult the catalog of the transfer institution and the STARS Transfer Guide at <http://stars.troy.edu>. For additional guidance, see the WCCS Business Administration advisors. Students must have a "C" average or better in all courses credited toward the degree and a 2.0 cumulative grade point average in all courses attempted at the College.

NOTES

* Prerequisites required for ENG 102, BUS 271 and BUS 242.

* Curriculum display is subject to change; however, courses will be offered to meet degree requirements.

Business Administration Course Descriptions

BUS 100: Introduction to Business

This is a survey course designed to acquaint the student with American business as a dynamic process in a global setting. Topics include the private enterprise system, forms of business ownership, marketing, factors of production, personnel, labor, finance, and taxation.
Credits: 3

BUS 177: Salesmanship

This course provides an introduction to the principles and practices of ethical salesmanship. Topics include industrial and retail selling methods of market analysis, professional salesmanship and sales methods, consumer types, attitudes, and behavior.
Credits: 3

BUS 215: Business Communications

This course covers written, oral and nonverbal communications. Topics include the application of communication principles to the production of clear, correct, and logically organized faxes, e-mail, memos, letters, resumes, reports, and other business communications.
Credits: 3

BUS 241: Principles of Accounting I

This course is designed to provide a basic theory of accounting principles and practices used by service and merchandising enterprises. Emphasis is placed on financial accounting, including the accounting cycle, and financial statement preparation analysis.
Credits: 3

BUS 242: Principles of Accounting II

This course is a continuation of BUS 241. In addition to a study of financial accounting, this course also places emphasis upon managerial accounting, with coverage of corporations, statement analysis introductory cost accounting, and use of information for planning, control, and decision making.
Credits: 3
Prerequisites:
BUS 241.

BUS 246: Accounting on the Microcomputer

This course utilizes the microcomputer in a study of accounting principles and practices. Emphasis is on the preparation and analysis of financial statements, measuring business activity, and making rational business decisions.

Credits: 3

BUS 262: Business Law II

Topics include legal principles related to partnerships, corporations, real property and leases, insurance, security devices, bankruptcy, trust and estates; government regulations of business and labor; civil and criminal liability; and business security.

Credits: 3

BUS 263: Legal & Social Environment of Business

This course provides an overview of the legal and social environment for business operations with an emphasis on contemporary issues and their subsequent impact on business. Topics include the Constitution, the Bill of Rights, the legislative process, civil and criminal law, administrative agencies, trade regulations, consumer protection, contracts, employment, and personal property.

Credits: 3

BUS 271: Business Statistics I

This is an introductory study of basic statistical concepts applied to economic and business problems. Topics include the collection, classification, and presentation of data, statistical description, and analysis of data, measures of central tendency and dispersion, elementary probability, sampling, estimation, and introduction to hypothesis testing.

Credits: 3

Prerequisites:

MTH 100.

BUS 275: Principles of Management

This course provides a basic study of the principles of management. Topics include planning, organizing, staffing, directing, and controlling with an emphasis on practical business applications.

Credits: 3

BUS 285: Principles of Marketing

This course provides a general overview of the field of marketing. Topics include marketing strategies, channels of distribution, marketing research, and consumer behavior.

Credits: 3

Chemistry

CHM 104: Introduction to Inorganic Chemistry

This is a survey course of general chemistry for students who do not intend to major in science or engineering and may not be substituted for CHM 111. The lecture will emphasize the facts, principles, and theories of general chemistry including math operations, matter and energy, atomic structure, symbols and formulas, nomenclature, the periodic table, bonding concepts, equations, reactions, stoichiometry, gas laws, phases of matter, solutions, pH, and equilibrium reactions. The laboratory is required.

Credits: 4

Prerequisites:

MTH 092 (Developmental Algebra II) or equivalent math placement score.

CHM 105: Introduction to Organic Chemistry

This is a survey course of organic chemistry and biochemistry for students who do not intend to major in science or engineering. Topics will include basic nomenclature, classification of organic compounds, typical organic reactions, reactions involved in life processes, function of biomolecules, and the handling and disposal of organic compounds. Laboratory is required.

Credits: 4

Prerequisites:

CHM 104 (Introduction to Inorganic Chemistry) or CHM 111 (College Chemistry I).

CHM 111: College Chemistry I

This is the first course in a two-semester sequence designed for the science or engineering major who is expected to have a strong background in mathematics. Topics in this course include measurement, nomenclature, stoichiometry, atomic structure, equations and reactions, basic concepts of thermochemistry, chemical and physical properties, bonding, molecular structure, gas laws, kinetic-molecular theory, liquids and solids, solutions, and colloids. Laboratory is required.

Credits: 4

Prerequisites:

MTH 112 (Pre-calculus Algebra) or equivalent math placement score.

CHM 112: College Chemistry II

This is the second course in a two-semester sequence designed primarily for the science and engineering major that is expected to have a strong background in mathematics. Topics in this course include chemical kinetics, chemical equilibria, acids and bases, ionic equilibria of weak electrolytes, solubility product principle, chemical thermodynamics, electrochemistry, oxidation-reduction, nuclear chemistry, and selected topics in organic chemistry, biochemistry, atmospheric chemistry, and descriptive chemistry, including the metals, nonmetals, semi-metals, coordination compounds, transition compounds, and post-transition compounds. Laboratory is required.

Credits: 4

Prerequisites:

CHM 111 (College Chemistry I).

CHM 221: Organic Chemistry I

This is the first course in a two-semester sequence. Topics in this course include nomenclature, structure, physical and chemical properties, synthesis, and typical reactions for aliphatic, alicyclic, and aromatic compounds with special emphasis on reaction mechanisms, spectroscopy, and stereochemistry. A 120-minute laboratory is required and will include the synthesis and confirmation of representative organic compounds with emphasis on basic techniques.

Credits: 4

Prerequisites:

CHM 112 (College Chemistry II).

CHM 222: Organic Chemistry II

This is the second course in a two-semester sequence. Topics in this course include nomenclature, structure, physical and chemical properties, synthesis, and typical reactions for aliphatic, alicyclic, aromatic, and biological compounds, polymers and their derivatives, with special emphasis on reaction mechanisms, spectroscopy, and stereochemistry. A 120-minute laboratory is required and will include the synthesis and confirmation of representative organic compounds with emphasis on basic techniques.

Credits: 4

Prerequisites:

CHM 221 (Organic Chemistry I).

Computer Information Systems

Computer Information Systems Degree

This program is designed to serve students planning to enter the business data processing field

and those already employed who need specialized skills required by the computing industry. This curriculum is not designed to transfer to a four-year institution; however, some courses will transfer. Consult the catalog of the transfer institution and the STARS Transfer Guide at <http://stars.troy.edu>. Students must have a "C" average or better in all CIS courses credited toward the degree and a 2.0 cumulative grade point average in all courses attempted at the College.

NOTE

* Typing proficiency is a prerequisite for CIS 146, CIS 147, and other programming courses. Students who are not proficient should take a keyboarding class prior to enrollment.

* Curriculum display is subject to change; however, courses will be offered to meet degree requirements.

Computer Information Systems Standard Certificate

This program is designed to serve students planning to enter the business data processing field and those already employed who need specialized skills required by the computing industry. This curriculum is not designed to transfer to a four-year institution; however, some courses will transfer. Consult the catalog of the transfer institution and the STARS Transfer Guide at <http://stars.troy.edu>. Students must have a "C" average or better in all CIS courses credited toward the degree and a 2.0 cumulative grade point average in all courses attempted at the College.

To complete the 48 credits required for this degree, students must choose either the App Development w/Apple Option or the Networking Option.

NOTES

* For the Math requirement, if transferring, students need MTH 125 Calculus I.

* Prerequisites required for CIS 207, 268, 269, 155, 159, 251, 161, 280, 220 and 227.

* Typing proficiency is a prerequisite for CIS 146, CIS 147, and other programming courses. Students who are not proficient should take a keyboarding class prior to enrollment.

* The student must have a "C" average or better in all courses credited toward a certificate or degree.

Computer Information Systems Course Descriptions

CIS 130: Introduction to Information Systems

This course is an introduction to computers that reviews computer hardware and software concepts such as equipment, operations, communications, programming, and their past, present and future impact on society. Topics include computer hardware, various types of computer software, communication technologies and program development using computers to execute software packages and/or to write simple programs. Upon completion, students should be able to describe and use the major components of selected computer software and hardware. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

None.

CIS 146: Microcomputer Applications

This course is an introduction to the most common microcomputer software applications. These software packages should include typical features of applications, such as word processing, spreadsheets, database management, and presentation software. Upon completion, students will be able to utilize selected features of these packages. This course will help prepare students for the MOS and IC3 certification. This course or an equivalent is CORE for the AAT and AAS CIS programs. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

Basic Keyboarding Skills Required.

CIS 147: Advanced Micro Applications

This course is a continuation of CIS 146 in which students utilize the advanced features of topics covered in CIS 146. Advanced functions and integration of word processing, spreadsheets, database, and presentation packages among other topics are generally incorporated into the course and are to be applied to situations found in society and business. Upon completion, the student should be able to apply the advanced features of selected software appropriately to typical problems found in society and business. This course will help prepare students for the MOS certification. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

As required by College.

CIS 155: Introduction to Mobile App Development

This purpose of this course is to introduce students to various app development tools for various mobile platforms. Specific topics include: app distribution sources, mobile device operating systems, survey of app development software, processes for design, build, deploying, and optimizing apps. At the conclusion of this course, students will be able to design, build, deploy, and optimize a basic app. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

As required by College.

CIS 157: Introduction to App Development with Swift

This introductory one-semester course is designed to help students build a solid foundation in programming fundamentals using Swift as the language. Students get practical experience with the tools, techniques, and concepts needed to build a basic iOS system. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

As required by College.

CIS 161: Intro to Networking Communications

This course is designed to introduce students to basic concepts of computer networks. Emphasis is placed on terminology and technology involved in implementing selected networked systems. The course covers various network models, topologies, communications protocols, transmission media, networking hardware and software, and network troubleshooting. Students gain hands-on experience in basic networking. This course further helps prepare students for certification. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

CIS249, CIS268 & CIS269.

CIS 185: Computer Ethics

This course will survey the various issues surrounding computer ethics. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

As required by College.

CIS 191: Intro to Computer Programming Concepts

This course introduces fundamental concepts, including an algorithmic approach to problem-solving via the design and implementation of programs in selected languages. Structured programming techniques involving input/output, conditional statements, loops, files, arrays and structures and simple data structures are introduced. Students are expected to write programs as part of this course. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

As required by College.

CIS 207: Intro to Web Development

At the conclusion of this course, students will be able to use specified markup languages to develop basic WEB pages. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

CIS130 and CIS146.

CIS 209: Advanced Web Development

This is an advanced Web design course emphasizing the use of scripting languages to develop interactive Web sites. Upon completion, students will be able to create data-driven Web sites. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

As required by College.

CIS 220: App Development with Swift I

This is the first of two courses designed to teach specific skills related to app development using Swift language. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

As required by College.

CIS 227: App Development with Swift II

This course focuses on building specific features for iOS apps. Students apply their knowledge and skills to developing new apps. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

As required by College.

CIS 251: C++ Programming

This course is an introduction to the C++ programming language including object-oriented programming. Topics include problem solving and design; control structures; objects and events; user interface construction; and document and program testing. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

CIS 191.

CIS 268: Software Support

This course provides students with hands-on practical experience in installing computer software, operating systems, and trouble-shooting. The class will help to prepare participants for the A+ Certification sponsored by CompTIA. This is a CORE course for the AAS CIS program. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

CIS 130.

CIS 269: Hardware Support

This course provides students with hands-on practical experience in installation and troubleshooting computer hardware. The class will help to prepare participants for the A+ Certification sponsored by CompTIA. This is a CORE course for the AAS CIS program. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

CIS 130.

CIS 280: Network Security

This course provides a study of threats to network security and methods of securing a computer network from such threats. Topics included in this course are security risks, intrusion detection, and methods of securing authentication, network access, remote access, Web access, and wired and wireless network communications. Upon completion students will be able to identify security risks and describe appropriate counter measures. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

As required by College.

Cosmetology

Cosmetology Standard Certificate

The purpose of the Cosmetology Program at WCCS is to provide every student with basic entry-level skills to enter and advance in the cosmetology workplace through challenging educational experiences including academics, technical skills, employability skills, multi-cultural experiences and technology skills. The student that is eligible for the state board examination will be prepared the pass both written and practical exam and become life-long learners, learning management skills and providing all clients with personal customer service.

The Cosmetology program is governed by the Alabama Board of Cosmetology & Barbering and the Alabama State Board of Education, completing 1200 credit unit hours are required to be eligible for the state licensing examination. The exam is theory/ written and practical/hands-on testing. The curriculum used is based on the requirements of the Alabama Board of Cosmetology & Barbering, Alabama Department of Postsecondary Education, and the National Interstate-Council of State Boards of Cosmetology & Barbering Standards. Once the student passes the exams it gives them the opportunity to work in a salon or to continue their education.

The Cosmetology Department provides a caring faculty that is dedicated to meeting the needs of our students to ensure that they learn the technical skills necessary for success.

All states require cosmetologists to be licensed by law. After satisfactory completion of 1200 credit unit hours of training, the students are eligible to

take the Alabama Board of Cosmetology & Barbering theory and practical examinations. Day classes meet Monday through Thursday, from 7:30 a.m. to 3:30 p.m., for 3 semesters. Night classes meet Monday through Thursday, from 3:30 p.m. to 11:30 p.m., for 3 semesters.

NOTES

* Student competence in the basic use of computers is accomplished within ENG 100.

* Student competence in Oral Communications is accomplished within discipline-specific courses.

* Curriculum display is subject to change; however, courses will be offered to meet degree requirements

Cosmetology Course Descriptions

COS 111: Introduction to Cosmetology

This course is designed to provide students with an overview of the history and development of cosmetology and standards of professional behavior. Students receive basic information regarding principles and practices of infection control, diseases, and disorders. Additionally, students receive introductory information regarding hair design. The information presented in this course is enhanced by hands-on application performed in a controlled lab environment. Upon completion, students should be able to apply safety rules and regulations and write procedures for skills identified in this course. This is a CORE course. Note: There is an approved standardized plan-of-instruction for this course.

Credits: 3

Prerequisites:

As required by college.

Co-Requisites:

COS 112 – Introduction to Cosmetology Lab

COS 112: Introduction to Cosmetology Lab

In this course, students are provided the practical experience for sanitation, shampooing, hair shaping, and hairstyling. Emphasis is placed on disinfection, shampooing, hair shaping, and hairstyling for various types of hair for men and women. This course offers opportunities for students to put into practice concepts learned in theory component from COS 111. This is a CORE course. Note: There is an approved standardized plan-of-instruction for this course.

Credits: 3

Prerequisites:

As required by college.

Co-Requisites:

COS 111 – Introduction to Cosmetology.

COS 113: Theory of Chemical Services

During this course students learn concepts of theory of chemical services related to the chemical hair texturing. Specific topics include basics of chemistry and electricity, properties of the hair and scalp, and chemical texture services. Safety considerations are emphasized throughout this course. This course is foundational for other courses providing more detailed instruction on these topics. This is a CORE course. Note: There is an approved standardized plan-of-instruction for this course.

Credits: 3

Prerequisites:

As required by college.

Co-Requisites:

COS 114 – Chemical Services Lab.

COS 114: Chemical Services Lab

During this course students perform various chemical texturing activities. Emphasis is placed on cosmetologist and client safety, chemical use and handling, hair and scalp analysis, and client consulting. This is a CORE course. Note: There is an approved standardized plan-of-instruction for this course.

Credits: 3

Prerequisites:

As required by college.

Co-Requisites:

[COS 113](#)

COS 115: Hair Coloring Theory

In this course, students learn the techniques of hair coloring and hair lightening. Emphasis is placed on color application, laws, levels and classifications of color and problem-solving. Upon completion, the student will be able to identify all classifications of hair coloring and the effects on the hair. This is a CORE course. Note: There is an approved standardized plan-of-instruction for this course.

Credits: 3

Prerequisites:

As required by college.

Co-Requisites:

COS 116 – Hair Coloring Lab.

COS 116: Hair Coloring Lab

In this course, students apply hair coloring and hair lightening techniques. Topics include consultation, hair analysis, skin test and procedures and applications of all classifications of hair coloring and lightening. Upon completion, the student will be able to perform procedures for hair coloring and hair lightening. This is a CORE course. Note: There is an approved standardized plan-of-instruction for this course.

Credits: 3

Prerequisites:

As required by college.

Co-Requisites:

COS 115 – Hair Coloring Theory.

COS 117: Basic Spa Techniques

This course is the study of cosmetic products, massage, skin care, and hair removal, as well as identifying the structure and function of various systems of the body. Topics include massage skin analysis, skin structure, disease and disorder, light therapy, facials, facial cosmetics, anatomy, hair removal, and nail care. Upon completion, the student will be able to state procedures for analysis, light therapy, facials, hair removal, and identify the structures, functions, disorders of the skin, and nail care. This is a CORE course. Note: There is an approved standardized plan-of-instruction for this course.

Credits: 3

Prerequisites:

As required by college.

Co-Requisites:

COS 118 – Basic Spa Techniques Lab.

COS 118: Basic Spa Techniques Lab

This course provides practical applications related to the care of the skin and related structure.

Emphasis is placed on facial treatments, product application, skin analysis, massage techniques, facial make-up, hair removal and nail care. Upon completion, the student should be able to prepare clients, assemble sanitized materials, follow procedures for product application, recognize skin disorders, demonstrate facial massage movement, cosmetic application, and hair removal using safety and sanitary precautions, and nail care. This is a CORE course. Note: There is an approved standardized plan-of-instruction for this course.

Credits: 3

Prerequisites:

As required by college.

Co-Requisites:

COS 117 – Basic Spa Techniques

COS 119: Business of Cosmetology

This course is designed to develop job-seeking and entry-level management skills for the beauty industry. Topics include job seeking, leader and entrepreneurship development, business principles, business laws, insurance, marketing, and technology issues in the work place. Upon completion, the student should be able to list job-seeking and management skills and the technology that is available for use in the salon. This is a CORE course.

Credits: 3

Prerequisites:

As required by college.

COS 123: Cosmetology Salon Practices

This course is designed to allow students to practice all phases of cosmetology in a salon setting. Emphasis is placed on professionalism, receptionist duties, hair styling, hair shaping, chemical, and nail and skin services for clients. Upon completion, the student should be able to demonstrate professionalism and the procedures of cosmetology in a salon setting.

Credits: 3

Prerequisites:

As required by college.

Co-Requisites:

COS 131 or permission of instructor.

COS 125: Career and Personal Development

This course provides the study and practice of personal development and career building. Emphasis is placed on building and retaining clientele, communication skills, customer service, continuing education, and goal setting. Upon completion, the student should be able to communicate effectively and practice methods for building and retaining clientele.

Credits: 3

Prerequisites:

As required by college.

COS 131: Aesthetics

This course is the study of cosmetic products, massage, skin care, and hair removal, as well as identifying the structure and function of various systems of the body. Topics include massage skin analysis, skin structure, disease and disorder, light therapy, facials, facial cosmetics, anatomy, and hair removal. Upon completion, the student should be able to state procedures for analysis, light therapy, facials, hair removal, and identify the structures, functions, and disorders of the skin. NDC.

Credits: 3

Prerequisites:

None.

Co-Requisites:

COS 132 or permission of instructor.

COS 132: Aesthetics Applications

This course provides practical applications related to the care of the skin and related structure. Emphasis is placed on facial treatments, product application, skin analysis, massage techniques, facial makeup, and hair removal. Upon completion, the student should be able to prepare clients, assemble sanitized materials, follow procedures for product application, recognize skin disorders, demonstrates facial massage movement, cosmetic application, and hair removal using safety and sanitary precautions. NDC.

Credits: 3

Prerequisites:

None.

Co-Requisites:

COS 131 or permission of instructor.

COS 142: Applied Chemistry for Cosmetology

This course provides practical applications of the knowledge and skin learned in reference to chemical reactions, as well as the chemical application to the hair and skin. Emphasis is placed on knowledge of basic chemistry, pH scale, cosmetic chemistry, and physical and chemical changes in the hair and skin structure. Upon completion, the student should be able to determine the proper chemical product for each prescribed service.

Credits: 3

Lab Hours: 3

Prerequisites:

As required by college.

COS 143: Specialty Hair Preparation Techniques

This course focuses on the theory and practice of hair designing. Topics include creating styles using basic and advanced techniques of back combing, up sweeps and braiding. Upon completion, the student should be able to demonstrate the techniques and procedures for hair designing.

Credits: 3

Prerequisites:

As required by college.

COS 144: Hair Shaping and Design

In this course, students learn the art and techniques of hair shaping. Topics include hair sectioning, correct use of hair shaping implements, and elevations used to create design lines. Upon completion, the student should be able to demonstrate the techniques and procedures for creating hair designs.

Credits: 3

Prerequisites:

As required by college.

COS 145: Hair Shaping Lab

This course covers the study of the art and techniques of hair shaping. Topics include hair sectioning, correct use of hair shaping implements, and elevations used to create design lines. Upon completion, the student should be able to demonstrate the techniques and procedures for creating hair designs using safety and sanitary precautions.

Credits: 3

Prerequisites:

As required by college.

COS 151: Nail Care

This course focuses on all aspects of nail care. Topics include salon conduct, professional ethics, sanitation, nail structure, manicuring, pedicuring, nail disorders, and anatomy and physiology of the arm and hand. Upon completion, the student should be able to demonstrate professional conduct, recognize nail disorders and diseases, and identify the procedures for sanitation and nail care services.

Credits: 3

Prerequisites:

As required by college.

COS 158: Employability Skills

This course provides the study of marketable skills to prepare the student to enter the world of work. Emphasis is placed on resumes, interviews, client and business relations, personality, computer literacy, and attitude. Upon completion, the student should be prepared to obtain employment in the field for which they have been trained.

Credits: 3

Prerequisites:

As required by college.

COS 167: State Board Review

Students are provided a complete review of all procedures and practical skills pertaining to their training in the program. Upon completion, the student should be able to demonstrate the practical skills necessary to complete successfully the required State Board of Cosmetology examination and entry-level employment. Course may be repeated.

Credits: 3

Prerequisites:

Permission of instructor.

COS 190: Internship in Cosmetology

This course is designed to provide exposure to cosmetology practices in non-employment situations. Emphasis is on dependability, attitude, professional judgment, and practical cosmetology skills. Upon completion, the student should have gained the skills necessary for entry-level employment.

Credits: 3

Prerequisites:

As required by college.

Cosmetology Instructor Training

Cosmetology Instructor Training STC

Instructional success depends upon many factors. Perhaps the most vital of these is the instructor's

relationship with students. Cosmetologist must not only be highly trained and skilled in the practice beauty culture, but must also develop and maintain good relationships with students. In addition to enhanced technical skills, the Cosmetology Instructor Training Program provides an understanding of the different methods of instructional procedures used in developing lesson plans and designing visual aids used in practice instructional situations. To apply for admission to this program, a student must have a Managing Cosmetology License and five (5) years of in-field experience.

The Cosmetology Student Instructor Program provides an understanding of the different methods of procedures used in making lesson plans and designing visual aids to be used in practice. **In order to apply for admission to this program, a student must be an active licensed cosmetologist (minimal 5 years of experience).**

All states require cosmetology instructors to be licensed by law. Provided that the Cosmetology Instructor Trainer is employed full time he or she must have satisfactory completion of 650 clock hours of training before becoming eligible to take the Alabama Board of Cosmetology & Barbering theory and practical examinations administered through National Instate Council (NIC). If the Cosmetology Instructor Trainer is not employed full time he or she must have satisfactory completion of 1,500 clock hours of training before becoming eligible to take the Alabama Board of Cosmetology & Barbering theory and practical examinations administered through National Instate Council (NIC). Day classes meet Monday through Thursday, from 7:30 a.m. to 3:30 p.m., for 3 semesters. Evening classes meet Monday through Thursday, from 3:30 p.m. to 11:30 p.m., for 3 semesters.

NOTE

* Curriculum display is subject to change; however, courses will be offered to meet degree requirements.

Cosmetology Instructor Training Course Descriptions

CIT 211: Teaching & Curriculum Development

This course focuses on principles of teaching, teaching maturity personality conduct, and the development of cosmetology curriculum. Emphasis is placed on teacher roles, teaching styles, teacher challenges, aspects of curriculum development, and designing individual courses. Upon completion, the student should be able to describe the role of teacher, identify means of motivating students, develop a course outline, and develop lesson plans. NDC.

Credits: 3

Prerequisites:

Licensed managing cosmetologist (5 years of experience).

CIT 212: Teacher Mentorship

This course is designed to provide the practice through working with a cosmetology instructor in a mentoring relationship. Emphasis is placed on communication, student assessment, and assisting students in the lab. Upon completion, the student should be able to communicate with students, develop a course of study, and apply appropriate teaching methods. NDC.

Credits: 3

Prerequisites:

Licensed managing cosmetologist (5 years of experience).

Co-Requisites:

CIT 211 or permission of instructor.

CIT 213: Cosmetology Instructor Co-Op

This course introduces students to methods for developing lesson plans. Emphasis is placed on writing lesson plans and on the four-step teaching plan. Upon completion, students should be able to write daily lesson plans and demonstrate the four-step teaching method. NDC.

Credits: 3

Prerequisites:

Licensed managing cosmetologist (5 years of experience).

Co-Requisites:

[CIT 211](#)

CIT 221: Lesson Plan Implementation

This course is designed to provide practice in preparing and using lesson plans. Emphasis is placed on organizing, writing, and presenting lesson plans using the four-step teaching method. Upon completion, students should be able to prepare and present a lesson using the four step teaching method. NDC.

Credits: 3

Prerequisites:

Licensed managing cosmetologist (5 years of experience).

CIT 222: Audio Visual Material & Methods

This course focuses on visual and audio aids and materials. Emphasis is placed on the use and characteristics of instructional aids. Upon completion, the student should be able to prepare teaching aids and determine their most effective use. NDC.

Credits: 3

Prerequisites:

Licensed managing cosmetologist (5 years of experience).

Co-Requisites:

CIT 223 or permission of instructor.

CIT 223: Audio Visual Material & Methods Applications

This course is designed to provide practice in preparing and using visual and audio aids and materials. Emphasis is placed on the preparation and use of different categories of instructional aids. Upon completion, the student should be able to prepare and effectively present different types of aids for use with a four-step lesson plan. NDC.

Credits: 3

Prerequisites:

Licensed managing cosmetologist (5 years of experience).

Co-Requisites:

CIT 222 or permission of instructor.

CIT 224: Special Topics in Cosmetology Instruction

This course is designed to allow students to further develop their knowledge and skills as cosmetology instructors. Topics will be assigned based on individual student professional needs NDC.

Criminal Justice Course Descriptions

CRJ 100: Introduction to Criminal Justice

This course surveys the entire criminal justice process from law enforcement to the administration of justice through corrections. It discusses the history and philosophy of the system and introduces various career opportunities.

Credits: 3

Prerequisites:

None.

CRJ 110: Introduction to Law Enforcement

This course examines the history and philosophy of law enforcement, as well as the organization and jurisdiction of local, state, and federal agencies. It includes the duties and functions of law enforcement officers.

Credits: 3

Prerequisites:

None.

CRJ 116: Police Patrol

This course studies the duties, and responsibilities of the uniformed police patrol. It emphasizes the importance of patrol functions and includes principles, methods, procedures and resources used in police patrol operations.

Credits: 3

CRJ 117: Community Relations

This course discusses the role of the police officer in achieving and maintaining public support. It includes public information, juvenile relations, public relations, service, and mobilizing community involvement and cooperation.

Credits: 3

Prerequisites:

None.

CRJ 130: Introduction to Law and Judicial Process

This course provides an introduction to the basic elements of substantive and procedural law, and the stages in the judicial process. It includes an overview of state and federal court structure.

Credits: 3

Prerequisites:

None.

CRJ 140: Criminal Law and Procedure

This course examines both substantive and procedural law. The legal elements of various crimes are discussed, with attention to the Alabama Code. Areas of criminal procedure essential to the criminal justice profession are covered.

Credits: 3

Prerequisites:

None.

CRJ 146: Criminal Evidence

This course considers the origins of the law of evidence and current rules of evidence. Types of evidence, their definitions and uses are covered, as well as the functions of the court regarding evidence.

Credits: 3

Prerequisites:

None.

CRJ 147: Constitutional Law

This course involves constitutional law as it applies to criminal justice. It includes recent Supreme Court decisions affecting criminal justice professionals, such as right to counsel, search and seizure, due process and civil rights.

Credits: 3

Prerequisites:

None.

CRJ 150: Introduction to Corrections

This course provides an introduction to the philosophical and historical foundations of corrections in America. Incarceration and some of its alternatives are considered.

Credits: 3

Prerequisites:

None.

CRJ 156: Correctional Institutions

This course examines correctional institutions and their functions. Topics covered include prison facilities, programs, and the effects of incarceration.

Credits: 3

Prerequisites:

None.

CRJ 157: Community-Based Corrections

This course examines various forms of community corrections and alternative sentences. Probation, parole, halfway houses, work release, community service, electronic monitoring, and camps are among the programs considered.

Credits: 3

Prerequisites:

None.

CRJ 160: Introduction to Security

This course surveys the operation, organization and problems in providing safety and security to business enterprises. Private, retail, and industrial securities are covered.

Credits: 3

Prerequisites:

None.

CRJ 166: Private and Retail Security

This course surveys the legal foundations, regulations, training, and other issues in private security. Typical offenses, laws, and law enforcement strategies common in the field are covered. Methods of loss prevention are examined.

Credits: 3

Prerequisites:

None.

CRJ 177: Criminal and Deviant Behavior

This course analyzes criminal and deviant behavior systems. An emphasis is placed on sociological and psychological theories of crime causation.

Credits: 3

Prerequisites:

None.

CRJ 178: Narcotics/Dangerous Drugs

This course surveys the history and development of drug abuse in society. Theories of drug abuse, identification and classification of drugs are covered. Strategies for combating the drug problem are discussed.

Credits: 3

Prerequisites:

None.

CRJ 205: Treatment of the Offender

This course looks at the principles and techniques of dealing with the detained offender. Topics include searching, transporting, interviewing, and counseling.

Credits: 3

Prerequisites:

None.

CRJ 208: Introduction to Criminology

This course delves into the nature and extent of crime in the United States, as well as criminal delinquent behavior and theories of causation. The study includes criminal personalities, principles of prevention, control, and treatment.

Credits: 3

Prerequisites:

None.

CRJ 209: Juvenile Delinquency

This course examines the causes of delinquency. It also reviews programs of prevention, and control of juvenile delinquency as well as the role of the courts.

Credits: 3

Prerequisites:

None.

CRJ 212: Correctional Counseling Techniques

This course examines the causes of delinquency. It also reviews programs of prevention, and control of juvenile delinquency as well as the role of the courts.

Credits: 3

Prerequisites:

None.

CRJ 216: Police Organization and Administration

This course examines the principles of organization and administration of law enforcement agencies. Theories of management, budgeting, and various personnel issues are covered.

Credits: 3

Prerequisites:

None.

CRJ 217: Report Writing

This course reviews the various types of police reports, including incident, investigative, progress, and others. The course analyzes the different forms of written communications used in law enforcement.

Credits: 3

Prerequisites:

None.

CRJ 219: Firearms

This course covers the moral implications, legal provisions, safety precautions, and restrictions governing the use of firearms. The use of sidearm and riot guns with stationary and combat targets is explored.

Credits: 3

Prerequisites:

None.

CRJ 220: Criminal Investigation

This course explores the theory and scope of criminal investigation. The duties and responsibilities of the investigator are included. The techniques and strategies used in investigation are emphasized.

Credits: 3

Prerequisites:

None.

CRJ 230: Criminalistics

This course surveys the different techniques of scientific investigation. Emphasis is given to ballistics, photography, fingerprints, DNA, trace evidence, body fluids, casts, and the like.

Credits: 3

Prerequisites:

None.

CRJ 236: Advanced Criminalistics

This course covers the collection, handling, and analysis of evidence from crime scene to laboratory to courtroom. Topics include hair, fibers, body fluids, firearms, glass, paint, drugs, documents, etc. Laboratory experience may be utilized.

Credits: 3

Prerequisites:

None.

CRJ 238: Crime Scene Investigation

This course examines the fundamentals of crime scene investigation. Measuring and sketching the scene, photography, evidence collection and preservation, and courtroom procedures are considered.

Credits: 3

Prerequisites:

None.

CRJ 239: Issues in Law Enforcement

This course involves research, writing, and discussion of selected subjects relating to law enforcement. An analysis of contemporary police problems is provided.

Credits: 3

Prerequisites:

None.

CRJ 256: Correctional Rehabilitation

This course surveys the different methods used in the rehabilitation of public offenders. Topics include individual and group counseling, education, recreation, religion, drug treatment, and vocational programs.

Credits: 3

Prerequisites:

None.

CRJ 259: Issues in Corrections

This course involves research, writing, and discussion of selected subjects relating to corrections. An analysis of contemporary problems in corrections is provided.

Credits: 3

Prerequisites:

None.

CRJ 280: Internship in Criminal Justice

This course involves practical experience with a criminal justice agency under faculty supervision. Permission of the instructor is required. This course may be repeated with the approval of the department head.

Credits: 3

Prerequisites:

None.

CRJ 290: Selected Topics - Seminar in Criminal Justice

This course involves reading, research, writing, and discussion of selected subjects relating to criminal justice. Various contemporary problems in criminal justice are analyzed. This course may be repeated with approval from the department head.

Credits: 1

-

3

Prerequisites:

None.

Drafting and Design Technology

Drafting and Design Technology Degree

This program is designed to provide the technical training necessary for students considering a career in the field of construction, fabrication, manufacturing, design, and architecture where engineering documentation is required. State-of-the-art, computer-aided drafting, and design is incorporated throughout the curriculum. The program provides a strong academic and technical base to give the graduate the necessary skills and knowledge for immediate employment and professional growth.

NOTE:

* Curriculum display is subject to change; however, courses will be offered to meet degree requirements

Type: A.A.S.

Area I: Written Composition

Item #	Title	Credits
ENG 101	English Composition I	3

Area II: Humanities and Fine Arts

Drafting and Design Technology Course Descriptions

DDT 104: Introduction to Computer Aided Drafting & Design

This course provides an introduction to basic Computer-Aided Design & Drafting (CADD) functions and techniques, using "hands-on" applications. Topics include terminology, hardware, basic CADD and operating system functions, file manipulation, and basic CADD software applications in producing softcopy and hardcopy.

Credits: 3

Prerequisites:

None.

DDT 111: Fundamentals of Drafting and Design Technology

This course serves as an introduction to the field of drafting and design and provides a foundation for the entire curriculum. Topics include safety, lettering, tools and equipment, geometric constructions, and orthographic sketching and drawing.

Credits: 3

Prerequisites:

None.

DDT 117: Manufacturing Processes

This course in materials and processes includes the principles and methodology of material selection, application, and manufacturing processes.

Emphasis is directed to solids to include material characteristics, castings, forging, and die assemblies. Upon completion, students should be able to discuss and understand the significance of materials' properties, structure, basic manufacturing processes, and express and interpret material specifications.

Credits: 3

Prerequisites:

None.

DDT 122: Advanced Technical Drawing (Elective)

This course covers methods of providing size description and manufacturing information for production drawings and includes common fasteners and welding symbols. Emphasis will be placed on accepted dimensioning and tolerance practices, including geometric dimensioning and tolerancing for both the customary English system and the ISO system, common fasteners and welding symbols. This course supports CIP code 15.1301.

Credits: 3

Prerequisites:

[DDT 104](#)

[DDT 111](#)

DDT 124: Introduction to Technical Drawing

This course covers sections, auxiliary views, and basic space geometry. Emphasis will be placed on the theory as well as the mechanics of applying sections, basic dimensioning, auxiliary views, and basic space geometry.

Credits: 3

Prerequisites:

None.

DDT 125: Surface Development

This course covers surface intersections and developments. Emphasis is placed on the basic types of intersections using simple geometric forms. Upon completion, students should be able to draw common types of surface intersection and handle them simply as applications of the concepts learned in this class.

Credits: 3

Prerequisites:

[DDT 111](#)

DDT 127: Intermediate Computer Aided Drafting and Design

This course covers sections, auxiliary views, and basic space geometry. Emphasis will be placed on intermediate-level features, commands, and applications of CADD software.

Credits: 3

Prerequisites:

[DDT 104](#)

[DDT 111](#)

DDT 128: Intermediate Technical Drawing

This course is designed to develop a strong foundation in common drafting and design practices and procedures. Topics include dimensioning concepts and pictorial drawings.

Credits: 3

Prerequisites:

[DDT 111](#)

[DDT 124](#)

DDT 132: Architectural Drafting

This course includes basic terminology, concepts and principles of architectural design. Topics include design consideration, lettering, terminology, site plans, and construction drawings. Upon completion, students should be able to draw, dimension, and specify basic residential architectural construction drawings to specification.

Credits: 3

Prerequisites:

[DDT 111](#)

[DDT 124](#)

DDT 134: Descriptive Geometry

This course is designed to teach the fundamental concepts of descriptive geometry through an emphasis on logical reasoning, visualization, and practical applications. Topics include orthographic projection, points and lines in space, auxiliary views, plane representation, intersecting and non-intersecting lines, piercing and intersecting planes, plane development, and calculations. Upon completion, students should be able to project and intersect

Credits: 3

Prerequisites:

None.

DDT 212: Intermediate Architectural Drafting

This second course in architectural design and drafting continues with more advanced and detailed architectural plans. Topics include interior elevations, plot plans, and interior details. Upon completion, students should be able to draw and specify advanced level plans including various architectural details.

Credits: 3

Prerequisites:

DDT 132 or instructor approval.

DDT 220: Advanced Technical Drawing

This course covers methods of providing size description and manufacturing information for production drawings and includes common fasteners and welding symbols. Emphasis will be placed on accepted dimensioning and tolerance practices, including geometric dimensioning and tolerancing for both the customary English system and the ISO system, common fasteners and welding symbols. This course supports CIP code 15.1301.

Credits: 3

Prerequisites:

[DDT 104](#)

[DDT 111](#)

DDT 226: Technical Illustration

Credits: 3

DDT 227: Strength of Materials

This course in statics and strength of materials includes the study of forces and how they act and react on bodies and structures. Topics include the effects of forces as found in structures and machines under conditions of equilibrium, how materials resist forces, strengths of common construction materials and structural components. Force systems such as parallel, concurrent, and non-concurrent are studied in co-planar and non-coplanar situations are included. Upon completion, students should understand and be able to apply the principles of force in engineering drawings.

Credits: 3

Prerequisites:

None.

DDT 233: Solid Modeling

This course provides instruction in 3D Design. Modeling utilizing the 3D capabilities of CAD software. Emphasis is placed on 3D wire-frame, surface and solids modeling along with the development of 2D detail drawings from 3D models. Upon completion, students should be able to generate 3D surface and solid models and 2D orthographic production drawings from created solid models.

Credits: 3

Prerequisites:

As required by college.

DDT 235: Specialized CAD (Elective)

This course allows the student to plan, execute, and present results of individual projects in Specialized CAD topics. Emphasis is placed on enhancing skill attainment in Specialized CAD skill sets. The student will be able to demonstrate and apply competencies identified by the instructor.

Credits: 3

Prerequisites:

Instructor approval.

DDT 236: Design Project

This course allows the student to plan, execute, and present results of an individual design project. Emphasis is placed on attainment of skills related to a project agreed upon by the instructor and student. The student will be able to demonstrate and apply competencies identified and agreed upon between the student and instructor.

Credits: 3

Prerequisites:

Instructor approval.

DDT 239: Independent Studies

This course provides practical application of prior attained skills and experiences as selected by the instructor for the individual student. Emphasis is placed on applying knowledge from prior courses toward the solution of individual drafting and design problems. With completion of this course, the student will demonstrate the application of previously attained skills and knowledge in the solution of typical drafting applications and problems.

Credits: 3

Prerequisites:

DDT 220 or instructor approval.

Economics

ECO 231: Principles of Macroeconomics

This course is an introduction to macroeconomic theory, analysis, and policy applications. Topics include the following: scarcity, demand, and supply, national income analysis, major economic theories concerning monetary and fiscal policies as stabilization measures, the banking system, and other economic issues or problems including international trade.

Credits: 3

Prerequisites:

None.

ECO 232: Principles of Microeconomics

This course is an introduction of the microeconomic theory, analysis, and applications. Topics include scarcity; the theories of consumer behavior, production and cost, markets, output, and resource pricing, and international aspects of microeconomics.

Credits: 3

Prerequisites:

None.

Electrical Technology

Electrical Technology Degree

This program prepares individuals to apply technical knowledge and skills to install, operate, maintain, and repair electric apparatus and systems such as residential, commercial, and industrial electric-power wiring; and DC and AC motors, controls, and electrical distribution panels. Includes instruction in the principles of electronics and electrical systems, wiring, power transmission,

safety, industrial and household appliances, job estimation, electrical testing and inspection, and applicable codes and standards.

NOTE:

* Curriculum display is subject to change; however, courses will be offered to meet degree requirements.

Type: A.A.S.

Area I: Written Composition

Item #	Title	Credits
ENG 101	English Composition I	3

Area II: Humanities and Fine Arts

Item #	Title	Credits
	SPH 106 or SPH 107	3
	Humanities/Fine Arts Elective	3 SH

Area III: Natural Sciences and Math

Item #	Title	Credits
CIS 130	Introduction to Information Systems	3
CIS 146	Microcomputer Applications	3
MTH 116	Mathematical Applications	3

Area IV: History, Social and Behavioral Sciences

Item #	Title	Credits
	Area IV Elective	3 SH

Area V: Additional General Education Courses, Major Courses and Electives

* ELT 181 and ELT 242 are electives.

Item #	Title	Credits
ELT 108	DC Principles of Electricity	3
ELT 109	AC Principles of Electricity	3
ELT 110	Wiring Methods	3
ELT 114	Residential Wiring Methods	3
ELT 115	Residential Wiring Methods II	3
ELT 117	Basic AC/DC Machines	3
ELT 118	Commercial/Industrial Wiring I	3
ELT 132	Commercial/Industrial Wiring II	3
ELT 209	Motor Control I	3
ELT 212	Motor Controls II	3
ELT 231	Introduction to Programmable Controllers	3
ELT 232	Advanced Programmable Controllers	3
ELT 241	National Electric Code	3
ELT 244	Conduit Bending and Installation	3
ORI 101	Orientation to College	2
Total credits:		65

Electrical Technology Standard Certificate

This program prepares individuals to apply technical knowledge and skills to install, operate, maintain, and repair electric apparatus and systems such as residential, commercial, and industrial electric-power wiring; and DC and AC motors, controls, and electrical distribution panels. Includes instruction in the principles of electronics and electrical systems, wiring, power transmission, safety, industrial and household appliances, job estimation, electrical testing and inspection, and applicable codes and standards.

NOTES:

* Curriculum display is subject to change; however, courses will be offered to meet degree requirements.

* Student competence in Oral Communications is accomplished within discipline-specific courses.

Type: Standard Certificate

Total credits:		53

Electrical Technology Course Descriptions

ELT 108: DC Principles of Electricity

This course is a study of basic atomic structure, electron flow, Ohm's Law, electrical power and conductors, and insulators. Topics include atomic theory, series, and parallel circuits, complex circuits, magnetism and electromagnetism. Upon completion, students should be able to solve DC electrical quantity problems and use voltmeters, ohmmeters, and amp meter. This course will also incorporate basic concepts of interpersonal communication and the oral communication skills necessary to interact with co-workers and customers and to work effectively in teams. Upon completion, students should be able to demonstrate interpersonal communication skills, apply basic principles of group discussion, manifest a businesslike personality, and effectively present themselves before co-workers and the public.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 109: AC Principles of Electricity

This course is a study of alternating current and its measurements, circuit analysis, resistive, inductive and capacitive circuits, vectors, AC power, and AC test equipment. Emphasis is placed on sinewave generation and valves, circuit construction and analysis and test equipment. Upon completion, students should be able to set up, explain, construct AC circuits and properly use AC test equipment.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 110: Wiring Methods

This course is a study of various tasks, wiring methods, materials, and associated NEC requirements that students will be required to work with in residential and commercial wiring courses.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 114: Residential Wiring Methods

This course introduces the student to residential wiring practices and methods, use of hand and power tools, electrical safety, the NEC requirements, and residential blueprint interpretations. Topics include standard residential wiring procedures and practices, grounding NEC requirements, wiring diagrams, and wiring layouts. Upon completion, students should be able to read blueprints understand code requirements, and wire lights and switches.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 115: Residential Wiring Methods II

This course provides the student with information on how to interpret electrical residential blueprints, wiring diagrams, layouts, and will teach them to wire many different residential circuits in accordance with the National Electric Code. Emphasis is placed on applying the National Electrical Code, actual wiring of panels, service and branch circuits. Upon completion, students should be able to interpret and wire most aspects of a residential application to code.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 117: Basic AC/DC Machines

This course covers the theory and operation of single and three phase AC motors and the labs will reinforce this knowledge. Emphasis is placed on the various types of single and three phase motors, wiring diagrams, starting devices, and practical application in the lab. Upon completion, students should be able to explain, wire and troubleshoot most single and three-phase AC motors.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 118: Commercial/Industrial Wiring I

This course teaches the student the principles and applications of commercial and industrial wiring. Emphasis is placed on blue print symbols, hand and power tools, electrical safety, calculations and the NEC code requirements as applied to commercial and industrial wiring. Upon completion, students should be able to read electrical plans, understand electrical symbols, calculate electrical loads for commercial industrial applications and interpret the NEC code requirements.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 132: Commercial/Industrial Wiring II

This course is a continuation of ELT 131 and includes the study of branch circuits, installation requirements for services, feeders and special equipment considerations including the NEC code requirements. Emphasis is placed on load calculations, conductors, service sizing, installation requirements, NEC code requirements, transformers, lighting, HVAC and special equipment considerations. Upon completion, students should be able to size complete electrical commercial/ industrial systems and understand the NEC requirements for each system.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 181: Special Topics in ELT Technology (Elective)

These courses provide specialized instruction in various areas related to electrical technology. Emphasis is placed on meeting students' needs.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 209: Motor Control I

This course introduces the use of motor control symbols, magnetic motor starters, running overload protection, push-button stations and sizing of magnetic motor starters and overload protection. Topics include sizing magnetic starters and overload protection and the use of push-button stations, ladder diagrams and magnetic motor starters in control of electric motors. Upon completion, students should be able to understand the operation of magnetic motor starters, overload protection and interpret ladder diagrams using push-button stations.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 212: Motor Controls II

This course covers complex ladder diagrams of motor control circuits and the uses of different motor starting techniques. Topics include wye-delta starting, part start winding, resistor starting and electronic starting devices. Upon completion, the students should be able to understand and interpret the more complex motor control diagrams and understand the different starting techniques of electrical motors.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 231: Introduction to Programmable Controllers

This state-of-the-art course includes the fundamental principles of programmable logic controls (PLCs) including hardware and programming. Emphasis is placed on hardwiring associated with the PLC, different options available with most PLCs and basic ladder logic programming. Upon completion, students should be able to develop programs, load programs into PLCs and troubleshoot the system.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 232: Advanced Programmable Controllers

This state-of-the-art course focuses on PLC hardware, programming, and program design. Emphasis is placed on developing working programs, timers, counters, different special functions, and designing programs from existing hardwired systems. Upon completion, students should be able to develop programs, load programs into PLCs and troubleshoot the system.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 241: National Electric Code

This course introduces students to the National Electric Code. Emphasis is placed on locating and interpreting needed information within the NEC code manual. Upon completion, students should be able to locate code requirements for a specific electrical installation.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 242: Journeyman-Master Prep Exam (Elective)

This course is designed to help prepare a student to take either the Journeyman or Master Certification Exam. Emphasis is placed on review of electrical concepts and/or principles, practice tests, and test-taking procedures. Upon completion, students should be able to pass the Journeyman/Masters Certifying Exam.

Credits: 3

Prerequisites:

Permission of instructor.

ELT 244: Conduit Bending and Installation

This course provides students with skills needed to properly bend electrical metallic tubing, rigid galvanized and intermediate metal conduit, and PVC conduit. Emphasis is placed on the theory and practical application of conduit bending methods. Upon completion, students should be able to measure, layout, and successfully bend conduit using hand, mechanical, and hydraulic benders.

Credits: 3

Prerequisites:

Permission of instructor.

ENR 098: Writing and Reading for College

This course integrates reading and writing skills students need to comprehend and interact with college-level texts and to produce original college-level writing. Reading skills will center on processes for literal and critical comprehension, as well as the development of vocabulary skills. Writing skills will focus on using an effective writing process including generating ideas, drafting, organizing, revising and editing to produce competent essays using standard written English. This course may include a one-hour lab component.

Credits: 4

Prerequisites:

None.

Co-Requisites:

None.

English Language & Literature

ENG 099: Introduction to College Writing

This course places emphasis on providing students with additional academic and noncognitive support with the goal of success in the students' paired ENG 101 class. The material covered or practiced in the ENG 099 course is complementary to and supportive of material taught in ENG 101 and the needs of the ENG 099 student.

Credits: 1

-

2

Prerequisites:

None.

Co-Requisites:

ENG 101

ENG 100: Vocational Technical English I

This course is designed to enhance reading and writing skills for the workplace. Emphasis is placed on technical reading, job-related vocabulary, sentence writing, punctuation, and spelling with a substantial focus on occupational performance requirements. Upon completion, students should be able to identify main ideas with supporting details and produce mechanically correct short writings appropriate to the workplace.

Credits: 3

Prerequisites:

Satisfactory placement score.

ENG 101: English Composition I

English Composition I provide instruction and practice in the writing of at least six (6) extended compositions and the development of analytical and critical reading skills and basic reference and documentation skills in the composition process. English Composition I may include instruction and practice in library usage.

Credits: 3

Prerequisites:

ENR 098 or appropriate English placement score.

ENG 102: English Composition II

English Composition II provides instruction and practice in the writing of six (6) formal, analytical essays, at least one of which is a research project using outside sources and/or references effectively and legally. Additionally, English Composition II provides instruction in the development of analytical and critical reading skills in the composition process. English Composition II may include instruction and practice in library usage.

Credits: 3

Prerequisites:

A grade of "C" or better in ENG 101 or the equivalent.

ENG 251: American Literature I

This course is a survey of American literature from its inception to the middle of the nineteenth century. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

Credits: 3

Prerequisites:

ENG 102 or equivalent.

ENG 252: American Literature II

This course is a survey of American literature from the middle of the nineteenth century to the present. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

Credits: 3

Prerequisites:

ENG 102 or equivalent.

ENG 261: English Literature I

This course is a survey of English literature from the Anglo-Saxon period to the Romantic Age. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspect of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

Credits: 3

Prerequisites:

ENG 102 or equivalent.

ENG 262: English Literature II

This course is a survey of English literature from the Romantic Age to the present. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

Credits: 3

Prerequisites:

ENG 102 or equivalent.

ENG 271: World Literature I

This course is a study of selected literary masterpieces from Homer to the Renaissance. Emphasis is placed on major representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

Credits: 3

Prerequisites:

ENG 102 or equivalent.

ENG 272: World Literature II

This course is a study of selected literary masterpieces from the Renaissance to the present. Emphasis is placed on major representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

Credits: 3

Prerequisites:

ENG 102 or equivalent.

Geography

GEO 100: World Regional Geography

This course surveys various countries and major regions of the world with respect to location and landscape, world importance, political status, population, type of economy, and its external and internal organization problems and potentials.

Credits: 3

Prerequisites:

None.

GEO 220: Principles of Physical Geography

This course is an introduction to natural features of the earth. It concentrates on weather, climate, soil, and vegetation associations, on landforms and on the forces that have been active in shaping the earth's surface.

Credits: 3

Prerequisites:

None.

GIS 106: Geographic Information Systems

This course is designed to introduce the student to the Geographic Information System (GIS) software. Topics will include storing, managing, and displaying spatial features and geographic data, coordinate systems, vector, and raster data models, spatial data editing, and attribute data management. Upon completion, students should be able to manipulate and edit GIS data.

Credits: 3

Prerequisites:

As required by program.

Health Education

HED 221: Personal Health

This course introduces principles and practices of personal and family health; it includes human reproduction, growth and development, psychological dimensions of health, human sexuality, nutrition and fitness, aging, death and dying.

Credits: 3

HED 222: Community Health

This course introduces principles and practices of community health; it includes drug use and abuse, communicable diseases, cardiovascular diseases, cancer, consumer health, health organization, and environmental concerns.

Credits: 3

HED 224: Personal and Community Health

This course covers health problems for the individual and for the community. Areas of study include mental health, family life, physical health, chronic and degenerative diseases, control of communicable diseases, and the understanding of depressants and stimulants. Healthful living habits will be emphasized.

Credits: 3

HED 226: Wellness

This course provides health-related education to those individuals seeking advancement in the area of personal wellness. The course has 5 major components: (1) fitness and health assessment, (2) physical work capacity, (3) education, (4) reassessment and (5) retesting.

Credits: 1

3

HED 230: Safety and First Aid

HED 230 is divided into two parts. The first part concerns itself with the development of a safety education program within an organization (i.e., school, office, shop, etc.). The second part deals with physical injuries, emergency care, and treatment of those injuries. CPR certification and Standard Red Cross Cards are given upon successful completion of American Red Cross requirements.

Credits: 3

HED 231: First Aid

This course provides instruction to the immediate, temporary care which should be given to the victims of accidents and sudden illness. It also includes standard and advanced requirements of the American Red Cross, and/or the American Heart Association. CPR training also is included.

Credits: 3

HED 232: Care and Prevention of Athletic Injuries

This course provides a study of specific athletic injuries, their treatment, and preventive measures.

Credits: 3

HED 266: Introduction to Health Occupations

This course is designed to give students a general introduction to health occupations. Major emphasis is on the specialization area of each student enrolled.

Credits: 3

Prerequisites:

As required by program.

HED 267: Drug Education

This course provides an examination of the drug scene with emphasis on the following: pharmacological and sociological aspects of drug use, rehabilitation and treatment resources, and law enforcement procedures.

Credits: 3

HED 277: CPR Recertification

In this course, instruction and review of updated information concerning cardio-pulmonary resuscitation (CPR) is presented. The student must satisfactorily execute skills needed to meet requirements for recertification in Basic Cardiac Life Support (BCLS) as required by the American Heart Association.

Credits: 1

Health Science

HPS 103: Foundation Competencies for Health Science

This course is designed to assist the student in developing the knowledge, skills, and abilities necessary to be successful in health-related disciplines. Content focuses on development and use of effective study and test taking-skills, assertiveness training, stress management, values clarification, diversity, ethical-legal concept, problem-solving and communication skills. Upon completion of this course the student will demonstrate the knowledge, skills and abilities needed to be successful in the student role.

Credits: 3

Prerequisites:

As required by program.

Co-Requisites:

As required by program.

HPS 105: Medical Terminology

This course is an application for the language of medicine. Emphasis is placed on terminology associated with health care, spelling, pronunciation, and meaning associated with prefixes, suffixes, and roots as they relate to anatomical body systems. Upon completion of this course, the student should be able to correctly abbreviate medical terms and appropriately use medical terminology in verbal and written communication.

Credits: 3

Prerequisites:

As required by program.

Co-Requisites:

As required by program.

HPS 118: Fundamentals of Phlebotomy

This course is designed to train individuals to collect and process blood and other clinical specimens for laboratory testing and to interact with health care personnel, clients, and the general public. Presentation includes equipment and additives, basic anatomy, and techniques for safe and effective venipuncture. The phlebotomy clinical will be a supervised practicum within the clinical setting that provides laboratory practice in phlebotomy. Emphasis will be placed on collection techniques, specimen processing, work flow practices, referrals, and utilizing laboratory information systems. This course will prepare individuals to write the Phlebotomist Certification Examination.

Credits: 5

Prerequisites:

As required by program.

Co-Requisites:

HPS 119

HPS 119: Phlebotomy Clinical

The Phlebotomy course is designed to train individuals to properly collect and process blood and other clinical specimens for laboratory testing and to interact with health care personnel, clients, and the general public. Presentation includes equipment and additives, basic anatomy, and techniques for safe and effective venipuncture. The phlebotomy clinical will be a supervised practicum within the clinical setting that provides laboratory practice in phlebotomy. Emphasis will be placed on collection techniques, specimen processing, work flow practices, referrals, and utilizing laboratory information systems. This course will prepare individuals to write the Phlebotomist Certification Examination.

12 Contact Hours

Credits: 4

Lab Hours: 4

MAH 101: Introductory Mathematics I

This course is a comprehensive review of arithmetic with basic algebra designed to meet the needs of certificate and diploma programs. Topics include business and industry related arithmetic and geometric skills used in measurement, ratio and proportion, exponents and roots, applications of percent, linear equations, formulas, and statistics. Upon completion, students should be able to solve practical problems in their specific occupational areas of study. NCA

Credits: 3

Prerequisites:

Satisfactory placement score.

MTH 098: Elementary Algebra

This course is a review of the fundamental arithmetic and algebra operations. The topics include the numbers of ordinary arithmetic and their properties; integers and rational numbers; the solving of equations; polynomials and factoring; and an introduction to systems of equations and graphs. A 50-minute lab is required.

Credits: 4

Prerequisites:

MTH 090 or appropriate mathematics placement score.

MTH 099: Support for Intermediate College Algebra

This Learning Support course provides co-requisite support in mathematics for students enrolled in MTH 100. The material covered in this course is parallel to and supportive of the material taught in MTH 100. Emphasis is placed on providing students with additional academic and noncognitive support with the goal of success in the students' paired MTH 100 class. This course does not apply toward the general core requirement for mathematics.

Credits: 1

-

2

Prerequisites:

Appropriate mathematics placement score (MTH 098 is not a pre-requisite for MTH 099. A student who successfully completes MTH 098 is eligible for MTH 100 without the support course.)

Co-Requisites:

MTH 100 Intermediate College Algebra

MTH 100: Intermediate College Algebra

This course provides a study of algebraic concepts such as laws of exponents, polynomial operations, factoring polynomials, radical and rational expressions and equations and quadratic equations. Functions and relations are introduced and graphed. This course does not apply toward the general core requirement for mathematics.

Credits: 3

Prerequisites:

MTH 098 Elementary Algebra or appropriate mathematics placement score.

MTH 110: Finite Mathematics

This course is intended to give an overview of topics in finite mathematics together with their applications, and is taken primarily by students who are not majoring in science, engineering, commerce, or mathematics (i.e., students who are not required to take Calculus). This course will draw on and significantly enhance the student's arithmetic and algebraic skills. The course includes sets, counting, permutations, combinations, basic probability (including Bayes' Theorem), and introduction to statistics (including work with Binomial Distributions and Normal Distributions), matrices and their applications to Markov chains and decision theory. Additional topics may include symbolic logic, linear models, linear programming, the simplex method and applications.

Credits: 3

Prerequisites:

All core mathematics courses in Alabama must have as a minimum prerequisite high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score. An alternative to this is that the student should successfully pass with a C or higher (S if taken as pass/fail) MTH100 Intermediate College Algebra.

MTH 112: Pre-Calculus Algebra

This course emphasizes the algebra of functions including polynomial, rational, exponential, and logarithmic functions. The course also covers systems of equations and inequalities, quadratic qualities, and the binomial theorem. Additional topics may include matrices, Cramer's Rule, and mathematical induction.

Credits: 3

Prerequisites:

All core mathematics courses in Alabama must have as a minimum prerequisite high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score. An alternative to this is that the student should successfully pass with C or higher (S if taken as pass/fail) MTH100 Intermediate College Algebra.

MTH 113: Pre-Calculus Trigonometry

This course includes the study of trigonometric (circular functions) and inverse trigonometric functions, and includes extensive work with trigonometric identities and trigonometric equations. The course also covers vectors, complex numbers, DeMoivre's Theorem, and polar coordinates. Additional topics may include conic sections, sequences, and using matrices to solve linear systems.

Credits: 3

Prerequisites:

A minimum Prerequisite of high school Algebra I, Geometry and Algebra II with an appropriate mathematics placement score is required. An alternative to this is that the student should successfully pass with a C or higher (S if taken as pass/fail) MTH 112 Pre-calculus Algebra.

MTH 125: Calculus I

This is the first of three courses in the basic calculus sequence taken primarily by students in science, engineering, and mathematics. Topics include the limit of a function; the derivative of algebraic, trigonometric, exponential, and logarithmic functions; and the definite integral and its basic applications to area problems. Applications of the derivative are covered in detail, including approximations of error using differentials, maximum and minimum problems, and curve sketching using calculus.

Credits: 4

Prerequisites:

A minimum Prerequisite of high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score is required. An alternative to this is that the student should successfully pass MTH 113 or MTH 115 with a grade of C or higher.

MTH 126: Calculus II

This is the second of three courses in the basic calculus sequence. Topics include vectors in the plane and in space, lines and planes in space, applications of integration (such as volume, arc length, work and average value), techniques of integration, infinite series, polar coordinates, and parametric equations.

Credits: 4

Prerequisites:

A minimum Prerequisite of high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score is required. An alternative to this is that the student should successfully pass MTH 125 with a C or higher.

MTH 131: Mathematics in General Education I

This course is designed for general education and for all students in education programs except those who will concentrate on science or mathematics. Emphasis is on the structure of the number system from the integers to the real numbers, logic, numeration systems, prime numbers, basic concepts of algebra, elementary probability and statistics, graphs, informal geometry, and, the metric system. This course does not apply to the general core requirement for mathematics.

Credits: 3

Prerequisites:

As required by program.

MTH 227: Calculus III

This is the third of three courses in the basic calculus sequence. Topics include vector functions, functions of two or more variables, partial derivatives (including applications), quadric surfaces, multiple integration, and vector calculus (including Green's Theorem, Curl and Divergence, surface integrals, and Stokes' Theorem).

Credits: 4

Prerequisites:

MTH 126.

MTH 231: Math for the Elementary Teacher I

This course is designed to provide appropriate insights into mathematics for students majoring in elementary education and to ensure that students going into elementary education are more than proficient at performing basic arithmetic operations. Topics include logic, sets and functions, operations and properties of whole numbers and integers including number theory; manipulatives by teachers to demonstrate abstract concepts; and by students while learning these abstract concepts as emphasized in the class. Upon completion, students are required to demonstrate proficiency in each topic studied as well as to learn teaching techniques that are grade level and subject matter appropriate, and test for mathematical proficiency and the learning of teaching concepts.

Credits: 3

Prerequisites:

As required by program.

MTH 232: Math for the Elementary Teacher II

This course is the second of a three-course sequence and is designed to provide appropriate insights into mathematics for students majoring in elementary education and to ensure that students going into elementary education are more proficient at performing basic arithmetic operations. Topics include numeration skills with fractions, decimals and percentages, elementary concepts of probability and statistics, and analytic geometry concepts associated with linear equations and inequalities. The use of manipulatives and calculators in the teaching and learning process is stressed. Upon completion, students will test for mathematical proficiency and the learning of teaching concepts. Students also will demonstrate an appropriate teaching technique by preparing a lesson and teaching it to the class for their final exam grade.

Credits: 3

Prerequisites:

MTH 231.

MTH 233: Math for the Elementary Teacher III

This course is the third of a three-course sequence and is designed to provide appropriate insights into mathematics for students majoring in elementary education and to ensure that students going into elementary education are more than proficient at performing basic arithmetic operations. Topics include concepts for plane and solid geometry. Emphasis is on linear measurement as well as fundamental concepts of geometry dealing with lines, angles, triangles, polygons, and solids. The metric system is used for measurement through the course. The use of manipulatives and calculators in the teaching and learning process is emphasized. Upon completion, students will be given exams to test for mathematical proficiency and the learning of teaching concepts. Additionally, students will demonstrate teaching techniques by preparing a lesson and teaching it to the class for their final exam grade.

Credits: 3

Prerequisites:

MTH 232.

MTH 238: Applied Differential Equations I

An introduction to numerical methods, qualitative behavior of first order differential equations, techniques for solving separable and linear equations analytically, and applications to various models (e.g. populations, motion, chemical mixtures, etc.); techniques for solving higher order linear differential equations with constant coefficients (general theory, undetermined coefficients, reduction of order and the method of variation of parameters), with emphasis on interpreting the behavior of the solutions, and applications to physical models whose governing equations are of higher order; the Laplace transform as a tool for the solution of initial value problems whose inhomogeneous terms are discontinuous.

Credits: 3

Co-Requisites:

MTH 227.

History

HIS 101: History of Western Civilization I

This course is a survey of social, cultural, economic, and political developments which have molded the modern Western world. It covers the ancient and medieval periods and concludes in the era of Renaissance and Reformation.

Credits: 3

Prerequisites:

None.

HIS 102: History of Western Civilization II

This course is a continuation of HIS 101; it surveys development of the modern western world from the era of the Renaissance and Reformation to the present.

Credits: 3

Prerequisites:

None.

HIS 201: United States History I

This course surveys United States history during colonial, Revolutionary, early national and antebellum periods. It concludes with the Civil War and Reconstruction.

Credits: 3

Prerequisites:

None.

HIS 202: United States History II

This course is a continuation of HIS 201; it surveys United States history from the Reconstruction era to the present.

Credits: 3

Prerequisites:

None.

HIS 256: African-American History

This course focuses on the experience of African-American people in the western hemisphere, particularly the United States. It surveys the period from the African origins of the slave trade during the period of exploration and colonization to the present. The course presents a comparison between the African experience in the United States and in Mexico and South America.

Credits: 3

Prerequisites:

None.

Industrial Maintenance Technology

Industrial Maintenance Technology Degree

Modern industry depends upon individuals with the knowledge, skills, and abilities necessary to keep production running smoothly and efficiently.

Individuals who possess the technical skills necessary to maintain industrial equipment are in high demand and are well compensated. The Associate in Applied Science degree program in Industrial Maintenance Technology (INT) provides students with both theoretical and practical learning experiences which, in turn, provide INT Program graduates with the technical skills necessary for employment in a variety of industrial settings. More specifically, the purposes of the INT Program follow are to enable students to obtain immediate entry to industrial and manufacturing settings locally, statewide, and regionally; to provide the local industrial manufacturing community with highly skilled industrial maintenance technicians that are able to set up, install, maintain, and troubleshoot industrial equipment and systems; and to supplement the supply of skilled workers in the College's service area by offering short-term training opportunities which are components of, or are related to, industrial maintenance technology.

NOTES:

* Curriculum display is subject to change; however, courses will be offered to meet degree requirements.

* Student competence in Oral Communications is accomplished within discipline-specific courses.

Industrial Maintenance Technology Course Descriptions

INT 101: DC Fundamentals

This course provides a study of atomic theory, direct current (DC), properties of conductors and insulators, direct current characteristics of series, parallel, and series parallel circuits. Inductors and capacitors are introduced and their effects on DC circuits are examined. Students are prepared to analyze complex DC circuits, solve for unknown circuits variables and to use basic electronic test equipment. This course also provides hands on laboratory exercises to analyze, construct, test, and troubleshoot direct current circuits. Emphasis is placed on the use of scientific calculator and the operation of common test equipment used to analyze and troubleshoot DC and to prove the theories taught during classroom instruction. Supports CIP Codes: 15.0303, 47.0105, 46.0302, and 47.0609. This course is also taught as ETC 101, EET 103, ILT 160, ELT 108.

Credits: 3

Prerequisites:

As required by program.

INT 103: AC Fundamentals

This course provides a study of the theory of alternating current (AC). Students are prepared to analyze complex AC circuit configurations with resistor, capacitors, and inductors in series and parallel combinations. Upon completion, students should be able to describe AC circuits and explain the function of A. C. such as RLC, impedance, phase relationships and power factor. This course also provides hands on laboratory exercises to analyze alternating current using a variety of circuit configurations with resistors, capacitors, and inductors in series and parallel combinations. Emphasis is placed on the operation of common test equipment used to analyze and troubleshoot AC circuits to prove the theories taught. Supports CIP Codes: 15.0303, 47.0105, 46.0302, and 47.0609. This course is also taught as ETC 102, EET 104, ILT 161, ELT 109.

Credits: 3

Prerequisites:

As required by program.

INT 104: Principles of Technology

This course provides an introduction to the application of the principles of physics in technology. Topics include fundamentals of mechanics, properties of matter, heat and temperature, electricity and magnetism, optics and modern physics.

Credits: 3

Prerequisites:

As required by program.

INT 112: Industrial Maintenance Safety Procedures

This course is an in-depth study of the health and safety practices required for maintenance of industrial production equipment. Topics include traffic, ladder, electrical, and fire safety, safe work in confined spaces, electrical and mechanical lock-out procedures, emergency procedures, OSHA regulations, MSDS Right-to-Know law, hazardous materials safety equipment use and care. Upon course completion, students will be able to implement health and safety practices in an industrial production setting.

Credits: 3

Prerequisites:

As required by program.

INT 113: Industrial Motor Control I

This course focuses on information regarding industrial motor controls and basic information regarding process logic controllers. Upon completion students will be able to remove, replace, and wire different types of control devices for operating industrial motors.

Credits: 3

Prerequisites:

As required by program.

INT 117: Principles of Industrial Mechanics

This course provides instruction in basic physics concepts applicable to mechanics of industrial production equipment. Topics include the basic application of mechanical principles with emphasis on power transmission, specific mechanical components, alignment, and tension. Upon completion, students will be able to perform basic troubleshooting, repair and maintenance functions on industrial production equipment.

Credits: 3

Prerequisites:

As required by program.

INT 118: Fundamentals of Industrial Hydraulics and Pneumatics

This course includes the fundamental concepts and theories for the safe operation of hydraulic and pneumatic systems used with industrial production equipment. Topics include the physical concepts, theories, laws, air flow characteristics, actuators, valves, accumulators, symbols, circuitry, filters, servicing safety, and preventive maintenance and the application of these concepts to perform work. Upon completion, students should be able to service and perform preventive maintenance functions on hydraulic and pneumatic systems.

Credits: 3

Prerequisites:

As required by program.

INT 119: Principles of Mechanical Measurement and Technical Drawing

This course provides instruction in the use of precision measuring tools and the interpretation of technical drawings. Topics include the use of calipers, micrometers, steel rules, dial indicators, identifying types of lines and symbols of technical drawings, recognition and interpretation of various types of views, tolerances, and dimensions. Upon course completion, students will be able to use precision measuring tools and interpret technical drawings.

Credits: 3

Prerequisites:

As required by program.

INT 121: Industrial Hydraulics Troubleshooting

This course provides instruction in maintenance and troubleshooting procedures needed for safe and proper repair of hydraulic systems used with industrial production equipment. Topics include maintenance and troubleshooting procedures, hydraulic system maintenance and troubleshooting techniques, effects of heat, leakage, and contamination on components and system operation, component maintenance and troubleshooting, reading and interpreting system diagrams, and design and troubleshooting of hydraulic circuits and systems. Upon course completion, students will demonstrate the ability to troubleshoot and repair industrial hydraulic systems.

Credits: 3

Prerequisites:

As required by program.

INT 126: Preventive Maintenance

This course focuses on the concepts and applications of preventive maintenance. Topics include the introduction of alignment equipment, job safety, tool safety, preventive maintenance concepts, procedures, tasks, and predictive maintenance concepts. Upon course completion, students will demonstrate the ability to apply proper preventive maintenance and explain predictive maintenance concepts.

Credits: 3**Prerequisites:**

As required by program.

INT 127: Principles of Industrial Pumps and Piping Systems

This course provides instruction in the fundamental concepts of industrial pumps and piping systems. Topics include pump identification, operation, and installation, maintenance and troubleshooting, and piping systems, and their installation. Upon course completion, students will be able to install, maintain, and troubleshoot industrial pumps and piping systems.

Credits: 3**Prerequisites:**

As required by program.

INT 134: Principles of Industrial Maintenance Welding and Metal Cutting Techniques

This course provides instruction in the fundamentals of acetylene cutting and the basics of welding needed for the maintenance and repair of industrial production equipment. Topics include oxy-fuel safety, choice of cutting equipment, proper cutting angles, equipment setup, cutting plate and pipe, hand tools, types of metal welding machines, rod and welding joints, and common welding passes and beads. Upon course completion, students will demonstrate the ability to perform metal welding and cutting techniques necessary for repairing and maintaining industrial equipment.

Credits: 3**Prerequisites:**

As required by program.

INT 158: Industrial Wiring I

This course focuses on principles and applications of commercial and industrial wiring. Topics include, electrical safety practices, an overview of National Electric Code requirements as applied to commercial and industrial wiring, conduit bending, circuit design, pulling cables, transformers, switch gear, and generation principles.

Credits: 3**Prerequisites:**

As required by program.

INT 213: Industrial Motor Control II

This course is a continuation of INT 212 focusing on additional theory and practice regarding industrial motor control schematics and wiring. Included are multispeed and soft start wiring techniques for industrial motors and synchronous motor control. The student will also be exposed to the theory, setup and programming of variable speed drives. Upon completion students will be able to remove, replace, and wire different types of resistors, reactors and transformers similar to those used in the control of industrial polyphase motors; and large DC motors.

Credits: 3**Prerequisites:**

As required by program.

INT 284: Applied Principles of Programmable Control

This course provides a comprehensive study in the theory and application of specific models of programmable logic controllers. Topics include hardware configuration, memory and addressing detail function of software, instruction types, system troubleshooting, and simple programming techniques.

Credits: 3**Prerequisites:**

As required by program.

INT 288: Advanced Principles of Programmable Control

This course provides instruction in the advanced theory, application, and programming techniques of a specific programmable logic controller, including the hardware/software layout, addressing, communication, and machine interface. In addition, the course covers instruction in timing and memory consideration, and their effects on program and machine performance.

Credits: 3**Prerequisites:**

As required by program.

Masonry/Building Trades

Masonry/Building Trades STC

Brick masons are craftspeople who construct walls, partitions, fireplaces, chimneys, and other structures from brick, concrete and cinder block, tile, and stone. Bricklaying requires careful, accurate work so that the structure has a neat and uniform appearance; is aligned with windows, doors, and other openings; thus preventing excessive waste and cutting. Craftspeople in this trade use the following tools: chisels, trowels, jointers, gauge lines, plumb bobs, and mason's levels. Helpers, who supply the mason with bricks,

mix mortar and set up/move scaffolding, usually assist bricklayers. Masons and bricklayers work on both new building construction and remodeling projects. Recipients of the Short – Term Certificate from this program receive instruction that provides an opportunity to gain masonry/bricklaying skills in a practical situation. Employment opportunities are strong for Short-Term Certificate recipients in an entry level capacity.

NOTE:

* Curriculum display is subject to change; however, courses will be offered to meet degree requirements

Short-Term Certificate in Advanced Masonry

Brick masons are craftspeople who construct walls, partitions, fireplaces, chimneys, and other structures from brick, concrete and cinder block, tile, and stone. Bricklaying requires careful, accurate work so that the structure has a neat and uniform appearance; is aligned with windows, doors, and other openings; thus preventing excessive waste and cutting. Craftspeople in this trade use the following tools: chisels, trowels, jointers, gauge lines, plumb bobs, and mason's levels. Helpers, who supply the mason with bricks, mix mortar and set up/move scaffolding, usually assist bricklayers. Masons and bricklayers work on both new building construction and remodeling projects. Recipients of the Short-Term Advanced Masonry Certificates from this program receive instruction that provides various opportunities to gain masonry/bricklaying skills and to practice these skills in practical situations on the job and in

a classroom setting. Employment opportunities are strong for the Short-Term Advanced Masonry Certificates recipients in this program, both locally and nationwide due to the need for new construction and renovation, as well as, refractory work.

Masonry/Building Trades Course Descriptions

MAS 111: Masonry Fundamentals I

This course is designed as an introduction and orientation to masonry construction, specifically to brick and block construction. Topics include the identification and safe use of tools, equipment, and masonry materials. Upon completion, the students should be able to properly apply masonry techniques.

Credits: 3

MAS 121: Brick/Block Masonry

This course is designed to provide the student with a working knowledge of the various concrete block and brick sizes as well as types of joints. Emphasis is placed on understanding the modular system, wall types, joints, and wall insulation. Upon completion of this course, the students should be able to identify methods of brick and block.

Credits: 3

MAS 131: Residential/Commercial

This course introduces the student to residential and commercial construction, plans and layouts, and reinforced masonry. Emphasis is placed on home building, shopping centers and high rise buildings, residential and commercial drawings and specifications, job costing and job preparation. Upon completion, the student should be able to read full-scale construction drawings, estimate job costs, specify job preparation techniques, and identify methods for veneering a wall, constructing a composite wall, installing expansion joints, setting coping, and moisture control.

Credits: 3

MAS 151: Masonry Fundamentals Lab

This course provides a practical application of introductory brick and block construction. Emphasis is placed on mixing mortar, using masonry equipment and tools, job preparation, spreading and furrowing mortar, and dry bonding. Upon completion, the student should be able to demonstrate appropriate practices, including safety in brick and block construction to entry-level standards.

Credits: 3

MAS 161: Concrete Block Masonry

This course provides practical application of concrete block advanced laying techniques. Emphasis is placed on developing skill in laying concrete block, constructing and reinforcing walls, joints, and sample panels and prisms. Upon completion, the student should be able to construct concrete block walls to entry-level standards.

Credits: 3

MAS 162: Brick Masonry Lab

This course provides practical application of advanced brick laying techniques. Emphasis is placed on developing skill in laying brick, constructing and reinforcing walls, joints, and sample panels and prisms. Upon completion, the student should be able to construct brick walls to entry-level standards.

Credits: 3

MAS 171: Residential/Commercial

This course provides application of residential and commercial techniques for plans and layouts, as well as brick veneer, composite walls, expansion joints, and moisture control. Emphasis is placed on developing skill in reading residential and commercial drawings and applying specifications to acceptable code standards, job costing, job preparation, and brick and block moisture control. Upon completion, the student should be able to demonstrate use of scaling rule for a set of plans, identify and sketch standard symbols for walls, openings, floors, and materials, estimate job costs according to plan, utilize appropriate methods to ensure moisture control, lay brick and block to the line, and build brick and block foundations to entry level standards.

Credits: 3

MAS 181: Special Topics in Masonry

These courses provide specialized instruction in various areas related to the industry. Emphasis is placed on meeting students' needs.

Credits: 3

MAS 182: Special Topics in Masonry

These courses provide specialized instruction in various areas related to the industry. Emphasis is placed on meeting students' needs.

Credits: 3

MAS 183: Special Topics in Masonry

These courses provide specialized instruction in various areas related to the industry. Emphasis is placed on meeting students' needs.

Credits: 3

MAS 184: Special Topics in Masonry

These courses provide specialized instruction in various areas related to the industry. Emphasis is placed on meeting students' needs.

Credits: 3

MAS 211: Stone Masonry I

This course provides stone and decorative masonry techniques, fireplace construction, and repair and restoration of brick structures. Topics include brick arches, fireplace construction, stone materials, laying techniques moisture control, wall supports, joints, coping, sample panels and cultured stone. Upon completion, the student should be able to identify appropriate materials and techniques for the stated topics.

Credits: 3

MAS 221: Specialized Masonry

This course provides an introduction to geographically specific masonry techniques. Topics include panel construction, acid brick, refractories, structural glazed tile, glass block, passive solar design, barrier walls and hollow metal frames.

Upon completion, students should be able to define and recognize types and applications of specialized techniques and materials as well as identify proper installation and laying techniques.

Credits: 3

MAS 231: Basic Cement Masonry

This course is designed to introduce the various types of cement masonry, concrete requirements, flat work, estimating, and finishing methods. Emphasis is placed on estimating concrete for small to medium size projects, flat work, form work, footings, and the correct tools and methods of finishing and placing.

Credits: 3

MAS 251: Stone Masonry Lab

This course provides practical application of stone and decorative masonry techniques, repair and restoration of brick structures, and brick arches.

Emphasis is placed on developing skill in performing these techniques. Upon completion, the student should be able to lay stone, repair and restore brick structures, and build brick arches to entry-level standards.

Credits: 3

MAS 252: Fireplace Construction

This course provides practical application of techniques for constructing fireplaces and other decorative work. Emphasis is placed on developing skill in constructing decorative masonry techniques. Upon completion, the student should be able to construct a variety of fireplaces to entry-level standards.

Credits: 3

MAS 253: Brick Arches Lab

This course provides practical application of techniques of constructing brick arches and other decorative work. Emphasis is placed on developing skill in constructing decorative masonry techniques. Upon completion, the student should be able to construct brick arches and other decorative masonry techniques to entry-level standards.

Credits: 3

MAS 261: Specialized Masonry Lab II

This course provides practical application geographically specific masonry techniques. Emphasis is placed on developing skill in laying and installing panel construction, acid brick, refractories, structural glazed tile, glass block, passive solar design, barrier walls, and hollow metal frames. Upon completion, students should be able to perform, to entry-level standards, appropriate techniques for selection, laying, and installation of geographically specific masonry applications.
Credits: 3

MAS 271: Basic Cement Masonry Lab

This course introduces the students to basic concrete masonry, including the use of various tools, estimating, and placing concrete. Emphasis is placed on correct methods used in placing concrete, finishing concrete, placing forms, and proper care of concrete tools. Upon completion of this course, the student should demonstrate entry-level skills for placing, finishing, estimating, and curing concrete.
Credits: 3

MAS 272: Advanced Cement Masonry

Credits: 3

MAS 281: Special Topics in Masonry

These courses provide specialized instruction in various areas related to the industry. Emphasis is placed on meeting students' needs.
Credits: 3

MAS 282: Special Topics in Masonry

These courses provide specialized instruction in various areas related to the industry. Emphasis is placed on meeting students' needs.

Mathematics

MTH 116: Mathematical Applications

This course provides practical applications of mathematics and includes selected topics from consumer math and algebra. Some topics included are integers, percent, interest, ratio and proportion, metric system, probability, linear equations, and problem-solving. This course meets the minimum mathematics requirement for AAS degrees but does not meet the minimum mathematics requirement for the AA or AS degrees.
Credits: 3

Credits: 3

Prerequisites:

MTH 090 or appropriate mathematics placement score.

Music

MUS 101: Music Appreciation

This course is designed for non-music majors and requires no previous musical experience. It is a survey course that incorporates several modes of instruction including lecture, guided listening, and similar experiences involving music. The course will cover a minimum of four (4) stylistic periods, provide a multi-cultural perspective, and include both vocal and instrumental genres. Upon completion, students should be able to demonstrate knowledge of music fundamentals, the aesthetic/stylistic characteristics of historical periods, and an aural perception of style and structure in music.
Credits: 3

Credits: 3

Prerequisites:

None.

Nurse Assistant/Aide

NAS/HHA 115: CPR & Basic First Aid

This course provides students with the basic knowledge to interpret electrocardiograms. Students learn to identify the different categories of dysrhythmias on an EKG strip/monitor and acquire the technical skills to perform a 12 lead EKG in the clinical setting. An overview of the electrical conduction of the heart and cardiac circulation is included to assist students to identify common and life-threatening dysrhythmias. This course includes both class and lab.
Credits: 2

Credits: 2

Prerequisites:

As required by program.

Co-Requisites:

As required by program.

**NAS/HHA 120: Fundamentals of Nursing Assistant/
Home Health Aide**

This course provides the student with the necessary theory and laboratory experiences for the development of skills required to qualify as a long-term care, Nursing Assistant/Home Health Aide.

Emphasis is placed on the acquisition of skills in communication, observation, safety, mobility/body mechanics, personal and restorative care, and infection control necessary to care for patients and clients of all ages. Upon completion of this course, the student will be able to apply concepts and skills in areas required by the Omnibus Budget Reconciliation Act (OBRA) and the National Association of Home Care.

Credits: 11

Prerequisites:

As required by program.

Co-Requisites:

[NAS/HHA 121](#)

**NAS/HHA 121: Fundamentals of Nursing Assistant/
Home Health Aide Clinical**

This course is designed for students to apply knowledge and skills needed to perform basic nursing care safely and efficiently in various supervised health care setting. Emphasis is placed on safety, therapeutic communication, infection control, critical thinking, and proper documentation. Upon completion of this course, the student will demonstrate beginning competency in the delivery of care to patients and clients in various health care settings.

Credits: 3

Prerequisites:

As required by program.

Co-Requisites:

NAS/HHA 120

NAS/HHA 130: Basic Electrocardiogram Interpretation

This course provides students with the basic knowledge to interpret electrocardiograms. Students learn to identify the different categories of dysrhythmias on an EKG strip/monitor and acquire the technical skills to perform a 12 lead EKG in the clinical setting. An overview of the electrical conduction of the heart and cardiac circulation is included to assist students to identify common and life-threatening dysrhythmias. This course includes both class and lab.

Total Contact Hours: 4

Credits: 2

Lab Hours: 1

Prerequisites:

As required by program.

Co-Requisites:

As required by program.

NUR 112: Fundamental Concepts of Nursing

This course teaches the foundational knowledge of nursing concepts and clinical decision making to provide evidence-based nursing care. Content includes but is not limited to: healthcare delivery systems, professionalism, health promotion, psychosocial well-being, functional ability, gas exchange, safety, pharmacology, and coordinator/manager of care.

Credits: 7

Prerequisites:

Admission to Nursing Program

Co-Requisites:

[BIO 201](#)

NUR 113: Nursing Concepts I

This course teaches the foundational knowledge of nursing concepts and clinical decision making to provide evidence-based nursing care. Content includes but is not limited to coordinator/manager of care, perfusion, oxygenation, infection, inflammation, tissue integrity, nutrition, elimination, mobility/immobility, cellular regulation, acid/base balance, and fluid/electrolyte balance.

Credits: 8

Prerequisites:

[BIO 201](#)

Co-Requisites:

[BIO 202](#)

[ENG 101](#)

NUR 114: Nursing Concepts II

This course teaches foundational knowledge of nursing concepts and clinical decision making to provide evidence-based nursing care. Content includes but is not limited to coordinator/manager of care, sexuality, reproduction and childbearing, infection, inflammation, sensory perception, perfusion, cellular regulation, mood disorders and affect, renal fluid/electrolyte balance, and medical emergencies.

Credits: 8

Prerequisites:

[BIO 202](#)

[ENG 101](#)

[NUR 113](#)

Co-Requisites:

NUR 115 and SPH106 or 107

NUR 115: Adult Nursing

This course provides students with opportunities to collaborate with various members of the healthcare team in a family and community context. Students utilize clinical reasoning to assimilate concepts within the individual, health and nursing domains.

Credits: 2

Prerequisites:

[BIO 202](#)

Co-Requisites:

NUR 114 and SPH106 or 107

NUR 209: Concepts for Healthcare Transition Students

This course focuses on the application of nursing concepts to assist healthcare professionals to transition into the role of the registered nurse. Emphasis in this course is placed on evidenced-based clinical decision making and nursing concepts provided in a family and community context for a variety of health alterations across the lifespan.

Credits: 10

Prerequisites:

[BIO 201](#)

[BIO 202](#)

[ENG 101](#)

[MTH 100](#)

NUR 211: Advanced Nursing Concepts

This course provides opportunities for students to integrate advanced nursing care concepts within a family and community context. Content includes but is not limited to: manager of care for advanced concepts in safety, fluid/electrolyte balance, cellular regulation, gas exchange, psychosocial well-being, growth and development, and medical emergencies.

Credits: 7

Prerequisites:

[NUR 115](#)

Co-Requisites:

[BIO 220](#)

NUR 221: Advanced Evidence-Based Clinical Reasoning

This course provides students with opportunities to demonstrate graduate competencies through didactic and preceptorship experiences necessary to transition to the profession of nursing. Content includes various topics within the nursing and health care domains.

Credits: 7

Prerequisites:

[BIO 220](#) and [NUR 211](#)

Co-Requisites:

Approved Humanities Elective

Nursing

ASSOCIATE DEGREE NURSING (ADN) PROGRAM

The Associate Degree Nursing (ADN) Program at Wallace Community College Selma is designed to prepare students to sit for the National Council Licensure Examination for Registered Nurses (NCLEX-RN) and to become professional nurses prepared to meet the health care needs of individuals of all ages at any point on the health-illness continuum. The ADN curriculum incorporates general academic courses in addition to the nursing courses. Methods of instruction within the nursing courses include classroom instruction, laboratory experiences, and guided clinical experiences in varied health care agencies. ADN graduates are prepared to fulfill entry-level positions as staff nurses and may be employed in a variety of settings such as outpatient clinics, hospitals, long-term care facilities, physician's offices, and home health care agencies. Salaries are varied, dependent upon location, job description, skill, and individual attributes.

The ADN program offers two educational options for an Associate Degree in Nursing:

1. **The Generic Program** offers beginning nursing students the opportunity to complete the

Associate in Applied Science Degree (Nursing) in five semesters. Students entering the generic program are not required to have any prior knowledge or skills in nursing.

2. **The Mobility Program** is designed for Licensed Practical Nurses and enables them to complete the Associate in Applied Science Degree (Nursing) in three semesters.

Graduates of both options may be eligible to take the NCLEX-RN. However, graduation from this program does not guarantee eligibility to take the National Council Licensure Examination-Registered Nurse. The Alabama Board of Nursing has the option of denying eligibility to any candidate who fails to produce evidence of good moral character, such as, but not limited to, an arrest or conviction of a criminal offense or for driving under the influence of drugs/alcohol. Any questions regarding this matter may be directed to the Director of Health Sciences at Wallace Community College Selma. Selection of each class is made by the Nursing Admissions Committee.

ADN students are required to have an overall grade-point average of 2.0 ("C") from WCCS in order to graduate. In addition, students must have a grade of "C" or better in the didactic (theory) and clinical/laboratory components of all nursing courses. Special grading criteria are in effect for all nursing courses. The grading criteria for all courses with the prefix NUR are as follows:

A = 90 - 100
B = 80 - 89
C = 75 - 79
D = 60 - 74
F = 59 - and below

Physical, cognitive, psychomotor, affective, and social abilities are required in unique combinations to provide safe and effective nursing care. The applicant/student must be able to meet the essential functions with or without reasonable accommodations throughout the program of learning. Admission, progression, and graduation are contingent upon one's ability to demonstrate the essential functions delineated for the nursing programs. The nursing programs and/or its affiliated clinical agencies may identify additional essential functions. The nursing programs reserve the right to amend the essential functions as deemed necessary. In order to be admitted and to progress in the nursing program, one must possess a functional level of ability to perform the duties required of a nurse. Admission or progression may be denied if a student is unable to demonstrate the essential functions with or without reasonable accommodations. Applicants must submit the

completed Essential Functions Form prior to enrollment in the program and must update as applicable.

All students are required to have a physical examination before entering the program and again on a yearly basis. Students acquiring medical conditions needing continuous medical management during the course of the program may be required to present a signed statement from their physician stating it is permissible for them to continue in the program. These students must be physically able to complete all clinical requirements as scheduled. In addition, all students are required to have a negative drug screen (at the students' expense) in order to participate in the clinical component of a nursing course. The random drug screen will be scheduled by the ADN Department. Students are advised that if health or behavioral problems (physical, mental, emotional) become evident during the student's enrollment in the program, the Director of the ADN Program can request, at the student's expense, that an appropriate, professional evaluation be made of the student's behavior. Students in the Nursing Program shall abide by and be governed by both the rules and regulations of the Nursing Program as stated in the ADN Student Handbook and the Student Handbook of the College. The Alabama College System endorses the Americans' with Disabilities Act. In accordance with College Policy, when requested, reasonable accommodations may be provided for students with disabilities.

The ADN Program has received full approval of the Alabama Board of Nursing and continuing full accreditation from the Accreditation Commission for Education in Nursing (ACEN). Further information regarding the ADN Program and its accreditation status may be obtained by telephoning (404)-975-5000 or by writing to ACEN 3390 Peachtree Road NE, Suite 1400 Atlanta, Georgia 30326

ADN Admission Criteria for Generic Students

Applicants admitted into the ADN Generic Program each fall semester will be selected from high school graduates/GED recipients, students currently enrolled at WCCS, and students transferring from other colleges, according to established criteria. Space available at clinical sites and student-teacher ratios required by the Alabama Board of Nursing limit the number of applicants accepted each year.

General Requirements for Admission:

0. 1. 1. 1. Application Deadline: June 1 prior to the fall semester in which the student desires consideration for admission.
2. Applicants must submit the following to be eligible for the ADN Generic Program which begins in the fall semester of each year:
 1. Application for admission to the College
 2. Application Packet for admission to the Generic Program which is obtained from the Office of Admission and Records (334) 876-9295, or the WCCS website. If the Application Packet is found to be incomplete, the applicant will not be considered for entrance into the ADN Program.
 3. Official transcript(s) from all college(s) attended must be sent to the Office of Admissions and Records
 4. Unofficial transcript(s) from all college(s) attended must be enclosed in the Application Packet
 5. Official high school transcript or GED scores if no college-level courses have been completed
 6. Be in good standing with Wallace Community College Selma (2.0 or higher GPA)
 7. A minimum of 2.5 GPA for nursing required academic core courses and minimum 2.0 cumulative GPA at current, native institution or cumulative 2.0 in the institution from which students are transferring.
 8. A minimum of 2.5 GPA cumulative high school GPA for students without prior college courses (GED will be used if applicable).
 9. A Minimum of 18 ACT composite score National or Residential.
 10. Meet Essential Functions required for nursing
 11. WCCS Health form signed by a physician or nurse practitioner.
3. Applicants must be eligible to enroll in ENG 101, MTH 100 and BIO 201.

Specific Requirements for Admission:

After meeting all minimum requirements, applicants are ranked using a point system based on:

1. 1. ACT Score. There are 36 points possible. No limit on when the ACT Test was taken.
2. Points for grades in the following nursing required core general education courses are as documented:

Generic A B C
 ENG101 3 2 1
 MTH100 3 2 1
 BIO201 3 2 1
 BIO202 3 2 1

OR

Points for grades in selected high school courses if the applicant has not attended college. (Maximum 54 points).

	A B C
Highest Level Biology (including A&P)	3 2 1
Algebra II or Higher Level Math	3 2 1
Chemistry	3 2 1

3. Additional points (Maximum 10) - Students may be awarded up to 10 additional points as follows: Current enrollment or previously earned credit at WCCS (graduate of the WCCS Program) = 3 points. Completion of PN Program at WCCS = 4 points. Completion of BIO220 = 3 points (A), 2 points (B) and 1 point (C). In order to increase one's chances for successful progression, we strongly recommend that students complete all academic courses before entering this program. Admission to the Associate Degree Nursing Program is competitive, and the number of students is limited by the number of faculty and clinical facilities available. Meeting minimal requirements does not guarantee acceptance. Selection of each class is made by the Nursing Admissions Committee. All applicants will be notified by mail of their eligibility or ineligibility.

ADN Admission Criteria for Mobility Students

Applicants admitted into the ADN Mobility Program each summer semester will be selected from applicants who are graduates of an accredited Practical Nursing Program and are currently licensed in the State of Alabama.

1. Application Deadline:

December 1st of the year prior to enrollment

2. General requirements for admission:

Applicants must submit the following to be eligible for the ADN Mobility Program which begins in the fall semester of each year:

1. Application for admission to the College,

2. Application Packet for admission to the Mobility Program which is obtained from the Office of Admissions and Records (334-876-9295). If the Application Packet is found to be incomplete, the applicant will not be considered for entrance into the program,
3. Official transcript(s) from all college(s) and technical school(s) attended must be sent to the Office of Admissions and Records,
4. Unofficial transcript(s) from all college(s) and technical school(s) attended must be enclosed in the Application Packet,
5. A valid, unencumbered Alabama LPN License,
6. Meet Essential Functions required for nursing,
7. WCCS Health form signed by a physician or nurse practitioner,
8. Be in good standing with Wallace Community College Selma (2.0 or higher GPA),
9. A minimum of 2.5 GPA for nursing required academic core courses and minimum 2.0 cumulative GPA at current, native institution or cumulative 2.0 in the institution from which student is transferring,
10. A minimum of 18 ACT Composite score National or Residual,
11. Must complete the following courses with a "C" or higher, prior to enrollment in the LPN to RN Mobility Program:

MTH100 College Algebra (or higher math, i.e. Pre-Calculus, Finite Math, etc.) (3 credit hours)

BIO201 Human Anatomy & Physiology I (4 credit hours)

BIO202 Human Anatomy & Physiology II (4 credit hours)

ENG101 English Composition (3 credit hours)

PSY210 Human Growth and Development (3 credit hours)

SPH106 or SPH107 Fundamentals of Oral Communication/Fundamentals of Public Speaking (3 credit hours)

*NUR209 Concepts for Healthcare Transition Students

*This course is mandatory for all LPN/RN mobility students who have graduated from a practical nursing program more than one year ago and/or in the old curriculum and/or from a practical nursing program outside of the Alabama Two-Year College System. After successful completion of NUR209, LPN/RN mobility students will receive six (6) hours

credit for NUR209. Once the mobility program is successfully completed 15 non-traditional credit hours will be awarded.

Additional Requirements upon Admission:

Both the Generic and the Mobility students must meet the following requirements after admission into the Associate Degree Nursing Program:

1. All students must purchase professional liability insurance which is provided through a group policy.
2. All students must submit proof of current CPR certification during the first week of each semester which must remain current for the entire semester.
3. All students are required to attend the scheduled in-service program on blood-borne pathogens. Each student must sign a statement signifying initiation/completion or refusal of the hepatitis vaccine series prior to the first clinical assignment within the curriculum.
4. All students are required to complete a Medical Liability and Release Form prior to the first clinical assignment.
5. In order to meet the requirements of clinical agencies, all students are required to have a completed background check prior to the first day of class. This is to ensure a safe environment for both the students and the public. Students who have not completed the background check by the first day of class will be required to withdraw from the ADN program. If any information is found that would negatively affect your enrollment status, you will be required to withdraw from the A. D. N. program.
6. All students are required to have a drug screen prior to the first clinical assignment at a time designated by the ADN department.

Specific requirements regarding Associate Degree Nursing Policies are contained in the ADN Student Handbook.

Progression

All students entering the ADN program are governed by the policies in the *College Catalog*, the *ADN Student Handbook*, and the clinical facilities to which they are assigned for clinical practice.

1. In order to satisfactorily progress in the nursing program, the student must:

1. Maintain a grade of C or better in all required general education and nursing courses and maintain a 2.0 cumulative GPA from WCCS.
 2. Unless completed previously, students must complete all required general education courses according to The Alabama Community College System Nursing Education curriculum. Any exceptions must be approved by the nursing program director.
 3. Maintain ability to meet essential functions for nursing with or without reasonable accommodations.
 4. Maintain current CPR at the healthcare provider level.
 5. Adhere to the WCCS Conduct Code and the Code of Ethics for Professional Nurses. The nursing faculty reserves the right to determine legal, moral, emotional, or performance behaviors that may cause harm to a client. Additionally, the ADN Department reserves the right to permanently dismiss from the program any student who is refused the use of the facilities by a clinical agency.
 6. Submit an updated WCCS health form annually.
 7. Adhere to the current ADN Program attendance policy.
 8. Obtain the required WCCS student uniform.
2. If a student withdraws or makes a D or an F in a nursing course, the student cannot progress in the nursing course sequence until the course is repeated successfully. Course repetition will be based on instructor availability and program resources.
 3. A student who has been dismissed from a specific program (ADN/PN/Mobility) can apply for admission as a new student to any nursing program within the Alabama College System, provided:
 1. the student meets current entry requirements;
 2. the student was not dismissed from the previous program for disciplinary reasons or for unsafe/unsatisfactory client care in the clinical area.
 4. Definition of a **new student**

A new student is defined as:

1. A student who has never been previously accepted to either a LPN Program or an ADN Program; or
2. A student who has failed or withdrawn from one or more courses in two separate semesters is required to repeat the entire nursing curriculum from its beginning;

3. More than one (1) year has elapsed since enrollment in any nursing course.
5. Students previously dismissed from a nursing program for disciplinary reasons and/or unsafe/unsatisfactory client care in the clinical area will not be allowed reinstatement to the nursing program.

PROGRESSION POLICY

In order to progress in the nursing program, the student must:

1. Achieve a grade of "C" or better in all required general education and nursing courses.
2. Be acceptable by clinical agencies for clinical experiences.
3. Maintain ability to meet essential functions for nursing with or without reasonable accommodations.
4. Maintain current CPR at the health care provider level.

Nursing Non-Progression

Nursing non-progression is defined as failure or withdrawal (for any reason) from one or more courses in two separate semesters. Students withdrawing from one or more courses in the same semester are not considered under this definition to have experienced a nursing non-progression and should return to repeat the required courses at the first-course offering. Students returning to repeat a course due to withdrawal will be allowed to register for said course(s) on a space available basis.

Reinstatement

Students who experience non-progression in the nursing program and who desire reinstatement in the program must apply for reinstatement to the program. A student must request reinstatement within one year from the term of non-progression to be eligible for reinstatement. Students dismissed from the program for disciplinary reasons and/or unsafe client care in the clinical area will not be allowed reinstatement to the nursing program.

Reinstatement to the nursing program is based on space availability and is not guaranteed. Selection for reinstatement is based on GPA in nursing program required courses. Students must adhere to nursing curriculum and program policies and procedures in effect at the time of reinstatement. Reinstatement can be denied due to, but not limited to, any of the following circumstances:

1. Space unavailability;

2. Refusal by clinical agencies to accept the student for clinical experiences;

3. Twelve months have elapsed since the student enrollment in a nursing course;

Criteria for Reinstatement

1. Demonstrate a 2.0 GPA in nursing program required courses.
2. Student has had no more than one non-progression since program admission.
3. Demonstrate acceptable skills proficiency.
4. Meet acceptability criteria for placement at clinical agencies for clinical experiences.
5. Demonstrate ability to meet essential functions for nursing with or without reasonable accommodations.
6. Demonstrate current CPR at the healthcare provider level.

Process for Reinstatement

1. Students should first schedule an appointment with a nursing faculty/advisor to discuss eligibility for reinstatement.
2. Students must apply for reinstatement to the nursing program and submit the application by published deadlines.
3. Students must apply for readmission to the college if not currently enrolled. College readmission must be accomplished by published deadlines.
4. Update immunizations, CPR, drug testing and background screening according to program policy.

Readmission

Students not eligible for program reinstatement may apply for program admission as a new student. If accepted, all nursing program courses (NUR prefix) will have to be taken.

TRANSFER POLICY

The transfer policy applies only to students desiring to transfer between Alabama Community College System institutions. It does not apply to students wishing to transfer from other institutions.

Criteria for Transfer

1. Must meet minimum admission standards for the nursing program.
2. Must possess a grade of C or better in all nursing program required courses taken at another institution and possess a minimum of a 2.0 cumulative GPA at time of transfer.
3. Dean/Director of previous nursing program must provide a letter of eligibility for progression in previous nursing program.
4. Must comply with all program policy requirements at accepting institution.
5. Complete at least 25% of the nursing program required courses for degree /certificate at the accepting institution.
6. Must meet acceptability criteria for placement at clinical agencies for clinical experience.
7. Acceptance of transfer students into nursing programs is limited by the number of faculty and clinical facilities available. **Meeting minimal standards does not guarantee acceptance.**
8. Student selection for transfer is based on GPA in nursing program required courses.

TRANSIENT STUDENT POLICY

The transient policy applies only to students desiring to transfer between Alabama Community College System institutions. It does not apply to students wishing to transfer from other institutions.

Criteria for Transient Status

1. Must meet minimum admission standards for the nursing program.
2. Must possess a grade of C or better in all nursing program required courses taken at another institution and possess a minimum of a 2.0 cumulative GPA.
3. Dean/Director of previous nursing program must provide a letter of eligibility for progression in previous nursing program.
4. A student enrolled at another institution must secure permission from that institution by submitting an application for admission to the College and a Transient Student Form completed by an official (Nursing Program Dean/Director) of the primary institution.
5. Transient students must complete a Transcript Request Form at the end of the term before a transcript will be issued to the primary institution.
6. Must comply with all program policy requirements at accepting institution.
7. Must meet acceptability criteria for placement at clinical agencies for clinical experience.
8. Acceptance of transient student into a nursing program is limited by the number of faculty

and clinical facilities available. **Meeting minimal standards does not guarantee acceptance.**

9. Student selection for transient status is based on GPA in nursing program required courses.

Program Completion

Students completing NUR112, NUR113, NUR114, and NUR115 and required academic courses will be awarded a Practical Nursing certificate. Students who have completed required academic courses and continue in the program through completion of NUR211 and NUR221 will be awarded an Associate Degree in Applied Science. Students are responsible for meeting all the progression and graduation requirements.

PN Progression

Students completing NUR112, NUR113, NUR114, and NUR 115 at an institution that only offers a PN program and who wishes to transfer to another institution to complete the ADN degree, requires 25 percent course completion at college of graduation. Students who cannot meet the 25 percent course requirement must apply for the Mobility Program and take the transition course to meet the 25 percent course requirement.

ADN Student Transfer to LPN Program

Associate Degree nursing students may apply for admission to the third semester of the practical nursing program after they have completed the first two semesters of ADN coursework—MTH 100, ENG 101, BIO 201, BIO 202, and PSY 210—with a grade of C or better. Students who elect to transfer to the last semester in the practical nursing program will be required to meet the current program admission/readmission requirements. Students will be admitted on a space available basis to the LPN program.

To be eligible for this option:

1. Students must complete a transfer/readmission form.
2. Have a minimum of a 2.0 cumulative GPA at the current institution.
3. Meet clinical record/health record requirements.
4. The last clinical nursing course, in which the student was successful, cannot be more than twelve months old.
5. Students will be ranked on cumulative GPA for the purposes of transfer/readmission to the LPN program.

6. Students who have two attempts in the RN program are only allowed one attempt in the LPN program.
7. Students who are successful may apply for the LPN to RN Mobility Option as outlined in the college catalog.
8. If unsuccessful in the LPN transfer option, the student must meet current admission/progression requirements.

Tardiness

Punctual attendance is required in the ADN program. A student who is not in the class/lab/clinical at its beginning will be counted tardy. Three tardies will count as one absence and will be applicable to excessive absence policies.

Transfer Students:

Students wishing to transfer must:

1. Meet the entry and progression requirements of the institution and the nursing program.
 2. Provide evidence that all required general education and nursing courses maintain a grade of "C" or better taken at another institution and maintain a 2.0 cumulative GPA.
 1. Alabama College System Standardized Nursing Curriculum courses will be transferred without review of the course syllabus.
 2. Nursing courses from any other institution are accepted only after review by the accepting institution to ensure content consistency.
 3. Must be a student in good standing and eligible to return to the previous nursing program.
 4. Provide a letter of recommendation from the Dean/Director of the previous program.
 5. Complete at least 25 percent of the total program at the accepting institution.
 6. Acceptance of transfer students into nursing programs is limited by the number of faculty and clinical facilities available. Meeting minimal requirements does not guarantee acceptance.
 7. Validation of skills and knowledge may be required to determine program placement.
- Upon admission into the Associate Degree Nursing Program, students will be provided with pertinent information including appropriate cost of textbooks, uniforms/supplies, physical examinations, background screening, drug screening and other

expenses for the year. Students are required to purchase the nursing uniforms specified by the LPN program. All curricular information will be provided to students prior to the start of the semester during preprogram orientation. Students are expected to adhere to deadline dates.

CURRICULUM

Credit hours are determined by the average hours designated per week for theory, laboratory, and/or clinical practice over a 15 week semester. The number of credit hours for courses in the listing below is determined by the number of hours designated as theory (1:1 ratio), experimental laboratory (1:2 ratio), skills laboratory (1:3 ratio), and clinical practice (1:3 ratio). Students are required to have an overall grade point average of 2.0 in order to graduate.

The curriculum plan must be followed in sequence. General education courses (academics) must be taken in the semester listed or may be completed prior to the required semester.

ACADEMIC COURSES REQUIRED FOR THE GENERIC ADN PROGRAM

- BIO 201 Human Anatomy & Physiology I (4 credit hours)
- BIO 202 Human Anatomy & Physiology II (4 credit hours)
- BIO 220 General Microbiology (4 credit hours)
- MTH 100 Intermediate College Algebra or a higher level Math (3 credit hours)
- ENG 101 English Composition I (3 credit hours)
- PSY 210 Human Growth & Development (3 credit hours)
- SPH106/107 Fundamentals of Speech (3 credit hours)
- Humanities/Fine Arts Elective (3 credit hours)

Nursing: Associate Degree Nursing (ADN) Generic Option

NOTES:

* Students are permitted to split NUR 114 and NUR 115 over two semesters on the PN track.

* Students are eligible to sit for NCLEX-PN at the completion of 3rd semester.

* Students are eligible to sit for NCLEX-RN at the completion of 5th semester.

* A grade of "C" or better is required for all academic and nursing courses.

* For the Humanities/Fine Arts Elective, an Ethics course is preferred.

Practical Nursing (LPN) Standard Certificate

The Practical Nursing Program offers educational opportunities that allow persons to complete their

goals of becoming Licensed Practical Nurses prepared to practice safe, ethical bedside nursing in a structured care setting under the direct supervision of the registered nurse and/or physician or dentist. Students are prepared to function within guidelines established by the Alabama Board of Nursing.

The Practical Nursing Program has received full approval from the Alabama Board of Nursing and continuing full accreditation from the Accrediting Commission for Education in Nursing (ACEN). Further information regarding the program and its accreditation status may be obtained by calling the ACEN at (404) 975-5000 or by writing to the following address:

Accreditation Commission for Education in Nursing
3390 Peachtree Road NE, Suite 1400
Atlanta, Georgia 30326

Applicants to the Practical Nursing Program should be aware that graduation from the program does not guarantee eligibility to take the National Council Licensure Examination (NCLEX-PN). The Alabama Board of Nursing determines/grants eligibility and has the option of denying it to any candidate who fails to produce evidence of good moral character such as, but not limited to, an arrest or conviction of a criminal offense or driving under the influence of drugs/alcohol.

The Practical Nursing Program functions as the second step (level) of the Nursing Career ladder of WCCS. After successful completion of the Practical Nursing Program, the NCLEX-PN, and academic requirements of the Upward Mobility Track of the Associate Degree Nursing Program, LPN graduates qualify for admission into the RN mobility program.

In addition, the first semester of the Practical Nursing Program satisfies the requirements of the WCCS Nursing Assistant/Home Health course for certification. Upon successful completion of the first semester of the Practical Nursing Program, students may apply and pay a 100.00 fee to take the NACEP (state licensure test for Nursing Assistant).

PRACTICAL NURSING PROGRAM

LPN Admission Criteria

Minimum admission standards for the Practical Nursing Program include:

1. Unconditional admission to the college.

2. Receipt of completed application packet for the Practical Nursing Program by the following deadline dates:

- **3-semester Curriculum/Spring and Fall only:** November 1st at 12:00 noon for the Spring semester admission, and June 15th at 12:00 noon for the Fall semester admission.

3. A minimum of 2.50 GPA on the last 24 hours of college courses completed in a transcript term.
4. A minimum of 2.50 high school GPA for students without prior college work (GED acceptable in lieu of high school transcript).
5. Eligibility for English 101 and Math 116 as determined by college policy.
6. Must take the Test of Essential Academic Skills (TEAS) by the application deadline date. The applicant's actual percentile score will be calculated into the compilation of points for admission ranking. The TEAS score is good for two (2) years. A student may repeat the TEAS V (or current version) once during any semester admission time frame. The student must wait at least six (6) weeks before retaking the exam.
7. Good standing with the college.
8. Meeting the essential functions required for nursing.
9. Pass a Background Check and Drug Screening.

Admission to the Practical Nursing Day Program is every fall and spring semester. Deadline dates are published/advertised well in advance and available in the Office of Practical Nursing, Student Services and on the College website www.wccs.edu. All applicants for admission must meet eligibility for MTH 116 and ENG 101 as determined by College policy. Admission to the Practical Nursing Program is competitive, and the number of students is limited by the number of faculty and clinical facilities available. Meeting minimal admission requirements does not guarantee acceptance to the program. All completed application packets must be submitted to the Office of Student Services by the published deadline date. Clinical agencies require that all Practical Nursing students must pass a drug screening and criminal background check. The cost of these tests must be paid by the student.

The Practical Nursing curriculum and admission criteria are subject to change due to statewide standardization of nursing programs in the two-year college system.

Applicants must possess a high school diploma or equivalency (GED). Upon acceptance into the program, students are required to: (1) take a physical examination by a Physician or Nurse Practitioner with findings submitted to the department on the designated departmental health clearance form, (2) pay a \$15.00 malpractice liability insurance premium, (3) furnish proof of Cardiopulmonary Resuscitation (CPR) certification/recertification, good for a minimum of one year, (4) attend a scheduled pre-program orientation, (5) submit to and pass a drug screening test (6) pass a background check screening. Failure to comply with # 1-6 by the date set forth by the Practical Nursing Program will result in forfeiture of admission.

Upon admission into the Practical Nursing Program, students will be provided with pertinent information including appropriate cost of textbooks, uniforms/supplies, physical examinations, background screening, drug screening and other expenses for the year. Students are required to purchase the nursing uniforms specified by the LPN program. All curricular information will be provided to students prior to the start of the semester during pre-program orientation. Students are expected to adhere to deadline dates.

Nursing is a practice discipline with specific performance requirements in the cognitive, psychomotor sensory and affective domains. Essential Performance Standards expected of students in the Practical Nursing Program are available to students prior to admission. The appraisal measures utilized are in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 so as not to discriminate against any person on the basis of disability. Applicants must submit the completed Performance Standards Verification Form prior to enrollment in the program and must update as applicable. In addition, the Practical Nursing Program strictly abides by the WCCS Non-Discrimination Policy as outlined in College Catalog and Program Policy Manual.

Students entering the Practical Nursing Program who are experiencing health and/or behavioral alterations during the course of the program will be required to present a signed statement from their physician stating it is permissible for them to continue in the program, and verifying that they can meet Postsecondary Education's Essential Function Standards for Nursing. Thereafter, statements will be submitted following monthly or weekly visits to the physician. All statements shall

be submitted to the Program Director. Pregnant students must be able to complete all scheduled clinical requirements.

Progression

The Practical Nursing Program may be completed in three (3) semesters. All students entering the program are governed by policies in the College Catalog, the Nursing Student Handbook and Policy Manual, and the clinical facilities to which they are assigned for clinical practice. The first semester of the program serves as a prerequisite semester to all other semesters, and all courses must be passed to proceed in the program. The program operates on a progression system. Policies for admission/readmission attendance, progression, health (including HIV and other blood-borne diseases), grievance, advisory, and graduation can be found in the Nursing Student Handbook and Policy Manual.

A minimum grade of "C" (75%) or above is required to pass all courses in the Practical Nursing curriculum.

The following grading criteria will apply to all Practical Nursing courses:

A=90-100

B=80-89

C=75-79

D=60-74

F=59 and below

Credit hours for courses are determined by the averaged hours designated per week for theory, lab and/or clinical practice over a 16 week semester. The number of credit hours for course in the Practical Nursing Program is determined by the number of hours designated as theory (1:1 ratio), skills lab (1:3 ratio), and clinical practice (1:3 ratio).

Students are required to have a minimum overall grade point average of 2.0 ("C") from WCCS in order to graduate.

Nursing Scholarships

Nursing scholarships depend upon funding but may be awarded in the following categories:

- **Academic scholarships:** Amount/Full Tuition

Criteria: 3.0 GPA (Minimum)

ACT: 18

- **Tuition assistance scholarships:** Amount \$1,000.00 (500.00 (x) 2 semesters)

Criteria: Demonstrated need per FAFSA

- **Career ladder scholarships:** Amount/Full Tuition

Criteria: Graduate of the Wallace Community College Selma PCT program, 3.0 GPA

Scholarship applications may be obtained on the College website, www.wccs.edu. Scholarship applications should be returned to the Office of Financial Aid by the specified deadline. Scholarship awards will be determined by the scholarship committee.

Office Administration

Office Administration: Accounting Option Degree

The Accounting Option provides the student with an understanding of the nature of the accounting process. The student is taught how to journalize business transactions for service and merchandising businesses. The student is also taught how to record adjusting and closing entries and how to prepare financial statements manually and on the computer. Procedures used in accounting for payroll, notes, uncollectibles, inventory, and depreciation are included.

All business enterprises, governmental bodies, churches, clubs, fraternal organizations, etc., require some type of accounting records. These accounting records provide information necessary for the efficient operation of the unit and make the information available in usable form to the owners, members, creditors, government agencies, etc.

Upon completion of this program, students should be prepared to enter the job market as an accounting clerk.

The student must have a "C" average or better in all courses credited toward a certificate or degree.

OFFICE ADMINISTRATION (OAD) PROGRAM

Office Administration Program Re-entry Policy

In the best interest of the student, the institution has established the following re-entry policy for a

student who has previously enrolled in Office Administration courses but who did not complete his/her program and is now attempting to return in order to complete his/her program:

A. Some Office Administration courses required for a certificate or degree completed five (5) or more years prior to re-entry must be repeated.

B. Any Office Administration course in which the student received a grade below a "C" must be repeated.

NOTES

* Student competence in Oral Communications is accomplished within discipline-specific courses.

* Two hours of lab work required per week for BUS 241, BUS 242, and OAD 101, 103, 125, 126, 218, and 232

* The student must have a "C" average or better in all courses credited toward a certificate or degree.

* Curriculum display is subject to change; however, courses will be offered to meet degree requirements.

Office Administration: Information Processing Option Degree

The Information Processing Option is designed to prepare graduates to be secretaries or administrative assistants. There are secretarial openings available in virtually every phase of commerce. Secretaries and administrative assistants work in banks, insurance companies, wholesale and retail establishments, educational institutions, and government organizations as well as the professional offices of doctors, lawyers, and accountants. In order to properly prepare for these positions, the microcomputer is incorporated into the legal and medical transcription classes. The student must demonstrate ability in transcribing letters, memorandums, and reports. Other skills such as the ability to spell, punctuate, use correct grammar, compose routine letters, and operate the microcomputer are also emphasized. Completion of this program will enable a student to efficiently handle all common office procedures.

The student must have a "C" average or better in all courses credited toward a certificate or degree.

NOTES

* Student competence in Oral Communications is accomplished within discipline-specific courses.

* Two hours of lab work required per week for BUS 241, BUS 242, and OAD 101, 103, 125, 126, 200, 202, 214 and 218.

Office Administration: Medical Transcription Option Degree

The Medical Transcription Option is designed to prepare students to become medical transcriptionists for various medical and health facilities. The medical transcriptionist has long been an important member of the healthcare team. It is the responsibility of the transcriptionist to put the doctor's thoughts and findings of a patient onto paper accurately and efficiently. Medical transcriptionists must be able to type from the spoken word quickly and accurately, demonstrate advanced proofreading and editing skills, have knowledge of anatomy and medical terminology, and be proficient in English grammar.

As the population increases, there are more medical and health facilities that generate more and more medical records. Clinics, health services, hospitals, doctors' offices, and other medical organizations are expanding their patient load facilities, resulting in a need for more medical transcriptionists.

The student must have a "C" average or better in all courses credited toward a certificate or degree. ORI 101(Orientation to College) is a college requirement, not a requirement of the program.

NOTES

* Two hours of lab work required per week for BUS 241, BUS 242, and OAD 101, 103, 125, 212, 213, 214 and 218.

Office Administration: Information Processing Standard Certificate

The Information Processing Option is designed to prepare graduates to be secretaries or administrative assistants. There are secretarial openings available in virtually every phase of commerce. Secretaries and administrative assistants work in banks, insurance companies, wholesale and retail establishments, educational institutions, and government organizations as well as the professional offices of doctors, lawyers, and

accountants. In order to properly prepare for these positions, the microcomputer is incorporated into the legal and medical transcription classes. The student must demonstrate ability in transcribing letters, memorandums, and reports. Other skills such as the ability to spell, punctuate, use correct grammar, compose routine letters, and operate the microcomputer are also emphasized. Completion of this program will enable a student to efficiently handle all common office procedures.

The student must have a "C" average or better in all courses credited toward a certificate or degree.

NOTES

* Two hours of lab work required per week for BUS 241, BUS 242, and OAD 101, 103, 125, 126, 200, 202, 214 and 218.

* Curriculum display is subject to change; however, courses will be offered to meet degree requirements.

Office Administration: Medical Transcription Standard Certificate

The Medical Transcription Option is designed to prepare students to become medical transcriptionists for various medical and health facilities. The medical transcriptionist has long been an important member of the healthcare team. It is the responsibility of the transcriptionist to put the doctor's thoughts and findings of a patient onto paper accurately and efficiently. Medical transcriptionists must be able to type from the spoken word quickly and accurately, demonstrate advanced proofreading and editing skills, have knowledge of anatomy and medical terminology, and be proficient in English grammar.

As the population increases, there are more medical and health facilities that generate more and more medical records. Clinics, health services, hospitals, doctors' offices, and other medical organizations are expanding their patient load facilities, resulting in a need for more medical transcriptionists.

The student must have a "C" average or better in all courses credited toward a certificate or degree. ORI 101(Orientation to College) is a college requirement, not a requirement of the program.

NOTES

* Two hours of lab work required per week for BUS 241, BUS 242, and OAD 101, 103, 125, 212, 213, 214 and 218.

Office Administration Course Descriptions

OAD 101: Beginning Keyboarding

This course is designed to enable the student to use the touch method of keyboarding through classroom instruction and outside lab. Emphasis is on speed and accuracy in keying alphabetic, symbol, and numeric information using the typewriter or microcomputer keyboard. Upon completion, the student should be able to demonstrate proper technique and an acceptable rate of speed and accuracy, as defined by the course syllabus, in the production of basic business documents such as memos, letters, reports, and tables. Students must complete this course with at least a "C" average to continue to OAD 103.

Credits: 3

Prerequisites:

None.

OAD 103: Intermediate Keyboarding

This course is designed to assist the student in increasing speed and accuracy using the touch method of keyboarding through classroom instruction and outside lab. Emphasis is on the production of business documents such as memoranda, letters, reports, tables, and outlines. Upon completion, the student should be able to demonstrate proficiency and an acceptable rate of speed and accuracy, as defined by the course syllabus, in the production of business documents. Student must complete this course with at least a "C" average to continue to BUS 242.

Credits: 3

Prerequisites:

OAD 101 with a grade of "C" or above; or, permission of instructor.

OAD 104: Advanced Keyboarding (Elective)

This course is designed to assist the student in continuing to develop speed and accuracy using the touch method of keyboarding through classroom instruction and outside lab. Emphasis is on the production of business documents using decision-making skills. Upon completion, the student should be able to demonstrate proficiency and an acceptable rate of speed and accuracy, as defined by the course syllabus, in the production of high-quality business documents. Student must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

OAD 103 with a grade of "C" or above; or, permission of instructor.

OAD 125: Word Processing

This course is designed to provide the student with basic word processing skills through classroom instruction and outside lab. Emphasis is on the utilization of software features to create, edit, and print common office documents. Upon completion, the student should be able to demonstrate the ability to use industry-standard software to generate appropriately formatted, accurate, and attractive business documents such as memos, letters, and reports. Students must complete this course with at least a "C" average to continue to OAD126.

Credits: 3

Prerequisites:

OAD 101 or permission of instructor.

OAD 126: Advanced Word Processing

This course is designed to increase student proficiency in using the advanced word processing functions through classroom instruction and outside lab. Emphasis is on the use of industry-standard software to maximize productivity. Upon completion, the student should be able to demonstrate the ability to generate complex documents such as forms, newsletters, and multi-page documents. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

OAD 125 or permission of instructor.

OAD 131: Business English

This course is designed to develop the student's ability to use proper English. Emphasis is on grammar, spelling, vocabulary, punctuation, word usage, word division, and proofreading. Upon completion, the student should be able to write and speak effectively. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

None.

OAD 133: Business Communications

This course is designed to provide the student with skills necessary to communicate effectively. Emphasis is on the application of communication principles to produce clear, correct, logically-organized business communications. Upon completion, the student should be able to demonstrate effective communication techniques in written, oral, and nonverbal communications. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

OAD 101 or permission of instructor.

OAD 137: Computerized Financial Recordkeeping

This course is designed to provide the student with skill in using the microcomputer to enter financial data through classroom instruction and outside lab. Emphasis is on the use of appropriate software in the preparation of journals, financial statements, and selected payroll records. Upon completion, the student should be able to demonstrate the ability to use a microcomputer system to record financial data. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

BUS 241 or permission of instructor.

OAD 138: Records and Information Management

This course is designed to give the student knowledge about managing office records and information. Emphasis is on basic filing procedures, methods, systems, supplies, equipment, and modern technology used in the creation, protection, and disposition of records stored in a variety of forms. Upon completion, the student should be able to perform basic filing procedures. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

None.

OAD 200: Machine Transcription

This course is designed to develop marketable skills in transcribing various forms of dictated material through classroom instruction. Emphasis is on the use of microcomputers and a commercial word processing package. Upon completion, the student should be able to accurately transcribe documents from dictated recordings. Students must complete this course with at least a "C" average.

Credits: 3

OAD 202: Legal Transcription

This course is designed to familiarize students with legal terms and provide transcription skill development in the production of legal correspondence, forms, and court documents through classroom instruction and outside lab. Emphasis is on transcribing legal documents from dictated recordings. Upon completion, students should be able to demonstrate the ability to transcribe accurately formatted legal documents. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

OAD 103 with a grade of "C or above or permission of instructor.

OAD 211: Medical Terminology

This course is designed to familiarize the student with medical terminology. Emphasis is on the spelling, definition, pronunciation, and usage of medical terms. Upon completion, the student should be able to communicate effectively using medical terminology. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

None.

OAD 212: Medical Transcription

This course is designed to orient students to standard medical reports, correspondence, and related documents transcribed in a medical environment through classroom instruction and outside lab. Emphasis is on transcribing medical records and operating a transcribing machine efficiently. Upon completion, the student should be able to accurately transcribe medical documents from dictated recordings. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

OAD 103.

OAD 213: Adv. Medical Transcription

This course is designed to develop skill in the transcription of documents generated in the medical office through classroom instruction and outside lab. Emphasis is on diagnostic studies and laboratory, radiology, and pathology reports. Upon completion, the student should be able to demonstrate proficiency in the preparation of a variety of reports and forms used in the medical environment. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

OAD 212 or permission of instructor.

OAD 214: Medical Office Procedures

This course is designed to provide an awareness of the responsibilities and opportunities of professional support personnel in a medical environment through classroom instruction and outside lab. Emphasis is on medical terms, the production of appropriate forms and reports, and the importance of office procedures and practices. Upon completion, the student should be able to perform office support tasks required for employment in a medical environment. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

OAD 125 or permission of instructor.

OAD 218: Office Procedures

This course is designed to develop an awareness of the responsibilities and opportunities of the office professional through classroom instruction and outside lab. Emphasis is on current operating functions, practices and procedures, work habits, attitudes, oral and written communications, and professionalism. Upon completion, the student should be able to demonstrate the ability to effectively function in an office support role. This course will also incorporate basic concepts of interpersonal communication and the oral communication skills necessary to interact with co-workers and customers and to work effectively in teams. Upon completion, students should be able to demonstrate interpersonal communication skills, apply basic principles of group discussion, manifest a businesslike personality, and effectively present themselves before coworkers and the public. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

OAD 101.

OAD 219: Accounting Concepts and Applications

This course is continuing the study of OAD 136 Advanced Financial Record Keeping. Emphasis is on accounting procedures in accounts receivable, depreciation on long-term assets, merchandising inventory, partnerships, corporations, and statement analysis. This course also implements accounting principles through business applications. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

BUS 242 with a grade of "C or above or permission of instructor.

OAD 232: Excel/Powerpoint

This course is designed to enable the student to develop skill in the use of integrated software through classroom instruction and outside lab. Emphasis is on the use of computerized equipment, software, networking, and communications technology. Upon completion, the student should be able to satisfactorily perform a variety of office tasks using current technology. Students must complete this course with at least a "C" average.

Credits: 3

Prerequisites:

Permission of instructor.

Orientation

ORI 101: Orientation to College

This course aids new students in their transition to the institution; exposes new students to the broad educational opportunities of the institution; and integrates new students into the life of the institution. The course also provides specific processes to help students chose their future career pathway and life direction at the beginning of their educational commitment. The emphasis on a career pathway at the beginning of college ensures academic and career goals are met.

Credits: 2

Prerequisites:

None.

ORI 104: Workkeys Assessment and Advisement

This course provides entering students with an introduction to the ACT WorkKeys System. Students will complete WorkKeys assessments in the areas of Applied Mathematics, Reading for Information, and Locating Information. Upon completion, students will be advised of their performance on the assessments and of the methods available to improve their individual performance levels.

Credits: 1

Prerequisites:

As required by program.

Patient Care Technician

Patient Care Technician Standard Certificate

The primary purpose of the Patient Care Technician (PCT) at WCCS is to prepare persons for entry-level employment positions in a variety of healthcare settings including long-term care, home health care, and acute care as well as outpatient settings. Program graduates qualify to set for individual certifications in Nursing Assistant/Home Health Aide, EKG Technician, and Phlebotomy or a Patient Care Technician certification upon program completion which includes all three areas of certification. The program requires three semesters for completion of the Patient Care Technician standard certificate, but participants may obtain Nursing Assistant and EKG certifications at the completion of two semesters if desired. The curriculum offers three stackable certificates which allow diversity in employment and early entry into the workforce. The program focuses on care of clients through theory, simulated labs and clinical experiences.

Patient Care Technician Admission Criteria

Applicants to the PCT Program must possess a high school diploma or equivalency and a 1.50-grade point average on any previous college work.

Applicants may register fall, spring and summer semesters for admission into the program. Fall admission deadline is June 15th, spring admission deadline is November 1st, and summer admission deadline is April 15th. Deadline dates are published/advertised well in advance and are available in the office of Practical Nursing, Student Services and on the College's website @ www.wccs.edu. Program acceptance is based on completing both the application process and Compass testing.

Upon admission, students become part of the career ladder at WCCS. PCT graduates are eligible for admission into the Practical Nursing Program at WCCS provided they meet admission requirements of the LPN Program. Graduates must successfully make application for admission prior to the deadline date. Applications for admission into the PCT Programs should be submitted to the Practical Nursing Office. Upon acceptance into the program, students are required to: (1) take a physical examination by a physician or nurse practitioner with findings submitted on a departmental health clearance form; (2) pay a \$15.00 malpractice liability insurance premium; (3) become CPR certified (4) attend a pre-program orientation; and (5) submit to and pass a drug screening test and a background screening.

Upon admission into the PCT program, students will be provided with pertinent information including appropriate cost of textbooks, uniforms/supplies, physical examinations, background screening, drug screening and other expenses for the year. Program expenses are also listed on the program's webpage @ wccs.edu. Students are required to purchase the nursing uniforms specified by the program. All curricular information will be provided to students prior to the start of the semester during pre-program orientation. Students are expected to adhere to deadline dates.

Patient Care Technician is a practice discipline with specific performance requirements in the cognitive, psychomotor, sensory, and affective domains.

Performance Standards expected of students in the PCT Program are available to students prior to admission. The appraisal measures utilized are in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 so as not to discriminate against any person on the basis of disability. Applicants must submit the completed Performance Standards Verification

Form prior to enrollment in the program and must update as applicable. In addition, the PCT Program strictly abides by the WCCS Non-Discrimination Policy as outlined in the college catalog and program publications.

Students entering the PCT Program who experiences a health and/or behavior alteration during the course of the program will be required to present a signed statement from their physician stating it is permissible for them to continue in the program, and verifying that they can meet Postsecondary Education's Essential Functions for Nursing. Thereafter, statements will be submitted following monthly or weekly visits to the physician. All statements shall be submitted to the Program Director, and the pregnant student must be able to complete all clinical requirements as scheduled.

All students in the PCT Program are governed by policies in the WCCS Catalog, the Departmental Handbook/Policy Manual, and by policies in effect at clinical facilities to which they are assigned. The first semester of the program serves as a prerequisite semester to all other semesters, and all courses must be passed to proceed in the program. The program operates on a progression system. Policies for admission/readmission attendance, progression, health (including HIV and other blood-borne diseases), grievance, advisory, withdrawal, readmission, progression, evaluation, and graduation can be found in the PCT Handbook/Policy Manual.

Students are required to have an overall grade point average of 2.0 ("C") from WCCS in order to graduate.

The following grading criteria will apply to courses in the PCT program with the prefix NAS and HPS.

A = 90-100

B = 80-89

C = 75-79

D = 60-74

F = 59 and Below

Philosophy

PHL 206: Ethics and Society

This course involves the study of ethical issues which confront individuals in the course of their daily lives. The focus is on the fundamental questions of right and wrong, of human rights, and of conflicting obligations. The student should be able to understand and be prepared to make decisions in life regarding ethical issues. CORE
Credits: 3

Prerequisites:
None.

Physical Education

PED 100: Fundamentals of Fitness

This lecture course includes the basic principles of physical education and physical fitness. It explores the psychological and physiological effects of exercise and physical fitness, including effects on the human skeleton, muscle development, respiration, and coordination. It is viewed as an introduction to such laboratory courses as slimnastics, weight training, and conditioning. The course may also include fitness evaluation, development of individual fitness programs, and participation in fitness activities.

Credits: 3

Prerequisites:

None.

PED 118: General Conditioning (Beginning)

This course provides an individualized approach to general conditioning utilizing the five major components. Emphasis is placed on the scientific basis for setting up and engaging in personalized physical fitness and conditioning programs. Upon completion, students should be able to set up and implement an individualized physical fitness and conditioning program.

Credits: 1

Prerequisites:

None.

PED 119: General Conditioning (Intermediate)

This course is an intermediate-level fitness and conditioning program class. Topics include specific exercises contributing to fitness and the role exercise plays in developing body systems. Upon completion, students should be able to implement and evaluate an individualized physical fitness and conditioning program.

Credits: 1

Prerequisites:

PED 118 or permission of instructor.

PED 251: Varsity Basketball

This course covers advanced fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. Upon completion, students should be able to participate in competitive basketball.

Credits: 1

Prerequisites:

Permission of Instructor.

PED 252: Varsity Baseball

This course covers advanced baseball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to play baseball at a competitive level.

Credits: 1

Prerequisites:

Permission of Instructor.

PED 258: Varsity Volleyball

This course covers more advanced volleyball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to participate in competitive volleyball.

Credits: 1

Prerequisites:

Permission of Instructor.

Physical Science

PHS 111: Physical Science

This course provides the non-technical student with an introduction to the basic principles of geology, oceanography, meteorology, and Astronomy. A 120-minute laboratory is required.

CORE

Credits: 4

Prerequisites:

None.

PHS 112: Physical Science II

This course provides the non-technical student with an introduction to the basic principles of chemistry and physics. A 120-minute laboratory is required. CORE

Credits: 4

Prerequisites:

None.

Physics

PHY 201: General Physics I _ Trigonometry Based

This course is designed to cover general physics at a level that assures previous exposure to college algebra, basic trigonometry. Specific topics include mechanics, properties of matter and energy, thermodynamics, and periodic motion. A 120-minute laboratory is required. CORE

Credits: 4

Prerequisites:

MTH 113 or equivalent.

PHY 202: General Physics II_ Trigonometry Based

This course is designed to cover general physics using college algebra and basic trigonometry. Specific topics include wave motion, sound, light optics, electrostatics, circuits, magnetism, and modern physics. A 120-minute laboratory is required. CORE

Credits: 4

Prerequisites:

PHY 201.

Political Science

POL 211: American National Government

This course surveys the background, constitutional principles, organization, and operation of the American political system. Topics include the U. S. Constitution, federalism, civil liberties, civil rights, political parties, interest groups, the media, political campaigns, voting behavior, elections, the presidency, bureaucracy, Congress, the judiciary, and public policy.

Credits: 3

Prerequisites:

None.

POL 220: State and Local Government

This course is a study of the forms of organization, functions, institutions, and operation of American state and local governments. Emphasis is placed on the variety of forms and functions of state and local governments, with particular attention to those in Alabama and to the interactions between state and local government and the national government. Upon completion, students should be able to identify elements of and explain relationships among the state, local, and national governments of the U.S., and function as more informed participants of state and local political systems.

Credits: 3

Prerequisites:

Permission of instructor.

Psychology

PSY 200: General Psychology

This course is a survey of behavior with emphasis upon psychological processes. This course also includes the biological bases for behavior, thinking, emotion, motivation, and the nature and development of personality.

Credits: 3

Prerequisites:

As required by program.

PSY 210: Human Growth and Development

This course is a study of the psychological, social, and physical factors that affect human behavior from conception to death.

Credits: 3

Prerequisites:

PSY 200.

PSY 211: Child Growth and Development

This course is a systematic study of the behavior and psychological development of the child from conception to adolescence. Emphasis will be placed on principles underlying physical, mental, emotional and social development, methods of child study, and practical implications.

Credits: 3

Prerequisites:

PSY 200.

PSY 230: Abnormal Psychology

This course is a survey of abnormal behavior and its social and biological origins. The anxiety related disorders, psychoses, personality disorders, and mental deficiencies will be covered.

Credits: 3

Prerequisites:

PSY 200.

Reading

RDG 080: Reading Laboratory

This course, which may be repeated as needed, provides students with a laboratory environment where they can receive help from qualified instructors on reading assignments at the developmental level. Emphasis is placed on one-to-one guidance to supplement instruction in reading courses. A student's success in this course is measured by success in those other reading courses in which the student is enrolled.

Credits: 1

Prerequisites:

None.

RDG 084: Developmental Reading I

This course is designed to assist students whose placement test scores indicate serious difficulty with decoding skills, comprehension, vocabulary, and study skills.

Credits: 4

Prerequisites:

Appropriate placement score.

RDG 085: Developmental Reading II

This course is designed to assist students whose placement test scores indicate serious difficulty with decoding skills, comprehension, vocabulary, and study skills.

Credits: 4

Prerequisites:

RDG 084 or equivalent placement score.

RDG 114: Critical Reading for College

This course is designed to enhance critical reading skills. Topics include vocabulary enrichment, reading flexibility, metacognitive strategies, and advanced comprehension skills, including analysis and evaluation. Upon completion, students should be able to demonstrate comprehension and analysis and respond effectively to material across disciplines.

Credits: 4

Prerequisites:

College test score placement or permission of the instructor.

Recreation

RER 250: Introduction to Recreation

This course includes instruction in the philosophy, purpose, objectives, and principles of recreation with an emphasis on program content and development.

Credits: 3

Religion

REL 151: Survey of the Old Testament

This course is an introduction to the content of the Old Testament with emphasis on the historical context and contemporary theological and cultural significance of the Old Testament. The student should have an understanding of the significance of the Old Testament writings upon completion of this course.

Credits: 3

Prerequisites:

As required by program.

REL 152: Survey of the New Testament

This course is a survey of the books of the New Testament with special attention focused on the historical and geographical setting. The student should have an understanding of the books of the New Testament and the cultural and historical events associated with these writings.

Credits: 3

Prerequisites:

As required by program.

Sociology

SOC 200: Introduction to Sociology

This course is an introduction to the vocabulary, concepts, and theory of sociological perspectives of human behavior.

Credits: 3

Prerequisites:

As required by program.

SOC 210: Social Problems

This course examines the social and cultural aspects, influences, incidences and characteristics of current social problems in light of sociological theory and research.

Credits: 3

Prerequisites:

SOC 200 or PSY 200.

Spanish

SPA 101: Introductory Spanish I

This course provides an introduction to Spanish. Topics include the development of basic communication skills and the acquisition of basic knowledge of the cultures of Spanish-speaking areas. CORE

Credits: 4

Prerequisites:

None.

SPA 102: Introductory Spanish II

This continuation course includes the development of basic communication skills and the acquisition of basic knowledge of the cultures of Spanish-speaking areas. CORE

Credits: 4

Prerequisites:

SPA 101 or Equivalent.

SPC 103: Oral Communication Skills

This course introduces the basic concepts of interpersonal communication and the oral communication skills necessary to interact with co-workers and customers and to work effectively in teams. Topics include overcoming barriers to effective communication, effective listening, applying the principles of persuasion, utilizing the basic dynamics of group discussion, conflict resolution, and positive communication patterns in the business setting. Upon completion, students should be able to demonstrate interpersonal communication skills, apply basic principles of group discussion, develop a businesslike personality, and effectively present themselves before co-workers and the public. NCA

Credits: 3

Prerequisites:

As required by program.

Speech

SPH 106: Fundamentals of Oral Communication

This is a performance course that includes the principles of human communication: intrapersonal, interpersonal, and public. It surveys current communication theory and provides practical application. CORE

Credits: 3

Prerequisites:

As required by program.

SPH 107: Fundamentals of Public Speaking

This course explores principles of audience and environment analysis as well as the actual planning, rehearsing and presenting of formal speeches to specific audiences. Historical foundations, communication theories, and student performances are emphasized. CORE

Credits: 3

Prerequisites:

None.

Theater

THR 120: Theater Appreciation

This course is designed to increase appreciation of contemporary theater. Emphasis is given to the theater as an art form through the study of history and theory of drama and the contributions to modern media. Emphasize playwright, actor, director, designer, and technician to modern media. Attendance at a theater production may be required. Credits: 3

Prerequisites:
None.

THR 126: Introduction to Theater

This course is designed to teach the history of the theater and the principles of drama. It also covers the development of theater production and the study of selected plays as theatrical presentations. Credits: 3

Prerequisites:
As required by program.

Welding Technology

Welding: Structural Welding Certificate

Welding is the process of joining together two pieces of metal so that bonding takes place at their original boundary surfaces. Welding is used in the construction and repair of many thousands of manufactured products. The Welding Technology (WDT) Program at Wallace Community College Selma provides students with the technical skills necessary to enter the construction, manufacturing, and repair industries. WDT students attain hands-on experience in a variety of welding processes used by various industries in the fabrication and repair of steel components. Through practical exercises which are designed to be as realistic as possible and representative of actual world-of-work experiences, WDT students learn to use much different cutting and joining processes. The program offers a certificate in Structural Welding as well as a more specialized certificate in Pipe Welding which permits a student to apply for more competitive pipe welding positions found in heavy industries such as refineries and off-shore drilling rigs.

Type: Certificate

Area I: Written Composition

Item #	Title	Credits
ENG 100	Vocational Technical English I	3

Area III: Natural Sciences and Mathematics

Item #	Title	Credits
MAH 101	Introductory Mathematics I	3

Area V: Additional General Education Courses, Major Courses and Electives

Item #	Title	Credits
WDT 108	SMAW Fillet OFC	3
WDT 109	SMAW Fillet PAC/CAC	3
WDT 110	Industrial Blue Print Reading	3
WDT 119	Gas Metal Arc/Flux Cored Arc Welding Theory	3
WDT 122	SMAW Fillet OFC Lab	3
WDT 123	SMAW Fillet PAC/CAC Lab	3
WDT 124	Gas Metal Arc/Flux Cored Arc Welding Lab	3
WDT 125	Shielded Metal Arc Welding Grooves Lab	3
Total credits:		30

Welding: Pipe Welding Standard Certificate

Welding is the process of joining together two pieces of metal so that bonding takes place at their original boundary surfaces. Welding is used in the construction and repair of many thousands of manufactured products. The Welding Technology (WDT) Program at Wallace Community College Selma provides students with the technical skills necessary to enter the construction, manufacturing, and repair industries. WDT students attain hands-on experience in a variety of welding processes used by various industries in the fabrication and repair of steel components. Through practical exercises which are designed to be as realistic as possible and representative of actual world-of-work experiences, WDT students learn to use much different cutting and joining processes. The program offers a certificate in Structural Welding as well as a more specialized certificate in Pipe Welding which permits a student to apply for more competitive pipe welding positions found in heavy industries such as refineries and off-shore drilling rigs.

NOTES

* Note: Curriculum display is subject to change; however, courses will be offered to meet degree requirements.

* Student competence in the basic use of computers is accomplished within ENG 100.

* Student competence in Oral Communications is accomplished within discipline-specific courses.

* All students entering the Pipe Welding Certificate must have passed or be able to pass the 3G & 4G plate test with 6010 root, no backing and 7018 filler on 3/8 inch plate in accordance with the American Welding Society D1.1 Code.

Welding Technology Course Descriptions

WDT 108: SMAW Fillet OFC

This course provides the student with instruction on safety practices and terminology in the Shielded Metal Arc Welding (SMAW) process. Emphasis is placed on safety, welding terminology, equipment identification, set-up and operation, and related information in the SMAW process. This course also covers the rules of basic safety and identification of shop equipment and provides the student with the skills and knowledge necessary for the safe operation of oxy-fuel cutting. This is a CORE course.

Credits: 3

Prerequisites:

As required by instructor.

Co-Requisites:

WDT 122.

WDT 109: SMAW Fillet PAC/CAC

This course provides the student with instruction on safety practices and terminology in the Shielded Metal Arc Welding (SMAW) process. Emphasis is placed on safety, welding terminology, equipment identification, set-up and operation, and related information in the SMAW process. This course also covers the rules of basic safety and identification of shop equipment and provides the student with the skills and knowledge necessary for the safe operation of carbon arc cutting and plasma arc cutting. This is a CORE course.

Credits: 3

Prerequisites:

As required by instructor.

Co-Requisites:

[WDT 123](#)

WDT 110: Industrial Blue Print Reading

This course provides students with the understanding and fundamentals of industrial blueprint reading. Emphasis is placed on reading and interpreting lines, views, dimensions, weld joint configurations, and weld symbols. Upon completion, students should be able to interpret welding symbols and blueprints as they apply to weld and fabrication. This is a CORE course.

Credits: 3

Prerequisites:

As required by instructor.

WDT 115: GTAW Carbon Pipe Theory (Elective)

This course is designed to provide the student with the practices and procedures of welding carbon steel pipe using the gas tungsten arc weld (GTAW) process. Emphasis is placed on pipe positions, filler metal selection, joint geometry, joint preparation, and fit-up. Upon completion, students should be able to identify pipe positions, filler metals, proper joint geometry, joint preparation, and fit-up in accordance with the applicable codes.

Credits: 3

WDT 116: GTAW Stainless Pipe Theory

This course is designed to provide the student with the practices and procedures of welding stainless steel pipe using the gas tungsten arc weld (GTAW) process. Emphasis is placed on pipe positions, filler metal selection, purging gasses, joint geometry, joint preparation, and fit-up. Upon completion, students should be able to identify pipe positions, filler metals, purging gas, proper joint geometry, joint preparation, and fit-up to the applicable code.

Credits: 3

Prerequisites:

As required by instructor.

Co-Requisites:

WDT 156

WDT 119: Gas Metal Arc/Flux Cored Arc Welding Theory

This course introduces the student to the gas metal arc and flux cored arc welding process. Emphasis is placed on safe operating practices, handling, and storage of compressed gasses, process principles, component identification, various welding techniques, and base and filler metal identification. This is a CORE course.

Credits: 3

Prerequisites:

WDT 109 or permission of instructor.

Co-Requisites:

WDT 124

WDT 120: SMAW Grooves Theory

This course provides the student with instruction on joint design, joint preparation, and fit-up of groove welds in accordance with applicable welding codes. Emphasis is placed on safe operation, joint design, joint preparation, and fit-up. Upon completion, students should be able to identify the proper joint design, joint preparation, and fit-up of groove welds in accordance with applicable welding codes. This is a CORE course.

Credits: 3

Co-Requisites:

WDT 125

WDT 122: SMAW Fillet OFC Lab

This course is designed to introduce the student to the proper set-up and operation of the shielded metal arc welding equipment. Emphasis is placed on striking and controlling the arc, and proper fit-up of fillet joints. This course is also designed to instruct students in the safe operation of oxy-fuel cutting. Upon completion, students should be able to make fillet welds in all positions using electrodes in the F-3 groups in accordance with applicable welding code and be able to safely operate oxy-fuel equipment and perform those operations as per the applicable welding code. This is a CORE course.

Credits: 3

Co-Requisites:

WDT 108

WDT 123: SMAW Fillet PAC/CAC Lab

This course is designed to introduce the student to the proper set-up and operation of the shielded metal arc welding equipment. Emphasis is placed on striking and controlling the arc, and proper fit-up of fillet joints. This course is also designed to instruct students in the safe operation of plasma arc and carbon arc cutting. Upon completion, students should be able to make fillet welds in all positions using electrodes in the F-4 groups in accordance with applicable welding code and be able to safely operate plasma arc and carbon arc equipment and perform those operations as per applicable welding code. This is a CORE course.

Credits: 3

Co-Requisites:

[WDT 109](#)

WDT 124: Gas Metal Arc/Flux Cored Arc Welding Lab

This course provides instruction and demonstration using the various transfer methods and techniques to gas metal arc and flux cored arc welds. Topics included are safety, equipment set-up, joint design and preparation, and gases. This is a CORE course.

Credits: 3

Co-Requisites:

[WDT 119](#)

WDT 125: Shielded Metal Arc Welding Grooves Lab

This course provides instruction and demonstrations in the shielded metal arc welding process on carbon steel plate with various size F3 and F4 group electrodes in all positions. Emphasis is placed on welding groove joints and using various F3 and F4 group electrodes in all positions. Upon completion, the student should be able to make visually acceptable groove weld joints in accordance with applicable welding codes. This is a CORE course.

Credits: 3

Prerequisites:

WDT 109 or permission of instructor.

Co-Requisites:

[WDT 120](#)

WDT 155: GTAW Carbon Pipe Lab (Elective)

This course is designed to provide the student with skills in welding carbon steel pipe with gas tungsten arc weld (GTAW) process using filler metals in the F6 group. Emphasis is placed on welding carbon steel pipe using gas tungsten arc welding technique in the 2G, 5G, and 6G positions. Upon completion, students should be able to perform gas tungsten arc welding on carbon steel pipe with the prescribed filler metals in the 2G, 5G, and 6G position in accordance with the applicable code.

Credits: 3

Co-Requisites:

WDT 115 or permission of instructor.

WDT 156: GTAW Stainless Pipe Lab

This course is designed to provide the student with the skills in purging and welding stainless steel pipe with the gas tungsten arc weld (GTAW) process using filler metals in the F6 group. Emphasis is placed on purging and welding stainless steel pipe using the gas tungsten arc welding Technique in the 2G, 5G, and 6G positions. Upon completion, students should be able to perform gas tungsten arc welding on stainless steel pipe with the appropriate purging gas and prescribed filler metals in the 2G, 5G and 6G position in accordance to the applicable code.

Credits: 3

Co-Requisites:

WDT 116 or permission of instructor.

WDT 217: SMAW Carbon Pipe Theory (Elective)

This course introduces the student to the practices and procedures of welding carbon steel pipe using the shielded metal arc weld (SMAW) process. Emphasis is placed on pipe positions, electrode selection, joint geometry, joint preparation, and fit-up. Upon completion, students should be able to identify pipe positions, electrodes, proper joint geometry, joint preparation, and fit-up in accordance with the applicable code.

Credits: 3

Prerequisites:

As required by instructor.

WDT 257: SMAW Carbon Pipe Lab

This course is designed to provide the student with skills in welding carbon steel pipe with the shielded metal arc weld (SMAW) process using electrodes in the F4 and F3 group. Emphasis is placed on welding pipe in the 2G, 5G, and 6G positions. Upon completion, students should be able to perform shielded metal arc welding on carbon steel pipe with prescribed electrodes in the 2G, 5G, and 6G positions to the applicable code.

Credits: 3

Co-Requisites:

WDT 217 or permission of instructor.

WDT 258: Certification Lab (Elective)

This course is designed to provide the student with the skills needed to perform welds using the prescribed welding process. Emphasis is placed on welding test joints in accordance with the prescribed welding code. Upon completion, students should be able to pass an industry standard welding test in accordance with D1.1 code requirements.

Credits: 3

Prerequisites:

As required by instructor.

WCCS Student Handbook

Student Services

Philosophy

The Division of Student Services emphasizes the College's concern for the student's individuality and the growth of his/her total personality. The College provides opportunities that enhance the cultural, social, intellectual, and physical development of its students.

Student Handbook Disclaimer

Failure to read the Student Handbook does not excuse students from the policies and procedures described herein. Personal factors, illness, or contradictory advice from any source are not acceptable grounds for seeking exemptions from these policies and procedures. All policies contained in the Student Handbook are subject to change without prior notice.

Student Records Policy and Procedures for Privacy of Student Educational Records

For Wallace Community College Selma to comply with requirements of the Family Educational Rights and Privacy Act of 1974 (FERPA), the following policies and procedures have been established. Wallace Community College Selma accords all rights under the law to students who are declared independent. In accordance with this policy, after a student attains the age of 18, the College will not release any information pertaining to the student's academic records without written consent from the student. The student can obtain a Permission to Release Information Form from the Office of Student Services. Responsibility for protection of the privacy of students educational records rest primarily with the Dean of Students of the College. Educational records are defined by FERPA to include records, files, documents, and other materials that contain information directly related to students and are maintained by an educational agency or institution or by a person acting for such agency or institution. There are five exceptions to this definition of educational records as published in the GUIDELINES FOR POSTSECONDARY INSTITUTIONS FOR IMPLEMENTATION OF THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974

AS AMENDED, Revised Edition 1998, a publication of the American Association of Collegiate Registrars and Admissions Officers.

A. Student Access to Educational Records

All students have the right to review their educational records with the following exceptions as outlined by FERPA:

1. Financial information submitted by parents.
2. Confidential letters and recommendations placed in their files prior to January 1, 1975, provided these letters were collected under established policies of confidentiality and were used only for the purposes for which specifically collected.
3. Confidential letters and statements of recommendation placed in the records after January 1, 1975, to which the students have waived their right to inspect and review and that are related to the students' admission, application for employment or receipt of honors.
4. Educational records containing information about more than one student; however, in such cases the College must permit access to that part of the record which pertains only to the inquiring student. To review records, students and former students may go to the Admissions/Records Office, present a valid photo identification card, and ask to review the record. If it is an inappropriate time to retrieve the record, students may be asked to complete a written request to review records in the Admissions/Records Office. The College may delay to a maximum of 45 days release of the records for review. The College is not required to provide access to records of applicants for admission who are denied acceptance or if accepted, do not attend.

Wallace Community College Selma does not provide copies of the contents of student records unless a student is not within commuting distance of the College and is, therefore, physically unable to be present to view the records on campus. A copying fee of 25 cents per sheet will be assessed.

B. Challenge of the Contents of Educational Records

Students may challenge information in their educational records that they believe to be incorrect, inaccurate, or inappropriate. This challenge must be in writing and must be submitted to the appropriate records custodian

who is responsible for the division in which the students are enrolled. The records custodian must decide within a reasonable period of time whether the corrective action will be taken, and the records custodian must provide written notification to the student and the Dean of Students of the corrective action that has been approved. Students who are not provided the full relief sought by their challenge must be referred to the Dean of Students who will inform them of their right to a formal hearing. Students must make their request for a formal hearing in writing to the Dean of Students. The following procedures shall apply:

1. The hearing panel that will adjudicate such challenges will be the Grievance/ Appeals Committee.
2. Within a reasonable period of time after receiving the written request for a hearing, the chairperson of the Grievance/ Appeals Committee must inform students of the date, place, and time of the hearing reasonably in advance of the hearing.
3. Students will be afforded a full and fair opportunity to present evidence relevant to the issue raised. They may be assisted or represented at the hearing by one or more persons of their choice, including an attorney, at their expense.
4. Decisions made by the Grievance/ Appeals Committee must be in writing, must be based solely on the evidence presented at the hearing, and must include a summary of the evidence and the reasons for the decision. The decision should be delivered in writing to the student and the Dean of Students. Decisions made by the Grievance/ Appeals Committee must be in writing, must be based solely on the evidence presented at the hearing, and must include a summary of the evidence and the reasons for the decision. The decision should be delivered in writing to the student and the Dean of Students.
 - a. The Admissions/Records Office will correct or amend the educational record in accordance with the decision of the hearing if the decision is in favor of the student and inform the student in writing of the amendment.
 - b. Should Wallace Community College Selma decide not to amend the record in accordance with the student's request, the Dean of Students must inform the student of the following: The student has the

opportunity to place with the educational record a statement commenting on the information in the record or a statement setting forth any reason for disagreeing with the decision of the hearing.

- c. The statement placed in the educational record by the student will be maintained as part of the record for as long as the record is held by Wallace Community College Selma.
 5. This record, when disclosed to an authorized party, must include the statement filed by the student.
- C. Disclosure of Educational Record Information**
Wallace Community College Selma shall obtain written consent from students before disclosing any personally identifiable information from their education records. Such written consent must: (1) specify the records to be released, (2) state the purpose of the disclosure, (3) identify the party or class of parties to whom disclosure may be made, and (4) be signed and dated by the student.

FERPA states that certain information from student records may be classified as directory information. The following information has been declared by Wallace Community College Selma as directory information:

Name
Address
Telephone Listing
Place and Date of Birth
Participation in officially recognized activities and sports
Major field of study
Weight and height of a member of an athletic team
Dates of Attendance
Degrees and awards received
Most recent educational institution attended

The information will be released to inquiring individuals or agencies unless students sign a Do Not Release Directory Information Form during the first two weeks of the term. Do Not Release Directory Information Forms are available in the Office of Student Services: Admissions/Records. THIS FORM MUST BE RE-SUBMITTED ANNUALLY.

FERPA established rules stating that some personnel and agencies may have access to students' "educational records" without the

written consent of the students. Wallace Community College Selma will disclose information from a student's educational record only with the written consent of the student except to:

1. College officials who have been determined by the College to have a legitimate educational interest in the records. College officials include counselors and instructors who are involved in counseling students, administrators who assist in counseling and who advise students with other problems, professional and clerical staff who directly relate to the administrative tasks of the College, College law enforcement officials, and College attorneys.
A College official has a legitimate educational interest if the official is performing a task that is specified in his or her position description or by a contract agreement, performing a task related to a student's education, or performing a task related to the discipline of a student. When doubt is raised by the Dean of Students about an individual's "need to know" or legitimate educational interest in having access to specific information, the issue shall be decided by the President of Wallace Community College Selma.
2. Certain officials of the U.S. Department of Education, the Comptroller General, and state and local educational authorities in connection with certain state or federally supported education programs.
3. A student's request for or receipt of financial aid, as necessary to determine the eligibility, amount, or conditions of the financial aid, or to enforce the terms and conditions of that aid.
4. State and local officials to whom information is specifically required to be reported or disclosed pursuant to state statute adopted prior to November 19, 1974.
5. Organizations conducting certain studies for or on behalf of Wallace Community College Selma.
6. Accrediting organizations to carry out their accrediting functions.
7. Parents of eligible students who claim the students as dependents for income tax purposes. Determining dependency, as defined by Section 152 of the Internal Revenue Code, requires a copy of the parents' most recent Federal Income Tax

Form. In case of a divorce, separation, or custody when only one parent declares the student as a dependent, Wallace Community College Selma will grant equal access to the student's education records upon demonstration of dependency as described above.

8. Appropriate parties in a health or safety emergency, subject to a determination by the President or Deans.
9. Personnel complying with a judicial order or lawfully issued subpoena*, provided that the Admissions/Records Office makes a reasonable attempt to notify students in advance of compliance. (Within 10 calendar days)
10. An alleged victim of any crime of violence (as that term is defined in 18 U.S.C. 16) of the results of any institutional disciplinary proceeding against the alleged perpetrator of that crime with respect to that crime.

***Note:** Wallace Community College Selma is not required to notify students if a federal grand jury subpoena, or any other subpoena issued for a law enforcement purpose, order the College not to disclose the existence or contents of the subpoena.

Wallace Community College Selma will inform parties to whom personally identifiable information is released that they are not permitted to disclose the information to others without the written consent of the student. Wallace Community College Selma will maintain a record of all requests for, and/or disclosure of, information from a student's educational records. The record will indicate the name of the party making the request, any additional party to whom it may be disclosed, and the legitimate interest the party had in requesting or obtaining the information. The record may be reviewed by the eligible student.

The following is a list of the types of records that Wallace Community College Selma maintains and their custodians.

Type of Record	Custodian
Admission	Dean of Students
Cumulative (current/ former students)	Dean of Students
Admission/Academic (new students, currently enrolled)	Dean of Students
Financial Aid	Financial Aid Director
Student Accounts	Dean of Business and Finance
Athletic Eligibility	Athletic Director
Disciplinary	Dean of Students

- D. **Annual Notification of FERPA Rights**
Wallace Community College Selma will give annual notice to current students of their rights under the Act by publishing information in the WCCS Catalog and Student Handbook.
- E. **Permission to Release Student Information Form**
If you register for a WCCS course, you hold the FERPA rights for that course and the College may not release your records for that course (or any other academic records) to anyone (including your parents or spouse) without your written permission. If you wish to release your student information to any other party, you must sign a Permission to Release Student Information Form (available in the Dean of Students' Office) and specifically designate the individuals to whom you wish to have your records released.
- F. **Facsimile Records (FAX)**
Wallace Community College Selma honors FAX requests to send official transcripts to third parties, and Wallace Community College Selma will accept FAX transcripts for advising purposes only. An official transcript is required for admission purposes.
- G. **Computer Access to Records**
Wallace Community College Selma has established policies for initially instructing and periodically reminding school officials of FERPA's confidentiality requirements before it gives them access to the computer system. These school officials are informed of the criteria Wallace Community College Selma uses to determine legitimate educational interest and of their responsibility for assuring that access is not abused.
- H. **Students Rights After Ceasing Attendance or Graduation**
Students who have ceased attendance or have graduated from Wallace Community College Selma have basically the same FERPA rights as students currently attending, including the right to (1) inspect their educational records, (2) have a hearing to amend an educational record, and (3) have their educational record privacy protected by Wallace Community College Selma. Former students do not have the right to request of Wallace Community College Selma nondisclosure unless they asked, at their last opportunity as students, that no directory information be disclosed.
- I. **Privacy Rights of Deceased Students**
For twenty-five years following the death of a student, the release of education record information will not be made unless

authorized by the student's parents or the executor/executrix of the deceased student's estate.

Guidance and Counseling Services

Guidance and counseling services are available to all students. Counselors assist students in obtaining maximum development of their potentialities and arriving at decisions which further their progress. These decisions most frequently involve one or more of the following: vocational and occupational choice, selection of educational goals, and matters of a social-personal nature.

All incoming freshmen will be tested in English, reading, and mathematics to help ascertain their proper placement in instructional courses. The ACCUPLACER test is the primary instrument used by the College for placement testing purposes. Counselors provide immediate feedback of test results and assist each freshman student in completing the first schedule of classes. At the time of enrollment in both Technical and Academic Programs, a student is assigned a program advisor who guides the student in scholastic matters. Services provided by counselors include: advising, registering, and career assessment, transfer counseling, and limited personal counseling. The Retention Advocate also provides assistance to students considering withdrawing from school or who do not meet academic progress. The Transfer Coordinator provides services to students to assist them in transferring to senior institutions.

An orientation course is available for all new students. The program is designed to provide the new student with knowledge of the physical environment of the campus and the institutional policies, to provide a fundamental knowledge of the educational offerings and requirements of the institution, and to provide the student with specific advising for initial registration.

Student Support Services Program

The Student Support Services (SSS) program at Wallace Community College Selma provides opportunities for academic development, assists participants with basic college requirements, and serves to motivate participants toward the successful completion of their postsecondary education. The goals of SSS are to increase the college retention and graduation rates of participants, facilitate the process of transition from one level of higher education to the next. The program is designed to foster an institutional climate supportive of the success of students from

groups that are traditionally misrepresented in postsecondary education, individuals with disabilities, homeless children and youth, foster care youth, or other disconnected students. Services provided by the program include the following:

Academic Advising and Counseling

Counselors provide registration advisement and assistance in developing class schedules and course loads. Counselors monitor the academic progress of all participants and conduct individual conferences to keep participants informed of their progress and academic status.

Tutoring Services

Tutorial services are provided to participants on an "as needed" basis in a variety of required courses. Professional instructors and peer tutors perform all tutoring services. The tutors will help participants understand course content, prepare for exams, edit papers, prepare term papers, and manage study time.

Transfer Assistance

The Transfer Coordinator assists participants with transfer requirements to any four-year college or university in the nation. The Coordinator will also assist participants with the Statewide Articulation Reporting System (STARS) agreement.

Financial and Economic Literacy Education

Financial literacy education will teach participants decision-making skills needed to navigate the financial challenges of college life. Financial literacy education can also help participants avoid the negative economic, social, and academic consequences of uninformed spending decisions.

Personal and Career Counseling

Professional counselors are available to help participants understand and cope with the challenges students face in college. Counselors' help participants make the transition to college easier and try to resolve problems related to academic success. Counselors can also help participants with decisions regarding college majors and career choices.

Life Skills Workshops and Cultural Enrichment

Each semester, workshops are offered to enhance the academic and personal growth of participants in the program. Workshop topics include financial aid, social and communication skills, self-esteem building, time management, study skills, and goal setting. Cultural enrichment trips introduce participants to the fine arts and an enhanced

awareness of cultural diversity. Trips include theatrical and musical productions, museums, and other events and/or exhibitions.

Eligibility Requirements – A student is eligible to participate in SSS if the student meets all of the following requirements:

- a. a citizen or national of the United States or meets the residency requirements for Federal student financial assistance.
- b. enrolled at the Wallace College Selma or accepted for enrollment in the next academic term.
- c. Has a need for academic support in order to pursue successfully a postsecondary educational program.
- d. a low-income individual, first-generation college student or an individual with disabilities.

Students must apply and be accepted in the program to receive program services. All program services are free to participants. For more information, contact the office of Student Support Services.

Student Success Coaching Program

The Student Success Program is a free resource for WCCS students to maximize their collegiate experience and achieve their goals of graduation, transfer or employment. Each student is assigned a Student Success Coach who will contact each student at least twice a month. These meetings are scheduled around the student and can occur through email, face-to-face meeting, telephone call, Instant Messaging or through Canvas. Communication is the most important tool a student has and will help as students navigate their educational journey.

Americans with Disability Act (ADA)

Wallace Community College Selma is committed to the achievement of maximum human potential. In keeping with this, the College fully supports and complies with THE AMERICANS WITH DISABILITIES ACT (ADA). The College endeavors to provide students, employees, and the community an opportunity for success with as few deterrents as possible. The College strives to create a welcoming environment and will work in good faith to meet the needs of all populations. The office of the College's ADA Coordinator (Ms. Sheila Theiss) is located in the Student Services Building. The ADA Coordinator's telephone number is (334) 876-9294.

The following procedures are in place at the College to assist anyone with needs for accommodation and/or with general concerns covered by the ADA:

A. Disabled Students

1. It is the responsibility of the student to notify the ADA coordinator of his or her need for accommodation (this should be done prior to or upon enrollment at the College) and to provide documentation of the disability. The documentation should address each specific accommodation and should be dated within three years of the enrollment date. Once documentation is filed in the ADA Coordinator's Office, the student's instructors will be notified of the requested accommodations.
2. It is the student's responsibility to notify the ADA Coordinator of enrollment in his/her initial and successive semesters by bringing a copy of his/her schedule to the ADA Office.
3. Prospective students are encouraged to contact the ADA Coordinator if assistance is required in applying for college admission or during the registration process.
4. In general, documentation for ADA accommodations is NOT retroactive. All assignments and test scores received before documentation will apply.

B. Criteria for Disability Documentation

The Rehabilitation Act of 1973 (Section 504) and the Americans with Disabilities Act of 1990 state that qualified students with disabilities who meet the technical and academic standards at Alabama College System institutions are entitled to reasonable accommodations. Under these laws, a disability is defined as any physical or mental condition which substantially limits a major life activity, a history of such a condition, or the perception of such a condition. Alabama College System institutions do NOT provide disability documentation for students. It is the student's responsibility to provide appropriate documentation to the College office responsible for handling the request and to request accommodations.

C. Providing Services for Students with Disabilities

Services and reasonable accommodations are provided pursuant to Section 504 of the Rehabilitation Act of 1973 and the *Americans with Disabilities Act of 1990*. The Alabama College System is committed to working with individuals with disabilities. It is a goal of the Alabama College System to ensure that

students with disabilities have the programmatic and architectural accesses needed for integration into campus life.

All applications must meet the academic and technical standards requisite to admission or participation in programs and/or activities at Alabama College System institutions. Alabama College System institutions will not reduce standards in the grading and/or evaluation of students. Academic requirements determined by Wallace Community College Selma (WCCS) to be essential or fundamental will not be modified. Alabama College System institutions strive to eliminate barriers to learning or participation in other institutional activities and provide the following services for students and faculty:

- Screening of disability documentation
- Determination of appropriate accommodations
- Communication with faculty and/or staff regarding student needs
- Referral to other available campus and/or community resources

Providing reasonable accommodations for students with disabilities requires an individual assessment of need and is a problem-solving process. Specific accommodations depend upon the nature and requirements of a particular course or activity and the skills and functional abilities of a particular student.

Wallace Community College offers adaptive technology (equipment and software that assists students with reading, writing and listening) and alternative-format textbooks. Alternative-format textbooks include audio books, scanned textbooks, as well as assistance with text-to-speech solutions which are also available for students with documented disabilities. Students may also bring voice recorders to capture the audio of lectures which they can later upload to a computer and use to review what was said in class. In addition, these students may utilize Peer Note-Taker and may receive extended time for in-class assignments and examinations. Other forms of support may include: tape, braille, enlarged text, use of scribes, readers and private rooms.

Financial Aid

The primary purpose of the Office of Financial Aid at Wallace Community College Selma is to assist all students in securing the funds necessary to pursue their educational goals. While students and parents have the primary responsibility for paying the student's educational expenses, the goal of the College is to bridge the financial gap that may exist between the cost of the individual student's education and money available from the student's family, job income, savings, and any other resources. The Office of Financial Aid is committed to providing students and parents with the resources and information needed to become financially responsible.

Wallace Community College Selma offers the following types of student financial aid to those students who qualify:

1. Federal Pell Grant
2. Federal Work-Study Program (FWSP)
3. Federal Supplemental Educational Opportunity Grant (FSEOG)
4. Alabama Student Assistance Program (ASAP)
5. Presidential/Academic/Technical/ Certificate
6. Athletic
7. Senior Citizens
8. Employee Dependent Tuition Waiver Program
9. V.A. Benefits
10. Vocational Rehabilitation
11. Work Force Investment Act (WIA)
12. Alabama National Guard Education Assistance Program (ANGEAP)
13. Simpson Foundation Scholarships
14. American Legion Scholarships

Federal Student Financial AID Programs Title IV Federal Pell Grant Program

The Federal Pell Grant Program provides direct grants from the U.S. Department of Education to the undergraduate student for educational expenses. Since it is a grant program, the student does not have to repay the amounts received **AFTER 60%**. Federal Pell Grants will range in size from \$0 to a maximum of \$5,815 per year (amount subject to legislative changes). No eligible student will be denied a Federal Pell Grant. The award year at this institution begins the Fall Semester of each year and ends the Summer Semester of the following year.

To apply, the student, (and if applicable) parents and spouse must complete the [Free Application for](#)

[Federal Student Aid](#). For aid to be processed in a timely manner, the **Free Application for Student Federal Aid (FASFA)** should preferably be submitted two (2) weeks before registration. **IT IS HIGHLY ENCOURAGED THAT THE STUDENT COMPLETES THE FASFA ONLINE (LIMITED PAPER FORMS WILL BE AVAILABLE)**. A student can apply using the Internet by the following:

1. Creating an FSA ID from the U.S. Department of Education.
2. Completing the FASFA or renewal FASFA at www.fasfa.ed.gov. The Wallace Community College Selma federal school code is **009980**. The electronic process takes approximately one week for approval.

Once the student has a valid Student Aid Report (SAR) the Office of Financial Aid uses the guidelines set forth by the Department of Education to determine the amount of the grant award. This is accomplished by using the Expected Family Contribution (EFC) number on the ISIR, and the amount assigned to that number on the Pell Grant payment schedule for the current year. It should be noted that this institution does not determine eligibility requirements for a Pell Grant nor the amount of the grants. Awards are made at the time a student has a complete financial aid file. Also, this institution verifies each ISIR that has been selected for verification.

All **credit balances** in the student Pell Grant accounts are disbursed 14 calendar days from the first instructional day of each semester.

Verification Policy

Students may be selected on a random basis by the federal government or the Office of Financial Aid to verify the following items: (1) family income, (2) taxes paid, (3) family size, (4) number of family members other than parents attending a postsecondary institution, and (5) any other item identified by the Office of Financial Aid. Failure to submit the requested documentation will cause the student to forfeit entitlement to the financial aid. Students needing to correct their Student Aid Reports (SAR) as a result of verification will be notified at the time of verification or shortly thereafter by mail or email.

Awarding Policy

Students must have completed all required financial aid forms by the first day of the semester to avoid having to pay the initial cost of tuition, fees, books, and supplies themselves. Financial aid forms and

materials submitted after the beginning of the semester will be processed as quickly as possible. Because FSEOG funds are limited, awards from these programs are made to the neediest Pell Grant recipients until funds are exhausted. In addition to Pell eligibility, preference is given to students with dependents. Federal Work Study is awarded on an ongoing basis to eligible students with interest in, and the skills required for the job assignment.

Please Note: If a student's schedule includes a mini-term course that begins midterm, the amount of the Pell Grant award may change when the mini-term begins. The Office of Financial Aid may be contacted to determine if there will be an adjustment to the Pell Grant award.

Dependent/Independent Policy

The Federal Government has identified, for student financial assistance programs, certain categories of students who must be considered Independent financial aid applicants. A student is considered an independent financial aid applicant if he or she meets one of the following criteria:

- Was born before January 1, 1996
- Is a veteran of the U.S. Armed Forces
- Is on active duty in the U.S. Armed forces
- Is an orphan, were in foster care or ward of the court
- Is/was an emancipated minor
- Is/was in legal guardianship
- Has a legal dependent other than a spouse
- Is a married student
- Is a homeless child/youth
- Is determined homeless by HUD
- At risk for homelessness
- Is working on a masters/doctoral program
- Has a child or children who receive more than half of their support from you.

An Independent financial aid applicant is not required to submit parental information in the application process; however, if the independent applicant is married, spousal information must be reported. A student who cannot meet at least one of the criteria is considered a Dependent Applicant and must provide parental information in the application process.

Campus-Based Programs

Wallace Community College's campus-based programs are Federal Work Study (FWS) and Federal Supplemental Educational Opportunity Grants (FSEOG). The institution receives a predetermined dollar amount from the Department

of Education for each of these programs, and when that money is distributed, no more awards can be made from that program for that year. The institution determines each student's eligibility and the deadlines to apply for campus-based funds.

Federal Work-Study Program (FWS)

The Work-Study Program provides jobs for undergraduates and graduate students with financial need, allowing them to earn money to help pay educational expenses. The program encourages community service and works related to each student's course of study. The Office of Financial Aid determines who is eligible for work-study using the federal EFC from a valid SAR or ISIR and institutional cost of attendance. Work-Study applications are available in the Office of Financial Aid.

Students can earn at least the current minimum wage, but the amount may be higher depending on the type of work they perform and the skills required. The total Federal Work-Study award depends on when the student applies, the level of need, and the funding level of the school.

Awards are based on the amount of funds available and given to eligible students according to the priority date published in the school catalog.

Job sites are provided both on and off campus. If the student works on campus, the student is employed by the school. The employer for those students employed off campus will usually be a private non-profit organization or public agency.

The amount a student earns cannot exceed his/her total Federal Work-Study award. When assigning work hours, the Office of Financial Aid will consider the student's class schedule and academic progress. Work-study students may generally work additional hours upon request of the supervisor and approval from the Office of Financial Aid. Students are allowed to work during breaks with approval from the Office of Financial Aid.

Federal Supplemental Educational Opportunity Grants (FSEOG)

Federal Supplemental Educational Opportunity Grants are for undergraduates with exceptional financial need, that is, students with the lowest Expected Family Contributions (EFCs). Priority is given to students who receive Federal Pell Grants. FSEOG does not have to be paid back. There is no

guarantee that every eligible student will be able to receive FSEOG; students at each school will be awarded these funds based on availability at the institution. Students can receive a minimum of \$100 and a maximum of \$4,000 a year.

Alabama Student Assistance Program (ASAP)

The Alabama Student Assistance Program funds are awarded to eligible Alabama residents who demonstrate need and who are enrolled at least halftime. The institution receives a predetermined dollar amount for this program, and when that money is distributed, no more awards can be made from that program for that year.

Veterans Benefits

Veterans Educational Benefits are available to qualified Veterans, Dependents of Veterans, National Guard members and Reserve members. To receive VA educational benefits, all recipients must be enrolled in an approved course of study. Benefits differ according to the Chapter of VA educational benefits for which the student qualifies. Students receiving VA educational benefits are responsible for registering only for courses that are included on their respective degree plan. Students receiving VA educational benefits must promptly notify the VA Certifying Official, located in the Office of Financial Aid, when withdrawing from a class or all classes. Failure to do so may result in an overpayment from the Department of Veterans Affairs.

The student is liable for the overpayment. To continue receiving VA educational benefits, Veterans must attend their scheduled classes. Instructors will report students who are excessively absent to the Office of Admissions and Records and VA benefits may be reduced accordingly. The Department of Veterans Affairs may require approximately 60 to 90 days to process educational benefits. As a result, Veterans should be prepared to pay tuition and fees at registration. Benefits differ according to the Chapter of VA educational benefits for which the student qualifies. For more information about benefits or to apply, visit U.S. Department of Veterans Affairs or call at 1-888-442-4551. For issues regarding your benefits, submit a complaint to the VA GI Bill Feedback System. <https://www.benefits.va.gov/GIBILL/Feedback.asp>

Before making an application for educational benefits, the Veteran must complete the following:

- Step 1: An Application for Admissions to the College, Transcript Request Form(s) and send to high school and colleges attended, Transcript Request Form to request GED transcript. Sit for the Compass Placement Assessment, if applicable
- Step 2: Report to the VA Certifying Official located in the Office of Financial Aid and submit the following documents:

Chapter 30 (Montgomery GI Bill) submit certified copy of DD214 form

Chapter 35 (Veteran Dependents) submit Certificate of Eligibility form

Chapter 1606/1607 (Reserve or Guard) submit Notice of Basic Eligibility Form (NOBE)

Chapter 33–Post 9/11 Veterans submit Certificate of Eligibility

Chapter 31- Disabled Veterans submit Authorization and Certification Certificate

NOTE: Veterans benefits cannot be certified until meeting with the VA Certifying Official, at the College.

Veteran benefits cannot be received for courses previously passed unless an improved grade is required or for auditing courses. The Veteran will not be paid for courses in which an "I" (Incomplete) was previously received or for courses which are not a part of the declared major unless approved as a substitute for a required course by the appropriate Dean. All Veterans should contact the VA Certifying Official during registration in order to complete the proper forms for certification. If the enrollment period is temporarily interrupted, the VA Certifying Official will recertify when notification of reenrollment is received from the Veteran.

Alabama G. I. Dependents Scholarship Program

The Alabama Department of Veterans Affairs offers financial assistance to eligible dependents of disabled Veterans (child, stepchild, spouse or un-remarried widow or widower) who are living or deceased. Qualifying Veterans must have been permanent civilian residents of Alabama prior to entry into military service. Other qualifying veterans' categories are former Prisoners of War (POW), declared Missing in Action (MIA) and those who died in service. The Alabama G. I. Dependents Scholarship Program does not pay for non-credit courses, transitional (remedial) courses and facility and special building fees. In addition, the G. I. Dependents' Scholarship Program does not cover supplies or textbooks for non-credit and/or transitional (remedial) courses. The student is responsible for paying these charges. Veterans Service Officers of the Alabama Department of

Veterans Affairs maintain an office in each county of the State. They can provide information and assist in filing the required forms. Their offices are located usually in the county courthouse. The Alabama Department of Veterans Affairs may be contacted directly at the following address: Alabama G. I. Dependents' Scholarship Program, Department of Veterans Affairs, Post Office Box 1509, Montgomery, Alabama 36102-1509. The telephone number is (334) 242-5077.

The following individuals shall be charged the in-state/in-district rate, or otherwise considered a resident, for tuition purposes:

- A Veteran using educational assistance under either Chapter 30 (Montgomery G.I. Bill-Active Duty Program) or Chapter 33 (Post-9/11 G.I. Bill), of title 38, United States Code, who lives in the State of Alabama while attending a school located in the State of Alabama (regardless of his/her formal State of residence) and enrolls in the school within three years of discharge from a period of active duty service of 90 days or more.
- Anyone using transferred Post-9/11 G.I. Bill benefits (38 U. S. C. § 3319) who lives in the State of Alabama while attending a school located in the State of Alabama (regardless of his/her formal state of residence) and enrolls in the school within three years of the transferor's discharge from a period of active duty service of 90 days or more.
- A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U. S. C. § 3311 (b)(9)) who lives in the State of Alabama while attending a school located in the State of Alabama (regardless of his/her formal state of residence) and enrolls in the school within three years of the Service member's death in the line of duty following a period of active duty service of 90 days or more.
- Anyone described above while he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the same school. The person so described must have enrolled in the school prior to the expiration of the three year period following discharge or death described above and must be using educational benefits under either Chapter 30 or Chapter 33, of Title 38, United States Code.

Alabama National Guard Education Assistance Program (ANGEAP)

The Alabama National Guard Education Assistance Program (ANGEAP) is designed to provide financial

assistance to Alabama National Guard members. For additional information and applications, the National Guard member should contact his/her National Guard Unit.

Veterans Educational benefits include Chapters' 30, 1606, 1607, 32 and 35. Chapters' 1606 and 1607 are reserved for National Guard and Reserve members. Under these programs, the student receives an allowance directly from the government; the student is responsible for paying tuition and fees to the College.

Chapter 33 (Post 9/11 GI Bill) covers tuition and fees which are paid directly to the College (according to the percentage of eligibility of the veterans). The student will also receive a housing allowance and books stipend. The student is still responsible for paying any remaining balance. For more information, please visit the Veteran Education Benefits website.

Chapter 35 covers Dependent Survivor benefits. Students receive payment based on enrollment. Funds are paid directly to the student.

Full-time VA Educational benefits will be awarded to a student who enrolls for a minimum of 12 semester hours in his/her VA approved program of study. Awards for students enrolled less than full-time will be decreased proportionately. Students wishing to receive veteran benefits must have their schedules approved by the VA Counselor to assure that their courses are in the approved program of study.

Vocational Rehabilitation

Students with disabilities may obtain grants covering tuition, fees, books, and tools through the Vocational Rehabilitation Service. For further information and application procedures, students should contact the West Central Alabama Vocational Rehabilitation Center in Selma, Alabama. The telephone number is (334) 872-8421.

Workforce Innovation and Opportunity Act (WIOA)

Students desiring to attend the Technical Division may be eligible for assistance (tuition, fees, books, and tools) under the Workforce Innovation and Opportunity Act (W.I.O.A.). Interested students must first apply at the Alabama State Employment Office and be determined eligible for services. For more information regarding W.I.O.A., contact the Selma Career Link at (334) 875-8909, or the Alabama State Employment Office.

Alabama National Guard Educational Assistance Program (ANGEAP)

This program is designed to reimburse the guard member for the amount of tuition, fees, books, and supplies which exceed the National Guard (federal) tuition assistance available for the term. Students desiring this type of assistance should obtain an ANGEAP application from their unit and complete Section I. They should then bring the application along with current bookstore receipts to the Veterans Affairs Office in the Office of Financial Aid. Awards will be determined on a first-in, first-out basis as long as funds are available.

Simpson Foundation Scholarship

The money for this fund was donated by the Simpson Foundation. Interest income from this fund is used to award one-year tuition and fee scholarships. Recipients are selected by the Financial Aid Director of the College. To be eligible to apply for this scholarship, the student must be a resident of Wilcox County. The student must also be a new student and plan to enter a terminal degree program (Associate in Applied Science Degree Program) in the Academic Division of our institution or a Technical Division program. College/University Transfer programs are not eligible under the Simpson Foundation Scholarship. A recipient for the scholarship must maintain an overall "C" average in order to keep the scholarship. A recipient may re-apply for a one-year renewal of the scholarship if he or she has maintained the appropriate GPA. Students wishing to apply for this scholarship should submit an application for the scholarship (available at the Office of Financial Aid) with copies of high school and college academic transcripts, a letter of recommendation, and an application for admission to the College to the Office of Financial Aid.

American Legion Scholarships

American Legion Post #20 has established state established scholarships for WCCS students. To be eligible, students must be residents of Alabama. Sons, daughters, grandsons, and granddaughters of veterans of World War I, World War II, Korean War, and Vietnam will receive first priority. Applications may be obtained from the WCCS Office of Financial Aid or from The Department Adjutant, The American Legion, and P. O. Box 1069, Montgomery, AL 36192. The application deadline is April 1 each year.

Presidential, Academic, Technical and Certificate Scholarships

There are a limited number of scholarships available to qualified students. To qualify for these scholarships, students must first be admitted to the institution, complete a scholarship application, submit a transcript, verification of ACT scores, and two letters of recommendation from non-relatives. Scholarships are awarded to first-time freshmen, and recipients of scholarships are notified in writing by the Scholarship Committee Chairperson. Deadline for complete application packets is April 1.

To qualify for a **Presidential Scholarship**, that covers tuition and fees, a student must have a composite ACT score of at least 26. To renew the scholarship for a maximum of four semesters, the student must be enrolled in at least 15 hours each semester and maintain a 3.25 GPA.

To qualify for an **Academic Scholarship**, that covers tuition and fees, a student must have a composite ACT score of at least 22. To renew the scholarship for a maximum of four semesters, the student must be enrolled in at least 15 hours each semester and maintain a 2.75 GPA.

To qualify for a **Technical Scholarship**, that covers tuition and fees, a student must have a composite ACT score of at least 16. To renew the scholarship for a maximum of four semesters, the student must be enrolled in at least 15 hours each semester and maintain a 2.50 GPA. This scholarship covers the Drafting and Design, Electrical Technology, Licensed Practical Nurse and Office Administration Programs.

To qualify for a **Certificate Scholarship**, that covers tuition and fees, a student must have a 2.75 or above Grade Point Average. To renew the scholarship for a maximum of four semesters, the student must be enrolled in at least 15 hours each semester and maintain a 2.50 GPA. This scholarship covers the Cosmetology, Welding, Masonry, and Nursing Assistant Programs.

Athletic Scholarships

Wallace Community College Selma is a member of the Alabama Junior College Conference and the National Junior College Athletic Association(s). WCCS participates in varsity competition in men's basketball, women's basketball, and men's baseball. Athletic scholarships are available for all these sports. These scholarships may cover tuition, fees, and books. Athletes must maintain a 2.0 GPA as determined by the NJCAA Rules of Eligibility to

remain on scholarship status. For further information contact the Athletic Director at the College.

Senior Citizens Scholarships

This is a free tuition program for senior citizens. To qualify, a student must be at least 60 years old, accepted into either the Academic or Technical Division of the institution, and taking credit courses towards a program of study. Please note that this scholarship does not cover any applicable fees.

Employee Dependent Tuition Waiver Program

This tuition waiver program is designed for all full-time employees of The Alabama College System and their dependents. Any full-time employee of any public two-year college in the State of Alabama or of the Alabama Community College System Education is eligible to apply. Also, the spouse of any full-time employee and unmarried, natural or adopted children, or stepchildren of any full-time employee, residing in the employee's household may be eligible for this scholarship. This program covers tuition only. Applications are available in the Office of Financial Aid and on our website, all applicants must be approved by the President. Recipients of this scholarship must maintain a cumulative 2.00 GPA.

State, Community, and Other Financial Aid Programs

A variety of other Financial Aid is provided by state agencies, local community sources such as professional and civic groups, private foundations, and other sources. The types of aid, amounts, qualifications, and application procedures vary widely. The best source of information on these types of scholarships is usually high school counselors. The Office of Financial Aid highly encourages you and/or your parent(s) to visit our website at www.wccs.edu for the most up-to-date information on scholarships.

Academic Requirements for Federal Financial Aid

Satisfactory Academic Progress (SAP) will be measured each term according to the guidelines published by the U.S. Department of Education. Students are required under federal regulations to maintain certain standards of progress depending on the number of hours they have attempted in

college. It is the student's responsibility to read and understand all policies associated with financial aid funding. Students should regularly check their account for the latest information regarding their Financial Aid Status which can be found under the financial aid tab. After accessing the financial aid tab, click financial status to view any warnings or suspension of financial aid.

1. To be eligible for Title IV Federal Financial Aid, students must meet the standards of progress applicable to all students at the institution.
 - a. Maintain Satisfactory Academic Progress (SAP).
 - b. Pass a minimum 2/3 of all classes attempted each academic year.
 - c. Complete a program of study within 1.5 times the normal length of the program.
Note: The institution will not include credits that do not count toward your current program.
2. When a student who is eligible for Title IV Federal Financial Aid is suspended, whether the student serves the suspension or is readmitted upon appeal, the student is not eligible to receive financial aid for the duration of the suspension. The student will not be eligible again to receive financial aid until he/she makes the cumulative GPA required for the number of credit hours attempted within their program or the semester based upon the escalating GPA scale (at least 12 credit hours attempted at the institution during that semester).
3. Eligible students may receive Title IV Federal Financial Aid for a period of time not to exceed 1.5 times the normal length of the specific program (the normal length of a specific program will vary depending on a student's enrollment status).
4. Each student on Title IV Federal Financial Aid must earn each academic year 2/3 of the minimum number of hours required for each academic year to complete a program in the normal length of time allowed. The normal length of time allowed for specific program completion is determined by the institution. If a student repeats a course which was previously successfully completed, the credit hours obtained the second time the course is attempted do not count toward the minimum number of academic hours required for program completion.
5. Students cannot be the recipient of more than 12 semesters of full-time Pell Grant.
6. Students who do not meet these standards will be ineligible for Title IV Federal Financial Aid.

7. Each student's academic progress will be evaluated at the end of each semester after grades are posted. This will be done also at the time the student completes his or her Pell Grant paperwork. A student who is unsatisfactory but who elects to re-enroll at his or her own expense can have his or her progress re-evaluated at the end of each semester to see if he or she has regained satisfactory academic progress by achieving the required overall GPA and/or required semester GPA and by passing the required minimum number of hours.

Minimum Standards of Satisfactory Academic Progress

SAP will be measured each term at George Corley Wallace State Community College. Students are required under federal regulations to maintain certain standards of progress depending on the number of hours they have attempted in college and their program of study. All students regardless of their enrollment status (full-time, half-time, part-time, etc.) are evaluated using the same measures. It is the student's responsibility to read and understand all policies associated with financial aid funding. Students should regularly check their account at "My Wallace Selma" for the latest information regarding their account. Financial Aid Status can be found under the Financial Aid Tab. After accessing the Financial Aid Tab, click Financial Status to view your SAP status of good, warnings, or suspension of financial aid. Click on the blue hyperlink of the SAP status from this page and a personalized explanation will be available to the student to explain his or her SAP status. Title IV financial assistance programs including Federal Pell Grant, Federal Work-Study (FWS), Alabama Student Assistance Program, and Federal Supplemental Education Opportunity Grant (FSEOG) are all affected by SAP.

Program Completion, Credit Hours, Grade-Point Averages (GPAs) and Required Pace of Completion

I. Program Completion

The maximum time frame allowed to complete a program of study without financial aid penalty cannot exceed 1.5 times the published length of a specific program. Students are only allowed 150% of the length of the program to complete the degree or certificate. Example: General Studies is 60 credits. Students are allowed 150% or 90

attempted credits to complete the program successfully. If the student does not complete their program in the allotted timeframe their grant will be suspended. Every program is different. Students should check the catalog or Degree Works for the number of hours required for completion of their program of study and multiply 1.5 X the number of hours needed for graduation= MAX timeframe on ATTEMPTED credit hours. Students who submit an evaluation request form for MAX timeframe all attempted hours will be used in the program of study. If the student has completed a degree or certificate at another school the attempted (transfer) hours accepted by WCCS will be used toward the program of study. If the student has graduated from a program, we can evaluate the request form to determine if any hours can be excluded from the attempted hours toward the new program of student to determine the number of hours of eligibility left in their current program.

II. Required Credit Hours

The student must successfully complete a specific percentage of all classes attempted. Please review the chart below for your individual situation. For example, if a student attempts 33 credit hours, he/she must successfully complete at least 22 of the 33 hours. NOTICE: All hours attempted (including those from which the student withdrew, received incompletes, transferred in credit, and/or were paid by sources outside of financial aid) will be included in this calculation.

III. Required Grade Point Average (GPA)

A student enrolled in a Degree Program (AA, AS, AAS, or Standard Certificate) must achieve the following:

- 1.5 GPA and 58% completion rate after attempting 0-21 credit hours.
- 1.75 GPA and 62% completion rate after attempting 22-32 credit hours.
- 2.0 GPA and 67% completion rate after attempting 33 credit hours.

Students enrolled in Short Certificate Programs meet the following standards:

- After attempting 0-13 credit hours, must earn a 1.5 GPA and complete 58% of the enrolled hours.
- After attempting 13 or more credit hours, must earn a 2.00 GPA and complete 67% of the enrolled hours.

All hours attempted, including those in which the student withdrew, will be included in this calculation, even if Financial Aid was not received.

IV. Financial Aid Warning

If a student fails to achieve the required cumulative GPA or does not successfully complete the required percentage of overall hours, he/she will be placed on financial aid warning. Students on warning will be allowed to receive aid and will be notified of their warning status within the MyWallaceSelma account. Warning will be lifted in the subsequent term if the student attains the required cumulative GPA and/or successfully completes the required percentage of hours at the end of the warning semester.

V. Financial Aid Suspension

If a student does not have the required GPA and completion rate after his/her warning semester or if the student fails to follow the Plan he/she will be suspended from federal financial aid. If placed on academic suspension, a student is NOT eligible to receive financial aid for the duration of suspension, even if he/she is readmitted to the College upon academic appeal. The student may regain eligibility for financial aid when the overall satisfactory academic progress requirements are obtained.

VI. Appeal Process

A student who fails to meet satisfactory academic progress requirements may submit a written appeal to the Financial Aid Appeals Committee. The student may appeal that result on the basis of his injury or illness, the death of a relative, or other special circumstances. The appeal must explain why the student failed to make satisfactory progress and what has changed in the student's situation that will allow the student to make satisfactory progress at the next evaluation. The student may file an appeal at Wallace Community College Selma by submitting a [Financial Aid Appeal Form](#) to the Financial Aid Office. The forms are available in the Financial Aid office and online. Appeals may be submitted to the Office of Financial Aid up until approximately one week prior to term of planned attendance.

If an appeal is approved, the student will be placed on Financial Aid Probation or Plan. The student will be notified by phone or in writing of the Financial Aid Appeals Committee's decision. If the appeal is denied, the student has the right to appeal the Committee's decision to the Dean of Students in writing. The President has the final authority to accept, reject, or modify the decision of the Committee. **Appeals for academic reinstatements granted by other departments do not constitute reinstatement of financial aid eligibility.**

VII. Transfer/Re-Admit Students

All transfer and re-admit students, to the College, must meet the minimum grade-point standards indicated above in order to be eligible for financial aid. Students who do not meet these standards will be ineligible to receive Title IV funds at the College. In addition, students who transfer to Wallace are required to submit an official copy of their academic transcript(s) from all previously attended postsecondary institution(s). Initially, the transcript from the last college attended will be considered to evaluate Satisfactory Academic Progress of transfer students who apply for Federal Student Aid. After the Director of Admissions and Records completes the evaluation of these transcripts, transfer credits that apply to the student's major at the College will be included in the hours attempted and hours earned for future Satisfactory Academic Progress evaluations. However, transfer students GPAs are not included in the Satisfactory Academic Progress evaluations.

VIII. Monitoring Progress

Academic progress will be monitored each term.

IX. Repeating Courses

A student receiving a Federal Pell Grant may repeat courses not successfully completed; however, all hours will be included in the satisfactory academic progress calculations. Students may repeat successfully completed courses one additional time.

X. Developmental Courses

A student may receive financial aid for up to 30 attempted developmental credit hours. If this number is exceeded, financial aid cannot cover any additional developmental classes. If the student enrolls in the same developmental course more than three times, financial aid will not apply for any subsequent enrollment(s) in this course. Developmental courses count the in the completion rate calculation for academic progress.

XI. Audit Courses

Audited courses are not considered credits attempted or earned and students cannot receive financial aid for these courses.

Grades:

W - Withdrawal

A grade of "W" is assigned to a student who officially withdraws or is unofficially withdrawn from the College or from a course prior to 70 percent of the term being completed. This specified date is included in the Student Calendar for each term. It is

the responsibility of the student to become familiar with the dates in the Student Calendar in order to know the exact withdrawal dates. A student who is officially withdrawn or is unofficially withdrawn from the College after 70 percent of the semester has been completed will receive the grades that he/she has earned at that time of withdrawal. A grade of "W" earns zero quality points and, for financial aid purposes, is counted in hours attempted by the student. Students who withdraw from classes after receiving Title IV aid face the possibility of being placed on either Financial Aid Warning or Financial Aid Suspension. Additionally, financial aid recipients who completely withdraw are subject to the Federal Return of Title IV Funds Policy (R2T4). This Policy may require Title IV recipients who completely withdraw from all classes before completing 60% of either the semester or the term to repay a portion of any grant funds received to the Title IV Programs.

I - Incomplete

With the permission of the Dean of Instruction, a grade of Incomplete ("I") may be assigned when a student's work in a course is incomplete because of circumstances beyond the student's control but is otherwise of passing quality. An Incomplete ("I") grade does not count toward course work completed and is not counted as course work attempted. Therefore, the Incomplete ("I") grade does not negatively impact the incremental measurement of progress. Although the Incomplete ("I") grade is NOT counted in hours earned or attempted, the grade that replaces the "I" is counted in both hours earned and attempted, once the "I" is removed. An "I" grade is intended to be only an interim course grade. Unless the deficiency is made up within the following semester, the "I" automatically becomes an "F" when grades are processed at the end of the next semester. At the time that final grades are entered each semester, an Incomplete Grade Contract form must be signed by the student, instructor, division chair and the Dean of Instruction and submitted to the Office of Admissions and Records.

Students' Rights and Responsibilities

Students have the responsibility of knowing the requirements for applying for financial aid, college refund and repayment policies, procedures relative to guidelines affecting a financial aid award, and procedures relative to disbursement of financial aid. Students also have the right to obtain information about financial assistance programs available at the College. Please email the financial aid office at finaid@wccs.edu if you have any questions.

Appeal Process for Mitigating Circumstances

A student who fails to meet one or more of the satisfactory academic progress requirements may submit a written appeal to the Financial Aid Appeals Committee. The student may appeal that result on the basis of his injury or illness, the death of a relative, or other special circumstances. The appeal must explain why the student failed to make satisfactory progress and what has changed in the student's situation that will allow the student to make satisfactory progress at the next evaluation.

If an appeal is approved, the student will be placed on Financial Aid Probation or Plan. The student will be notified by phone or in writing of the Financial Aid Appeals Committee's decision. If the appeal is denied, the student has the right to appeal the Committee's decision of the Dean of Students in writing. The President has the final authority to accept, reject, or modify the decision of the Committee. **Appeals for academic reinstatements granted by other departments do not constitute reinstatement of financial aid eligibility.**

1. An appeal letter stating mitigating circumstances;
2. Documentation of mitigating circumstances. No documentation could lead to the Appeal not being processed.

This written appeal should explain reasons for noncompliance with the Satisfactory Academic Progress Standards, include an academic plan of study developed with her/his major advisor for bringing her/his grades into compliance with the policy, and steps that will be taken to prevent a reoccurrence of failure to meet SAP. If an appeal is approved, the student will be placed on Financial Aid Probation and awarded financial assistance for this period. Only one appeal per academic year may be submitted.

Mitigating circumstances include, but are not limited to, the death of an immediate family member or an extensive illness of the student or immediate family member for which the student is a care giver. Appeals may be submitted to the Office of Financial Aid up until approximately one week prior to term of planned attendance. The student will be notified of the Financial Aid Appeals Committee's decision. If the appeal is denied, the student has the right to appeal the Committee's decision to the Dean of Students Affairs in writing. The President has the final authority to accept, reject, or modify the decision of the Committee.

Appeals for academic reinstatements granted by other departments do not constitute reinstatement of financial aid eligibility.

Students' Rights and Responsibilities

- Students have the right to obtain information about financial assistance programs available at the College.
- Students have the right to discuss financial aid decisions with personnel in the Office of Student Financial Aid.
- Students have the right to appeal financial aid decisions.
- Students receiving financial aid are responsible for registering only for courses that are in their degree plan.
- Students are responsible for following application and/or reapplication procedures.
- Students are responsible for informing the Office of Financial Aid of any change in their enrollment status.
- Students are responsible for understanding the Federal Financial Aid Satisfactory Academic Progress Policy.

Federal and State Refund Policies

Federal Refund Policy

Financial Aid recipients, who are awarded Federal Student Aid (FSA) funds and completely withdraw, drop out or otherwise fail to complete the semester will be subject to the Return of Title IV Funds Refund Policy (R2T4). The term "Title IV Funds" refers to the Federal Student Aid (FSA) Programs authorized under the Higher Education Act of 1965, as amended (Title IV, HEA Program) which includes Federal Pell Grant (FPG) and Federal Supplemental Educational Opportunity Grant (FSEOG). The percentage of Title IV aid earned is found by dividing the number of calendar days completed by the student, at the time of withdrawal, by the number of calendar days in the semester. If more than 60% of the semester is completed, the student is considered to have earned 100% of the Title IV aid disbursed. The amount of Title IV aid earned is found by multiplying the amount of aid disbursed for the semester by the percentage of Title IV aid earned. If the amount earned is less than the amount of aid disbursed, the difference must be returned to the appropriate Title IV Program. If the student earned more than what was disbursed, a late disbursement may be due to the student. If the amount earned equals the amount disbursed, no further action is required.

The responsibility to return amounts unearned to the Financial Aid Programs may be shared by both

the College and the student. The College is required to return to the Department of Education the lesser of the total amount of unearned Title IV funds or an amount equal to the student's institutional charges multiplied by the percentage of Title IV aid unearned, no later than 45 days after it is determined that the student withdrew. If the College returns less than the amount of unearned aid, the student must return the difference. If the student is required to return unearned aid, this is considered an overpayment and the amount is reduced by 50%. Within 45 days of determining the student's date of withdrawal, the College will send notification to the student of any overpayment. After receiving the written notification, the student is permitted 45 days to make satisfactory payment arrangements with the United States Department of Education. While the overpayment is due, the student will remain eligible for financial aid for 45 days.

State Refund Policy

The State Refund Policy applies if a student attends the College and receives Federal or State financial aid and the withdrawal date is before or during the first three weeks of the term. The refund is calculated as follows:

Partial Withdrawal

Students who do not completely withdraw from the College, but drop a class during the regular drop/add period, will be refunded the difference in the tuition paid and the tuition rate applicable to the reduced number of hours, including fees appropriate to the class (es) dropped. There is no refund due to students who partially withdraw after the official drop/add period.

Total Withdrawal

Students who are officially or unofficially withdrawn from all classes for which they are registered before the first day of classes will be refunded the total amount of tuition and other refundable fees. Students who officially or are unofficially withdrawn completely on or after the first day of classes but prior to the end of the third week of classes will be refunded according to the withdrawal date as follows:

Total Withdrawal before the official first day of classes	100% refund
Total Withdrawal during first week	75% refund
Total Withdrawal during second week	50% refund
Total Withdrawal during third week	25% refund
Total Withdrawal after the end of the third week	NO REFUND

An administrative fee not to exceed 5% of tuition and other refundable institutional charges or \$100 whichever is smaller shall be assessed for each withdrawal within the period beginning the first day of classes and ending at the end of the third

week of classes. The first official day of classes is indicated on the Student Calendar as the day that classes begin. The first day of class is the first day classes are offered within any term configuration, including mini-terms. The calendar also indicates the last day to drop/add. For calculating refunds, a week is defined as the first day of class running seven calendar days including Saturday and Sunday. For mini-terms, refunds are calculated on a pro rata basis.

Revision and Cancellation of Financial Aid

The College reserves the right to review, revise or cancel a financial aid award at any time due to changes in financial or academic status, or the student's failure to comply with applicable Federal and/or State laws and/or Regulations or College policies. In addition, a financial aid award is subject to revision should the annual allocation of funds from the Federal government be reduced below the anticipated funding level for a program(s) or should budget limitations be placed upon funds which are intended for student financial aid purposes. In addition, students cannot receive need-based assistance in excess of their determined financial need. The information contained in this section of the College Catalog is subject to change.

ID Cards

Students are required to have their ID cards when they are on campus. Students must show their ID cards to any college representative upon request. Failure to do so may result in disciplinary action. ID cards are used to admit students to college activities, to validate student's enrollment status, to receive federal aid refunds, to check materials out of the library and other general related purposes. ID cards are issued for two academic years and will be validated each semester when students clear fees. One ID card is issued every two years; replacement cards cost \$5.00 each. To receive your ID card, you may visit the campus police department Monday-Thursday 8:00 a.m. to 4:00 p.m. A current computer generated student schedule with the student's name and student number clearly visible is required.

Lost and Found

Inquiries pertaining to lost articles should be made to the receptionist at the front desk in the Administration Building and/or the Campus Police Department. Students who find articles may leave them in one of the places mentioned above.

Since the College cannot be responsible for personal property, it is recommended that books and supplies be locked in a car or locker when not in

use. An identifying name or mark should be placed in all textbooks, notebooks, and other student-owned materials.

Housing

Wallace Community College Selma does not provide on- or off-campus dormitories and does not take a direct or continuing responsibility for student residence.

WCCS Campus Police

Mission

The mission of the WCCS Campus Police Department is to work with all members of the campus community to preserve life, maintain human rights, protect property, and promote individual responsibility and fulfill community commitments.

We are committed to enhancing the quality of life on campus by working cooperatively with the public and within the framework of the constitution to enforce the laws, preserve the peace, reduce fear, and provide for a safe environment.

As our mission, we believe in the dignity and worth of all people. We are committed to providing high-quality, community-oriented, sensitive police service; protecting constitutional rights; problem-solving; teamwork; openness; continuous improvements; and providing leadership to the police profession. We encourage and seek diversity in our work force, which permits us to grow and respect each person as an individual. We strive for a safe, healthy work force.

We strive to provide a safe environment for students, faculty, staff and other campus visitors. A person who is not a student, officer, or employee of this institution, who is not authorized by employment or by status as a student of this institution to be on campus or at any other facility owned, operated, or controlled by the governing board of this institution, or who does not have legitimate business on the campus or facility, or any other authorization, license, or invitation to enter or remain at the facility, or anyone who is committing any act tending to interfere with the normal, orderly, peaceful, or efficient conduct or activities of WCCS, may be directed by a campus police officer or other campus official to leave the campus or facility. If the person fails to do so, trespass charges may be pursued by the Campus Police.

We desire to inform all students, staff, and faculty members of the policies and procedures for safety

and security at WCCS. This information is published by the WCCS Campus Police Department to meet requirements outlined in Public Law 101-542, the Jeanne Clery Act. It is our wish to keep the campus community informed of any criminal activity which may have an impact on personal safety or security. A copy of this report will be made available upon request. If you wish to obtain a copy, please stop by the WCCS Campus Police Department.

Patrol Procedures

WCCS campus police officers and security monitors perform patrol duties on foot and in vehicles 24 hours a day to protect persons against bodily harm and property against fire, theft, vandalism, and illegal entry. The entire campus receives patrol coverage to detect violations of security and safety. Campus police officers and security monitors will maintain a log of all persons and vehicles that enter the campus 24 hours a day when classes are not in session.

The Campus Police Department also provides a variety of other services such as security escorts for student/faculty on campus, jump-starting vehicles, unlocking car doors, and providing general information about the campus and events.

Security Monitors are non-sworn employees who control vehicle access to the campus between the hours of 6:00 P.M. and 6:00 A.M. daily and on weekends. Security monitors will maintain a daily log of all persons and vehicles that enter the campus between the hours of 10:30 P.M. and 6:00 AM.

Traffic Rules, Regulations, and Parking

On-campus Parking and Traffic is enforced by the WCCS Campus Police Department. We urge you to help us control our parking and traffic problems for the safety of everyone. The following rules and regulations pertain to all students, staff and the public.

1. The Speed Limit on campus is 15 miles per hour.
2. Parking decal must be placed on the inside of the windshield, driver side lower corner so it may be checked by officers. If you do not have a decal, you may obtain one from the Office of the Campus Police. The first decal will be issued at no cost, and subsequent decals will cost \$5.00 each.
3. In case a student needs assistance, contact Campus Police in the Student Center by telephone (334) 375-6036, or contact the evening coordinator at (334) 876-9227.

4. All vehicle operators must comply with campus regulations and the laws of the State of Alabama.
5. No parking will be allowed next to the yellow curbs, loading zones, or ramps.
6. No students, faculty, or staff will be allowed to park in spaces marked visitors or handicapped.
7. Vehicles parked in handicapped spaces must have a handicapped decal displayed.
8. Students requiring handicap parking may obtain a handicap parking placard by reporting to the Campus Police Department.
9. To be legally parked, a vehicle must be within the lines designating the parking spaces.
10. Do not invite theft by leaving articles of value in your automobile. Anything left in vehicle should be locked in the trunk. LOCK YOUR CAR! Thefts, tampering with vehicles, or other offenses should be reported to the Campus Police.
11. The College assumes no responsibility for losses from fire, theft, or from any other cause when vehicles are parked on campus.
12. The registered owner of vehicle is responsible for his vehicle regardless of who is driving. He/she is responsible for all citations issued to the vehicle.
13. Parking or loitering on campus after normal day or evening classes and/or special activities is prohibited. Offenders will be asked to leave by the Campus Police or Security Monitor.
14. Officers will issue citations for violation of the above rules. The fine for each violation is indicated on the citation. If you receive a citation, it must be paid within ten (10) working days. Students with outstanding traffic citations will not be issued transcripts or allowed to register for further course work.
15. The College reserves the right, after a reasonable attempt is made to contact the owner(s), or notice has been posted, to remove and impound illegally parked or abandoned vehicle; or any vehicle found on campus without a decal, with an unauthorized or altered decal, or with no license plate; or any vehicle parked in such a way as to constitute a serious hazard to other vehicles or pedestrian traffic or to the movement and operation of emergency equipment. The College also reserves the right to immobilize any vehicle by use of a wheel lock, and the removal of such wheel lock will require payment of existing fines. The owner(s) shall thereafter be responsible for any cost involved in removing, impounding, and storing of such vehicle. The

College shall not be liable for any damage to any vehicle which occurs during the removal or impoundment.

Escort Services

The Campus Police Department will provide escort services to those who wish to be escorted from any location on the campus to their vehicles. If you wish to be provided an escort, contact the Police Department at (334) 876-9248 and give your location. A police officer or security monitor will come to your location and escort you to your vehicle or other location on campus.

Security of Campus Facilities

All classrooms and administrative buildings are opened and secured by the Police Department. All classrooms and administrative buildings are normally opened by 6:30 A.M. and secured by 10:30 P.M., Monday through Friday. During weekends, the classroom buildings are opened and secured as dictated by weekend class schedules.

Buildings/offices will not be unlocked to permit access unless the person seeking entrance has been issued a key for the respective areas and for some reason does not have a key in his or her possession.

Alcohol and Substance Abuse

WCCS is committed to providing a safe, productive, educational, work environment; therefore, WCCS has adopted policies and programs to promote a campus free of alcohol and other drugs.

The unlawful manufacture, distribution, dispersion, possession or use of illegal drugs by students or employees is prohibited at any time on any WCCS property or school activity. No employee who is impaired by any illegal drug or alcohol will be allowed to work or be in the workplace. No student who is impaired by any illegal drug or alcohol will attend classes or any college activity.

It is the responsibility of the Campus Police Department to enforce state and local laws and school policies in regard to alcohol and drug-related activities. WCCS will impose sanctions consistent with local, state, and federal laws for employees and students who violate these standards of conduct. Sanctions include but are not limited to:

- a. Referral for prosecution;
- b. Probation, suspension, or expulsion of students; and
- c. Suspension or termination of employees.

Local Law Enforcement Support

The WCCS Campus Police Department will work

closely with and receive support from the Selma City Police Department, Dallas County Sheriff's Department, and Alabama State Troopers. These agencies will be contacted in the event such support is required. It is our intention to foster a healthy working relationship with these state, county, and local law enforcement agencies.

Enforcement Authority

All sworn police officers assigned to the WCCS Campus Police Department receive their powers and authority from the Code of Alabama, Title 16, Chapter 22, Sections 1 and 2, which state: "The president or chief executive officer of any state college or university shall have the authority to appoint or employ one or more suitable persons to act as police officers to keep off intruders and prevent trespass upon and damage to the property of the college or university or of the said university. Such persons shall be charged with all the duties and invested with all the powers of police officers.

Any officer appointed pursuant to the provisions of 16-22-1, is a peace officer whose authority extends to any place in the state; provided that the primary duty of any such police or peace officer shall be the enforcement of the law on property owned or leased by the institution of higher education employing such officers; provided further, that he shall not otherwise act as a peace officer in enforcing the law except:

1. When in pursuit of any offender or suspected offender who is charged with the commission of a crime while on the premises of said institution; or
2. To make arrests otherwise lawfully for crimes committed or for which there is probable cause to believe have been committed, within his presence or within the boundaries of said property owned or leased."

Statement on Harassment

Wallace Community College Selma complies with the policies of the Alabama Board of Trustees which is committed to providing both employment and educational environments free of harassment or discrimination related to an individual's race, color, gender, religion, national origin, age, or disability. Such harassment is a violation of the Board of Trustees policy. Any practice or behavior that constitutes harassment or discrimination will not be tolerated on any campus, site, or in any division or department by any employee, student, agent, or non-employee on any institution's property and while engaged in any institutionally-sponsored activities.

It is within this commitment of providing a harassment-free environment and in keeping with the efforts to establish an employment and educational environment in which the dignity and worth of members of the College community are respected, that harassment of students and employees is unacceptable conduct and will not be tolerated at any of the institutions that comprise The Alabama College System.

Non-Discriminatory Environment

A nondiscriminatory environment is essential to the mission of The Alabama College System. A sexually abusive environment inhibits, if not prevents, the harassed individual from performing responsibilities as student or employee. It is essential that the institutions maintain an environment that affords equal protection against discrimination, including sexual harassment. The institutions of the Alabama College System will take all the necessary steps to ensure that harassment, in any form, does not occur. Employees and students who are found in violation of this policy will be disciplined as appropriate to the severity of the offense.

Employees and students of The Alabama College System will strive to promote a college environment that fosters personal integrity where the worth and dignity of each human being is realized, where democratic principles are promoted, and where efforts are made to assist colleagues and students to realize their full potential as worthy and effective members of society. Administrators, professional staff, faculty, and support staff will adhere to the highest ethical standards to ensure professionally functioning institutions and to guarantee equal educational opportunities for all students.

For these purposes, the term "harassment" includes, but is not necessarily limited to: Slurs, jokes, or other verbal, graphic, or physical conduct relating to an individual's race, color, gender, religion, national origin, age, or disability. Harassment also includes unwelcome sexual advances, requests for sexual favors, and other verbal, graphic, or physical conduct of a sexual nature.

Harassment of employees or students by non-employees is a violation of this policy. Any employee or student who becomes aware of any such harassment should report the incident(s) to the appropriate college official. Sexual harassment is a form of sex discrimination which is illegal under Title VII of the Civil Rights Act of 1964 for employees and under Title IX of the Education Amendments of 1972 for students. Sexual harassment does not refer

to occasional compliments; it refers to the behavior of a sexual nature which interferes with the work or education of its victims and their co-workers or fellow students. Sexual harassment may involve the behavior of a person of either sex against a person of the opposite sex or the same sex, and occurs when such behavior constitutes an unwelcome sexual advance, unwelcome requests for sexual favors, or other unwelcome verbal or physical conduct of a sexual nature, when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of the individual's employment or educational opportunities;
2. Submission to or rejection of such conduct is used as the basis for employment or academic decisions affecting that individual;
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creates an intimidating, hostile, or offensive work or educational environment.

Any incident of sexual harassment will be reported to the grievance officer as promptly as possible after the harassment occurs.

The employees of the institutions within The Alabama College System determine the ethical and moral tone for these institutions through both their personal conduct and their job performance. Therefore, each employee must be dedicated to the ideals of honor and integrity in all public and personal relationships. Relationships between college personnel of different ranks which involve partiality, preferential treatment, or the improper use of position will be avoided. Consensual amorous relationships that might be appropriate in other circumstances are inappropriate when they occur between an instructor or any student for whom he or she has a responsibility, between any supervisor and an employee, or between a college employee and a student where preferential treatment results. Further, such relationships may have the effect of undermining the atmosphere of trust on which the educational process depends. Implicit in the idea of professionalism is the recognition by those in positions of authority that in their relationships with students or employees there is always an element of power. It is incumbent on those with authority not to abuse the power with which they are entrusted.

All personnel will be aware that any amorous relationships (consensual or otherwise) or any otherwise inappropriate involvement with another employee or student makes them liable for formal

action against them if a complaint is initiated by the grieved party in the relationship. Even when both parties have consented to the development of such a relationship, it is the supervisor in a supervisor-employee relationship, the faculty member in a faculty-student relationship, or the employee in an employee-student relationship who will be held accountable for unprofessional behavior.

This policy encourages faculty, students, and employees who believe that they have been the victims of sexual harassment to contact the grievance officer or other appropriate official at the institution where the alleged incident occurred. Any reprisals will be reported immediately to the grievance officer or other appropriate official.

This policy will be distributed, communicated, and implemented in a manner which provides all interested parties the opportunity to be informed of this policy. A system-wide educational program will be utilized to assist all members of the college community to understand, prevent, and combat harassment. The Chancellor will issue guidelines to ensure the adherence to, implementation of, and enforcement of this policy.

A. Definition of Sexual Harassment

Sexual harassment can be verbal, visual, or physical. It can be overt, as in the suggestions that a person could get a higher grade or a raise by submission to sexual advances. The suggestion or advance need not be direct or explicit; it can be implied from the conduct, circumstances, and relationship of the individuals involved. Sexual harassment can also consist of persistent, unwanted attempts to change a professional or educational relationship to a personal one. Sexual harassment is distinguished from consenting or welcome sexual relationships by the introduction of the elements of coercion; threat; unwelcome sexual advances; unwelcome requests for sexual favors; other unwelcome sexually explicit or suggestively written, verbal, or visual material; or unwelcome physical conduct of a sexual nature. Examples of verbal or physical conduct prohibited within the definition of sexual harassment include, but are not limited to:

1. Physical assault;
2. Direct or implied threats that submission to or rejection of requests for sexual favors will affect a term, condition, or privilege of employment or a student's academic status;
3. Direct propositions of a sexual nature;
4. Subtle pressure for sexual activity;

5. Repeated conduct intended to cause discomfort or humiliation, or both, that includes one or more of the following: (i) comments of a sexual nature; or (ii) sexually explicit statements, questions, jokes, or anecdotes;
6. Repeated conduct that would cause discomfort and/or humiliate a reasonable person at whom the conduct was directed that includes one or more of the following: (i) touching, patting, pinching, hugging, or brushing against another's body; (ii) commentary of a sexual nature about an individual's body or clothing; or (iii) remarks about sexual activity or speculations about previous sexual experience(s);
7. Intimidating or demeaning comments to persons of a particular sex, whether sexual or not;
8. Displaying objects or pictures which are sexual in nature that would create a hostile or offensive employment or education environment, and serve no educational purpose related to the subject matter being addressed.

B. Reporting Acts of Sexual Harassment

Harassment against another student, faculty member, staff member, or administrator should be reported to the Dean of Students. If the student experiences sexual harassment from a person who is not a WCCS student or employee, the student should contact the College Security Office and the Dean of Students. Wallace Community College Selma is committed to providing a positive, discrimination-free educational environment.

Student Grievance Procedures

Any student who has a grievance against any other student or against a member of the WCCS faculty, staff, or administration concerning any form of race discrimination (Title VI, Civil Rights Act of 1964), sex discrimination (Title IX of the Educational Amendments of 1972), sexual harassment (Title VII), or violation of the rights of the disabled (Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990) should first attempt to informally resolve the matter with the individual involved and should contact the Dean of Students. **(Discrimination and Harassment Policy)**

Appropriate corrective action will be taken immediately; however, if the grievance cannot be informally resolved, the formal procedures listed below should be followed. These procedures

attempt to protect the student's right to file a grievance and provide the right of due process for all parties involved in the grievance.

Responsibilities of the President and the Dean of Students

The Dean of Students, as the President's designee, has the responsibility of officially convening the Grievance Committee for the purpose of dealing with acts of race discrimination, sex discrimination, sexual harassment, or violation of the rights of the disabled. *Note: In the event that a grievance is filed against the Dean of Students, the President will designate another person to serve in lieu of the Dean of Students in the procedural due process outlined.*

The Dean of Students will convene the Grievance Committee only after the following procedures have been implemented:

1. Grievance charges made by the student(s) must be submitted in writing to the Dean of Students. The grievance must be signed and as detailed as possible.
2. If charges so warrant, the Dean of Students may recommend that the President suspend, with pay, the faculty member, staff member, or administrator being charged until a hearing decision is rendered on the grievance charges.
3. The Dean of Students will notify the student(s) or member of the WCCS faculty, staff, or administration of the charges(s) against him or her within five days (excluding Saturday, Sunday, and holidays). The notification will be in writing and will be mailed certified/return receipt mail.
4. The accused must set up an appointment with the Dean of Students who will provide documentation of the charges.
5. After meeting with the Dean of Students, the student or member of the WCCS faculty, staff, or administration who is charged may request a Grievance Committee hearing.
6. The Dean of Students will contact the President and inform him of the request made by the accused. The Grievance Committee will consist of two faculty members and one administrator or staff member named by the President to serve along with the Dean of Students who is a non-voting member of the committee.
7. After the Grievance Committee members are named, the Dean of Students will notify the complainant(s) and the accused of the time, date, and location of the Grievance Committee hearing. The notification will be in writing and delivered by certified/return receipt mail. A

student(s) who has demanded a hearing before the Grievance Committee and who fails to appear at the designated date, hour and place of the hearing, after notice thereof, shall be deemed to have waived the right to a hearing and the right to appear before the Grievance Committee. The Grievance Committee may then proceed with the hearing. In the event the accused student(s) shall be unable to attend the hearing for good cause at the appointed time, prior written notice of the inability to attend shall be submitted to the Dean of Students whereupon a new date shall be set by the Dean of Students. Only one such extension shall be granted except where failure to grant additional extension would cause undue hardship to the student(s).

8. All parties involved may be advised by a counsel during the hearing. Counsel will not be allowed to ask or answer questions.
9. Refusal by the student(s), faculty member, staff member, or administrator to answer questions will not be construed as an admission of guilt.
10. At the conclusion of the hearing, the Grievance Committee will render a decision by a majority vote and make recommendations.
11. The Dean of Students will forward to the President, within five working days, a copy of the written decision and recommendations issued by the Grievance Committee.
12. The President has the final authority to accept, reject, or modify the decision of the Grievance Committee. The President's decision will be forwarded to the accused within ten working days.

Right of Appeal

If the President's decision does not satisfy the complainant and should the grievance allege race discrimination (Title VI), sex discrimination (Title IX), sexual harassment (Title VII), or violation of the rights of the disabled (Section 504 and ADA), the complainant may file a written grievance with one or more of the following:

1. The Chancellor as defined in the State Policy and Procedure Manual.
2. The regional office of the Office of Civil Rights of the U.S. Depart. of Education within 180 days of the act.
3. The Equal Employment Opportunity Commission within 180 days of the decision issued by the institution.

Reference

Title VI of the Civil Rights Act of 1964 states, "No person in the United States shall on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance."

Title IX of the Educational Amendments of 1972 states, "No person in the United States shall on the basis of sex, be excluded for participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance."

Section 504 of the Rehabilitation Act of 1973 as amended in 1974 states, "No otherwise qualified disabled individual in the United States, as defined in Section 706 (6) of this title, shall, solely by reason of his or her disability, be excluded from participation in, be denied the benefits or, or be subjected to discrimination under any program or activity receiving federal financial assistance."

The Americans with Disabilities Act of 1990 states in part: "No covered entity shall discriminate against a qualified individual with a disability because of the disability of such individual in regard to job application procedures, the hiring, advancement, or discharge of employees, employee compensation, job training, and other terms, conditions, and privileges of employment. No qualified individual with a disability shall, by reason of such disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination by a department, agency, special purpose district, or other instrumentality of a State or local government. No individual shall be discriminated against on the basis of disability in the full and equal enjoyment of goods, service, facilities, privileges, advantages, and accommodations of any place of public accommodation. ...shall ensure that interstate and intrastate telecommunications relay services are available for the hearing-impaired and speech-impaired individuals in the United States."

Student Challenge/Appeal Procedure

Purpose

WCCS Student Challenge/Appeal Procedure is to ensure that WCCS students' problems and potential problems (except for discrepancies already addressed) are handled in a fair, equitable and orderly manner.

Procedures

Step One:

Informal Challenge:

When appropriate, the student must discuss the challenge with the appropriate faculty, staff, administration or other student within five (5) school calendar days after the incident. Most incidences can be resolved through this process. If the challenge is not resolved, a written challenge may be submitted by the student to the Department Chair/ Program Director.

Step Two:

Formal Challenge:

If the student is not satisfied with the results of the discussion with faculty, staff, administration or other student, a written challenge will be submitted by the student to the Department Chair/ Program Director. A statement regarding the nature and date of the challenge and any other relevant information; along with the names of all persons involved must be included in the written statement.

Step Three:

After receiving the written challenge, the Department Chair/ Program Director will respond to the challenge within five (5) school calendar days by scheduling an appointment with all persons cited. All persons cited shall be notified by the Department Chair /Program Director. Written documentation shall be made of this meeting with the Department Chair/Program Director. If the challenge directly involves the Department Chair /Program Director, the same procedure shall be followed.

Step Four:

The decision of the Department Chair/Program Director may be appealed to the Dean of Instruction for an academic challenge or the Dean of Students for a non-academic challenge; for final grade appeal procedure students must use the procedure listed on page 207 of the WCCS Student Handbook.

The chain of communication is the instructor, the program director/ department chair, dean of instructions or dean of students, and president. No grievance will be heard at a higher level unless the student has gone through the proper chain of communication, in writing and within the designated time frames.

Step Five:

If the student is not satisfied with the results, the college appeal process on page 197 of the WCCS Student Handbook should be followed.

a resolution is not possible and there are factual issues in dispute, an investigation shall be conducted.

3. The Dean of Students or Designee shall separately interview all persons with relevant knowledge and information.

Student Conduct

Code of Student Conduct

By publication of this Code of Student Conduct, Wallace Community College Selma calls to the special attention of students and organizations the standard of conduct by which they are expected to abide. Students and organizations shall be aware of the Code and should know they will be held accountable for its provisions. By enrollment at the College, a student or organization neither relinquishes rights nor escapes responsibilities of local, state, or federal laws and regulations. The College has an interest in the maintenance of a campus environment that is conducive to the educational mission in addition to the safety, health, and well-being of all students and other persons on campus. Students at the College are considered to be responsible adults, serious of purpose, and enrolled for the primary purpose of further educational goals. It is assumed that students enrolling in the College are mature and have a desire for constructive learning and are attending with that purpose in mind. Common courtesy and cooperation are expected of all students. Interference, injury, or the intentional attempt to injure or interfere with the personal or property rights of any person: whether a student, member of the College community, visitor, or the College itself, is strictly prohibited.

Application

The Code of Student Conduct applies to individual students as well as formal and informal groups thereof and is applicable to the behavior of students and organizations on and off the College campus which is determined to be incompatible with the educational environment and mission of the College.

Misconduct

Each student's and organization's conduct is expected to be in accordance with standards of common decency and decorum, with recognition and respect for the personal and property rights of

others and the educational mission of the College. A student or organization may be disciplined and is deemed in violation of the Code of Student Conduct for the following:

1. Dishonesty, such as cheating, plagiarism or knowingly furnishing false information to the members of the College faculty or to other officers or employees of the College in pursuit of their official duties;
2. Use of profane language or verbal abuse toward any College employee or student;
3. Forging, alteration, or misuse of College documents, records, or identification;
4. Repetitious issuance of worthless checks made payable to the College and/or its subdivisions;
5. Failure to comply with the authority of College officials acting within the capacity and performance of their positions;
6. Violation of written College rules, policies and regulations;
7. Obstruction or disruption of teaching, research, administration, service, disciplinary procedures, other College activities, or other activities on College premises by either College or non-College persons or groups;
8. Destruction, damage, or misuse of the College's, public or private property;
9. Conduct in violation of federal or state statutes or local ordinances which threatens the health and/or safety of the College community or which adversely affects the educational environment of the College;
10. Conviction of any misdemeanor or felony which adversely affects the educational environment of the College;
11. Obtaining College services by false pretenses including, but not limited to, misappropriation or conversion of College funds, supplies, equipment, labor, material, space, facilities, or services;
12. Hazing, i.e., any mental or physical requirement or obligation placed upon a person (e.g., a student) by a member of an organization, an individual, or group of individuals which could cause discomfort, pain, or injury, or which violates any legal statute or College rule, regulation, or policy. [Hazing has been defined as, but not limited to, the striking, laying open hand upon, treating with violence, or offering to do bodily harm to a person with intent to punish or injure the individual, or other treatment of a tyrannical, abusive, shameful, insulting, or humiliating nature. Hazing is any action taken or situation created, whether on or off the campus premises, to produce mental or physical discomfort, embarrassment, harassment, or

ridicule. Hazing is also considered to be the creation of a situation which results in or might result in mental or physical discomfort, embarrassment, harassment or ridicule, including servitude often called "personal favors." Wallace Community College Selma does not approve or condone hazing; thus activities of this nature shall be dealt with promptly and sternly];

13. Lewd, obscene, licentious or indecent conduct or the verbal or written threat of such action against another person;
14. Lewd, obscene, licentious, indecent, or inappropriate dress;
15. Harassment, intimidation, bribery, physical assault, etc., or any other means, implied or explicit, to influence any member of a judicial body named in the Code, including witnesses, faculty and staff members, students, before, during, or after a hearing. [Organizations shall be responsible for the actions of their individual members, alumni, advisors, etc., in this type of situation];
16. Possession, while on the College-controlled property, of firearms, ammunition, explosives, fireworks, or other dangerous instrumentalities;
17. Possession and/or consumption of alcoholic beverages or non-prescribed drugs on College property or at a student- or College-sponsored function;
18. Being under the influence of alcoholic beverages or non-prescribed drugs on College property or at a student or College-sponsored function;
19. Unauthorized manufacture, sale, delivery or possession of any drug or drug paraphernalia defined as illegal under local, state, or federal law;
20. Theft, accessory to theft, and/or possession of stolen property;
21. Physical abuse, threat of violence, intimidation, and physical or mental harassment;
22. Trespassing or unauthorized entry;
23. Triggering or tampering with fire extinguishers, alarms, or other safety equipment;
24. Any participation in a violation of the College visitation policy;
25. Placement, establishment, or maintenance of any mobile, impermanent or temporary living quarters on property of the College which shall include, but not be limited to, tents, mobile homes, camping devices, trailers, vans, and motor homes, and sanitary facilities;
26. Disruptive or disorderly conduct which interferes with the rights and opportunities of those who attend the College for the purpose

for which the College exists—the right to utilize and enjoy facilities provided to obtain an education. This prohibits the playing of radios inside buildings, on sidewalks, on lawns, and at any other location which would cause disruption of college activities;

27. Written communication, whether hard copy or electronic means (including but not limited to texts, emails, other social media), that includes threats, abrasive inappropriate tone, intimidation, and/or coercion towards any employee or student.
28. Any other activity or conduct not specifically stated herein which impairs or endangers any person, property, or the educational environment of the College.

Disciplinary Procedure

1. A complaint regarding the conduct of any student or organization may be filed by any person having knowledge of the alleged activity. The College may also file a complaint.
2. Such complaints must be made in writing and directed to the Dean of Students.
3. The Dean of Students shall make a thorough investigation of the allegations within the complaint. If the Dean of Students determines there is probable cause to believe that the student or organization in question indeed violated the Code of Student Conduct, a written notice of the nature of that offense shall be sent via certified mail, return receipt requested, to the student's or organization's address of record. Alternatively, mail delivery may be performed by a College employee. The notice shall require the student or organization's officer(s) to make an appointment within five calendar days of receipt of said notice to discuss the charges with the Dean of Students. Failure to arrange said appointment shall be taken as an admission of the allegations contained in the complaint and a waiver of a hearing, and the Dean of Students shall assign a sanction(s) deemed appropriate.
4. Pursuant to paragraph 3, the Dean of Students shall meet informally with the accused student or organization and present the student or organization with the complaint. If the Dean of Students believes probable cause exists that the student or organization is in violation of the Code of Student Conduct, the student or organization may be offered the opportunity of executing a statement accepting the sanction deemed appropriate by the Dean of Students and waiving the right to a hearing before the Discipline Committee. Any student or

organization who fails to execute the statement aforementioned shall be deemed to have demanded a hearing before the Discipline Committee.

5. In the event that the student or organization demands a hearing before the Discipline Committee, the student shall be provided with a written statement of the charges as filed in order to provide the student or organization reasonable notice of the conduct or circumstances on which the alleged violation is based. Said statement shall advise the student or organization that it is permissible to appear alone or with counsel before the Discipline Committee, and to be present during all phases of the hearing except during the Committee's deliberation. Counsel shall not speak for or in behalf of the accused student or organization but may only act in an advisory capacity. In the event of a closed hearing, the Discipline Committee may allow the student or organization to have a maximum of three observers in the hearing. Additionally, the statement shall set out that the student or organization will be provided the opportunity to present evidence and to have reasonable cross-examination of witnesses. The student or organization shall be required to give written notice, within 48 hours, whether the hearing shall be open or closed; failure to do so shall be taken as a request for a closed hearing.
6. The hearing before the Discipline Committee will be scheduled as soon as practical, but not sooner than five calendar days, nor later than thirty calendar days from the date of the student's or organization's meeting with the Dean of Students.
7. A student or organization who has demanded a hearing before the Discipline Committee and who fails to appear at the designated date, hour and place of the hearing, after notice thereof, shall be deemed to have waived the right to a hearing and the right to appear before the Discipline Committee. The Discipline Committee may then proceed with the hearing. In the event the accused student or organization shall be unable to attend the hearing for good cause at the appointed time, prior written notice of the inability to attend shall be submitted to the Dean of Students whereupon a new date shall be set by the Dean of Students. Only one such extension shall be granted except where failure to grant additional extension would cause undue hardship to the student or organization.
8. The hearing before the Discipline Committee shall not be strictly legal in nature, but shall proceed as follows:

- a. The Discipline Committee shall be composed of three (3) faculty or staff members and two (2) students appointed by the President of the College. One of said faculty members shall serve as Chairperson of the Discipline Committee. The Dean of Students shall screen the committee members prior to the hearing for any prejudicial knowledge. Any member determined to possess prejudicial knowledge may be replaced with other qualified faculty members and/or students.
- b. Chairperson of the Discipline Committee shall instruct all persons other than the student's or organization's advisor(s), three observers, the Dean of Students, the College's Counsel, and the remaining members of the Discipline Committee to leave the room. In the event of an open hearing, anyone may be present, so long as his or her presence does not disrupt the hearing process. The Chairperson of the Discipline Committee shall have the authority to remove anyone who disrupts a disciplinary hearing. Only upon the express written consent of the accused student or organization is the hearing of the Discipline Committee open to the public.
- c. A record of all proceedings shall be kept in the form of a tape recording, and a copy may be reproduced at the expense of the accused student or organization.
- d. The proceedings shall open with the Chairperson of the Discipline Committee reading the charge against the student or organization. The student or the organization's representative shall then make a plea of guilty or not guilty.
- e. The Dean of Students shall present the evidence against the accused student or organization with the accused student or organization afforded the opportunity for reasonable cross-examination.
- f. The accused student or organization then may present evidence by oral testimony, witnesses, and/or written sworn affidavits, and the Dean of Students shall be afforded the opportunity for reasonable cross-examination.
- g. Rebuttal evidence may be presented by either party as necessary but not so as to be redundant.
- h. The accused student or organization may make a closing statement, and the Dean of Students may make a closing statement.

- i. The Discipline Committee may have an attorney present to act as an advisor to the Discipline Committee. This attorney shall not question witnesses or have any role other than to act as an advisor to the Committee and inform both parties of their legal rights.
- j. After the presentation of all evidence, the Discipline Committee shall retire in closed session. The Committee shall deliberate and make its determination by a majority vote.
- k. The Discipline Committee can determine that the accused student or organization in fact did commit the act as charged only if it is reasonably satisfied that the evidence supports the charge.
- l. Once the Discipline Committee has reached its decision, the student or organization and the student's or organization's counsel or advisor may return and be informed of the result.
- m. Other than rules of evidence regarding search and seizure, formal rules of evidence shall not be observed in proceedings before the Discipline Committee. However, decisions of the Committee on the issue of violation(s) of the Code of Student Conduct will be based solely upon evidence introduced at the hearing. Evidence of previous violations of rules and regulations or violations of local, state or federal laws, ordinances, and regulations shall not be considered in any way by the Committee in determining whether the violation charged was in fact committed, but such evidence may be considered by the Committee in consideration of the appropriate sanction.
- n. If the accused student or organization is found innocent, then the hearing is ended. However, if the student or organization is found guilty, the Dean of Students may recommend sanctions to be imposed. The student or organization shall then have an opportunity to make a statement to the Discipline Committee.
- o. The Discipline Committee shall then deliberate the sanctions in closed session with only members of the Committee present. The Discipline Committee may consider the sanctions recommended to it, but it may impose lesser or greater sanctions than recommended. The determination of sanctions will be by a majority vote.
- p. Once the Committee has reached its decision, the student or organization, their

counsel or advisor(s) and the person presenting the case then may return and be informed of the results.

- q. The Disciplinary Chair shall provide the student or organization a written statement of the determination of the Discipline Committee within 72 hours of the close of the hearing.
- r. The student may appeal the decision of the Discipline Committee to the President. Such an appeal must be in writing, signed, and filed in the President's Office within seven (7) calendar days of the decision.
- s. The President may approve, overturn, or amend any recommendation of the Disciplinary Committee.

Sanctions

A student or group of students deemed to be in violation of the Code of Student Conduct is subject to the imposition of the following sanctions upon individual students or organizations, either separately or severally:

- a. Reprimand– A written notice that the continuation or repetition of specific conduct may be cause for further disciplinary action.
- b. Restitution– Compensation for damages to a property right limited to the actual cost of repair or replacement.
- c. Probation– This sanction may include the exclusion from participation in privileges, such as extra-curricular activities, the suspension of activity card, and/or suspension of on-campus driving privileges. Additionally, if the student is determined by any of the disciplinary procedures herein set out to be in subsequent violation of the Code of Student Conduct, the student may be either suspended or expelled. The provisions of the probationary period shall be determined and expressed by the committee.
- d. Voluntary Withdrawal– A student may be given the option of voluntarily withdrawing from the College. The Discipline Committee may specify a period of time before the student may apply for readmission. To qualify for readmission, the student must receive approval from the Dean of Students and meet the academic standards for readmission.
- e. Suspension– Separation from the College for a definite period of time. A student may be suspended for a specific period of time not to exceed two years. To qualify for readmission after suspension, a student must receive the approval of the Dean of Students and meet the academic standards for readmission.

- f. Expulsion– An indefinite termination of student status from the College for a period of not less than two years. To qualify for readmission after expulsion, a student must receive the approval of the Dean of Students and meet the academic standards for readmission.
- g. Interim Suspension– Any indication of facts that could cause imminent danger or harm to the health, safety, and welfare of the accused, students, faculty, other persons or College property or any indication of mental or physical harassment of students (hazing) by an organization or student may result in immediate interim suspension of the organization or student by the Dean of Students. This interim suspension may continue until such time as a disciplinary hearing is held to consider the matter.

The imposition of the herein above enumerated sanctions may be stayed pending appeal, at the discretion of the President of the College upon written request by the student or organization.

Appeal

1. A failure to request an appeal as stated herein shall be an admission of the charges and consent to the sanctions imposed by the Discipline Committee.
2. A written appeal must specifically state the grounds of such appeal, which are limited to newly discovered evidence, violation of procedure, or that the imposed sanction was unduly harsh, improper, or lenient under the circumstances.
3. The Dean of Students may appeal the decision of the Discipline Committee to the President if the sanctions delivered are deemed inappropriate or the Committee failed to act.
4. The student or organization shall be provided with a written statement of the decision of the President within ten working days from the date of filing the request for appeal.
5. The President may approve, overturn, or amend any recommendation of the Discipline Appeal Board. The President shall notify, in writing, the student(s) or organization, the Discipline Committee, the Discipline Appeal Board, and the Dean of Students of the decision(s) rendered.

Academic Honesty Policy

One of the chief goals of Wallace Community College Selma is to promote *academic honesty*.

Student actions which deter or discourage intellectual growth are defined as *academic dishonesty* and are listed as follows:

- a. Any form of cheating on any exam, quiz, problem, or other exercise which is a requirement of a course.
- b. Plagiarism on an assigned paper, theme, report, or other written material submitted to meet course requirements.
- c. Use of papers or any other materials from Internet sources and submitted as the student's own.
- d. Having in the immediate testing area materials or devices not expressly authorized by the test administrator.
- e. Intentionally providing false information to any College official.
- f. Alteration or unauthorized use of any College record or document.
- g. Unauthorized use of College Computer facilities, programs, and/or data.
- h. Presenting as genuine any invented or falsified citation or material.

Academic Honesty Disciplinary Procedure

1. A complaint of academic dishonesty against a student may be made by any person (faculty, staff or student) having knowledge of the alleged activity. If a faculty member initiates the complaint, he/she may not confiscate exam/assignment materials immediately but will notify the student after the exam/assignment is completed that he/she will have a hearing on possible cheating. Such a complaint must be made in writing, signed, addressed to the Dean of Students, and filed in the Dean of Students Office within seven (7) calendar days of the alleged activity.
2. The Dean of Students shall investigate the allegations made in the complaint within seven (7) calendar days of receipt of the complaint. If the Dean of Students determines there is reasonable cause to believe that the student violated the Academic Honesty Policy or the items under "Misconduct," the Dean will notify the student in writing of the specific charges against him/her. The notice shall require the student to make an appointment within seven (7) calendar days of receipt of said notice to discuss the complaint with the Dean of Students. Failure to arrange said appointment shall be taken as an admission of the allegation(s) contained in the complaint.

and a waiver of a request for a hearing. Consequently, the Dean of Students shall assign a sanction deemed appropriate.

3. Pursuant to paragraph 2, the Dean of Students shall meet informally with the accused student and present the complaint. If the Dean of Students determines that reasonable cause exists that the student is in violation of the Academic Honesty Policy, the student may be offered the opportunity of executing a statement accepting the sanction deemed appropriate by the Dean of Students and waiving the right to a hearing before the Discipline Committee. Any student who fails to execute the aforementioned statement shall be deemed to have demanded a hearing before the Discipline Committee. The purpose of this hearing is to permit both the student and the complainant to present their respective sides of the alleged incident.
4. In the event that the student demands a hearing before the Discipline Committee, the rules of notice and hearing are the same as described in the Disciplinary Procedure section of the College Catalog/Student Handbook.
5. Upon conclusion of the hearing, the Committee Chair will explain to the student the results of the hearing and any penalty that will be imposed on the student. If the student is determined innocent, the exam/assignment will be graded following the hearing. If student guilt is established through the due process procedure for policy items "a" through "d" above, only then may the instructor assign a grade of "0" or "F" on the assignment in question. For violations involving policy definitions "e" through "h" above, the Discipline Committee may suspend the student for a specific period of time or expel the student from the College.
6. The student may appeal the decision of the Discipline Committee to the President. Such an appeal must be in writing, signed, and filed in the President's Office within seven (7) calendar days of the decision.

Final Grade Appeal Procedure

Any student wishing to file an appeal of a final grade must employ the following procedure.

An appeal of a final grade must be made in writing and directed to the Dean of Instruction. The letter of appeal must have the following characteristics:

- a. Word-processed, or typed; not hand-written;
- b. Signed;
- c. Dated;

- d. Current home address (not P.O. Box);
- e. Current telephone number.

1. A student may appeal final grades of A, B, C, D, and F. A student may not appeal final grades of I or W. Each grade appeal must be filed separately – i.e., if a student wishes to appeal two or more final grades awarded in a given semester, each appeal must be filed separately. The appeal must be filed no later than the end of the term (fall, spring, or summer) following the term in which the final grade in question was received. For example, in order to appeal a final grade received in the spring semester, a student must file the appeal not later than the end of the next (i.e., summer) term.
2. The Dean of Instruction shall make a thorough investigation of the grade appeal. If the Dean of Instruction determines there is insufficient evidence to support an appeal or lack of evidence, a written notice shall be sent to the student explaining the findings and course of action available to the student. The Dean of Instruction will give such notice to the student not later than 28 calendar days from receipt of the student's letter of appeal. The student has the right to appeal the decision of the Dean of Instruction to the President within seven (7) calendar days of receipt of the decision. An appeal to the President must be constructed in the same format as described in VII-1 above.
3. If an official hearing is needed, a Grade Appeals Committee consisting of three WCCS faculty members and two WCCS students will be formed by the President to hear the final grade appeal. A student may present evidence by oral testimony, witnesses, and/or written sworn affidavits to support the appeal request. The instructor in question will be afforded the opportunity for reasonable cross-examination of all evidence submitted at the hearing.
4. The student shall be notified in writing by the Chair of the Grade Appeals Committee within seven (7) calendar days of the decision of the committee.
5. A student has seven (7) calendar days from the date of the notification of the decision of the Grade Appeals Committee to appeal to the President.
6. The President may approve, overturn, or amend any recommendation of the Grade Appeals Committee. The President shall notify, in writing, the student, the Dean of Instruction, and the Grade Appeals Committee of the decision(s) rendered.

Drug and Alcohol Abuse Policy

Drug and Alcohol Abuse Policy

Introduction

It is the policy of Wallace Community College Selma that during the month of September of each year, the information contained in this document shall be distributed to each student and employee of Wallace Community College Selma. It is further the policy of Wallace Community College Selma that during May of 1991 and every other May thereafter, a committee assigned by the college president shall review its Drug and Alcohol Abuse Prevention Program and shall:

1. Determine the effectiveness of its program and report to the president any revisions needed in the program to make it more effective;
2. Ensure that the standards of conduct are fairly and consistently enforced; and
3. Submit a written report to the President stating the findings and recommendations of the committee.

Each new academic year, the President shall direct the implementation of any revisions made by the committee which the President deems appropriate.

Standards of Conduct and Enforcement Thereof

Wallace Community College Selma is a public educational institution of the State of Alabama and, as such, shall not permit on its premises, or at any activity which it sponsors, the possession, use, or distribution of any alcoholic beverage or any illicit drugs by any student, employee, or visitor. In the event of confirmation of such prohibited possession, use, or distribution by a student or employee, Wallace Community College Selma shall, within the scope of applicable Federal and State due process requirements, take such administrative or disciplinary action as is appropriate. For a student, the disciplinary action may include, but shall not be limited to, suspension or expulsion. For an employee, such administrative or disciplinary action may include, but shall not be limited to, reprimand, suspension, termination of employment, or requirement that the employee participates in and/or successfully complete an appropriate rehabilitation program. Any visitors engaging in any act prohibited by this policy shall be called upon to immediately desist from such behavior.

If any employee, student or visitor shall engage in any behavior prohibited by this policy which is also a violation of Federal, State, or local law or ordinance, that employee, student, or visitor shall be subject to referral to law enforcement officials for arrest and prosecution.

Legal Sanctions Regarding Unlawful Use, Possession, or Distribution of Alcoholic Beverages and Illicit Drugs

Activities which violate Alabama laws concerning illicit possession, use, and distribution of alcoholic beverages or drugs include, but are not limited to, the following. (Those provisions which refer to drug "Schedules" are making reference to the authorization by the State Legislature for the State Board of Health to classify drugs in terms of their potential for abuse and their current usage in medical treatment. Schedule I consists primarily of "street drugs" such as heroin, morphine, marijuana, LSD, mescaline, etc. Schedule II includes opium, cocaine, and methadone, among other illicit drugs. Schedule III drugs include those which have less potential for abuse than Schedule I or II, and those substances with the least potential for abuse are included in Schedule IV and V. The Schedules may be found at [Code of Alabama \[1975\]](#).

Where to Get Assistance

There is help available for persons who are in need of counseling or other treatment for substance abuse. Listed below are several agencies and organizations which can assist persons in need of such services.

Activities and Organizations

Athletics

Wallace Community College Selma participates in varsity competition in basketball, baseball, and volleyball. WCCS is a member of the Alabama Community College Conference and the National Junior College Athletic Association. The College participates against other members of the conferences and other Alabama community colleges and community colleges in other states. A balanced and well-rounded program of activity courses, professional courses, intramural competition, extramural competition, and varsity athletics is available.

Intramurals

Intramural sports at Wallace Community College Selma are based upon student interest. An active intramural sports program is available to all students during the academic year. Activities that have previously been offered include badminton, basketball, table tennis, road runs, tennis, and bowling.

Student Activities and Organizations

The student governing body of this Institution is the Student Government Association. The purpose of

this organization is to serve the student body; to serve and work toward the betterment of the institution and surrounding communities; to provide and unify a sound student body in the common motive of democratic self-government; to encourage cooperation among students, faculty, and administration; to promote a sense of loyalty and school spirit to Wallace Community College Selma; to help provide various campus activities to enhance students' enjoyment of college life; and to stimulate personal growth and social development.

Any student organization requires the approval of the college administration and the majority vote of the Student Government Association. A written statement of purpose and student interest must be presented to and approved by the Dean of Students prior to the organization and must include the following criteria:

1. The official name of the proposed organization;
2. Name of faculty advisor;
3. Statement of when, where, and how often meetings will be held;
4. Statement acknowledging that the proposed organization is subject to all college regulations and policies.

All student activities and organizations require faculty supervision and require prior approval of the Dean of Students or the President's designee. Any student group wishing to sponsor a student activity must identify faculty to provide supervision of the activity and must obtain approval from the Dean of Students to conduct the activity.

Funds supporting student organizations or activities must be deposited in the Business Office along with other institutional funds. Expenditure of funds for student activities must be initiated by purchase requisition and/or check request and approved by the Dean of Students and the Dean of Business and Finance.

All student organizations are open to all students of this institution who qualify for membership. No student will be denied membership in any organization nor participation in any approved activity by reason of race, sex, religion, age, or national origin.

Homecoming Court

A male and female homecoming court is selected by popular vote on an annual basis by the student body. Each court consists of two freshmen attendants, two sophomore attendants, and a sophomore queen and king. Full-time female and

male students with a minimum GPA of 2.00 are eligible to enter the competition. The sophomore male and female receiving the most votes will be crowned Homecoming King and Queen. The homecoming court reigns during the homecoming basketball game and festivities.

Phi Theta Kappa

Phi Theta Kappa is the International Honor Society in American junior and community colleges. The purpose of Phi Theta Kappa is to recognize and encourage scholarship among two-year college students. To achieve this purpose, Phi Theta Kappa shall provide opportunity for the development of leadership and service, for an intellectual climate for exchange of ideas and ideals, for lively fellowship for scholars, and for stimulation of interest in continuing academic excellence. Alpha Eta Tau, the local chapter at WCCS, has been classified as an active chapter and is fully affiliated with the International Headquarters. To be eligible for Alpha Eta Tau Chapter of Phi Theta Kappa, a student must be enrolled in a degree program, have accumulated at least 12 semester hours, have an overall GPA of 3.5 or better, be of good moral character, and shall possess recognized qualities of citizenship.

Student Government Association

This organization seeks to provide effective representation of student opinion in all phases of college life; to provide an effective organization for the administration of student activities; to stimulate student activity in college affairs; to improve student physical, social, and cultural welfare; and to promote full cooperation between students, faculty, and administration. SGA officers are elected each spring semester.

WCCS Campus Ambassadors

The WCCS Campus Ambassadors program seeks to provide opportunities for outstanding students to develop leadership and communication skills through involvement in student recruitment and community relations activities at the College. WCCS Campus Ambassadors assist with new student recruitment activities, serve as campus tour guides for prospective students and special guests of the College, and represent the student body at official functions.

Membership:

Membership in the WCCS Campus Ambassador Program shall be based on a selection process.

Eligibility Requirements:

Students seeking consideration for the WCCS Campus Ambassadors Program must meet the following general eligibility requirements:

1. Be enrolled at WCCS as a full-time student,
2. Have completed 12 semester hours at WCCS,
3. Possess a cumulative GPA of 3.0 or higher,
4. Demonstrate leadership potential at WCCS or from high school,
5. Demonstrate excellent communication skills (written and verbal),
6. Be a positive, productive team member,
7. Exhibit strong interpersonal skills,
8. Be willing to serve and represent WCCS and interface with the many communities which the College serves,
9. Appreciate WCCS' institutional mission and goals,
10. Attend scheduled mandatory training,
11. Commit to a minimum of 3 hours per week to WCCS Campus Ambassador's duties.

Selection Process:

Students who wish to apply for the WCCS Campus Ambassadors Program will be asked to complete an application. Upon submitting a completed application, applicants will be required to participate in an interview process with a screening committee.

Students will be critiqued on grades, knowledge of WCCS, personality, communications skills, appearance, extracurricular involvement, and demonstrated leadership potential. The committee will select a group of finalists who will be invited to participate in the final phase of the selection process.

Based on the finalists' performance, the selection committee will choose those individuals who will be recommended to the WCCS Campus Ambassador Advisor for membership in the program.

Program Requirements:

During their tenure in the program, WCCS Campus Ambassadors will be required to enroll as full-time students, maintain a 3.0 or higher grade point average, participate in required activities, maintain appropriate conduct, with no disciplinary actions, and participate in periodic training and leadership development activities. WCCS Campus Ambassadors will be asked to sign a contract, which specifies their responsibilities and the expectations for the position. Failure to satisfactorily fulfill any of the expected duties and responsibilities may result in expulsion from the program.

Incentives and Rewards

Students who successfully participate in the WCCS Campus Ambassador Program will receive the following benefits:

1. Letter of commendation from the President of WCCS to be used for seeking employment or transfer scholarships
2. Leadership experience
3. Opportunity to refine communications skills
4. Wardrobe items for official use

For more information, please contact WCCS Campus Ambassador Adviser:

Skills USA

Membership in Skills USA is open to all students enrolled in the technical education programs. The club motto is: "Preparing for Leadership in the World of Work." Skills USA Olympics competition is held annually on the local, state, and national levels. Interested students should see the Skills USA advisors or contact a counselor for additional information.

Who's Who Among Students in American Community Colleges

Who's Who Among Students in American Community Colleges is an organization that recognizes outstanding achievement among community college students. Membership is by selection and is based on scholarship, leadership, participation in extracurricular activities, and general citizenship. Selections are made yearly from sophomore students.

Campus Facilities

WCCS Bookstore

WCCS Bookstore is located in the Student Center. New and used textbooks, supplies, and tools are available. The Bookstore also carries a line of emblematic clothing and accessories. WCCS Bookstore is open from 8:00 a.m. to 4:30 p.m., Monday through Thursday, and 8:00 a.m. to 12:00

noon on Fridays. For additional information call 334-876-9284, visit wccs.bncollege.com, or "Like" on Facebook at WCCS Bookstore.

Health Services and First Aid

First aid kits are located in the technical shops, science laboratories, and other buildings throughout the campus. Cardiac defibrillators are located in the Campus Police office, Health Sciences Building, and Student Center (2nd floor HR kitchen). Accidents or illnesses that require more than first aid are referred to the local hospital which is located within a ten-minute drive of the College. The expense of hospitalization or emergency treatment will be borne by the student.

Student Center

The Student Center is provided for the convenience of the students and affords a congenial meeting place between classes. Because space is limited, identification cards will be checked from time to time to assure maximum use by students rather than non-students.

Telephones and Messages

College telephones may be used by students only in emergency situations. The College will accept messages for students in case of emergencies such as family illness, accident, or death. In such instances, every effort will be made to locate the student.

In the interest of respect for faculty and fellow students, in order to facilitate learning, students should set their cell phones to 'off,' 'silent,' or 'vibrate' while in class or in the College Library. In addition, a student may not receive cell phone calls while in class or in the College Library unless the student is an active-duty public service officer (fire, police, EMT), or provides the College (in advance) with documentation of a disability for which they need a cell phone.

Library

The Library is located in the Library-Gymnasium Complex. The spacious facility has a book collection of approximately 16,000 volumes, approximately 4,350 different units of media along with facilities for their use, and periodical materials. The Library and Reading Room are available for student and faculty use from 7:00 a.m. to 8:30 p.m., Mondays through Thursdays, and from 7:00 a.m. to Noon on

Fridays. Hours may vary during the Summer Semester. For additional information dial 334-876-9344.

Wi-Fi Technology

Laptops, smartphones, and other wireless devices, may be freely connected to the WCCS public hotspot named "WCCS Connect!"

Procedures of Expression

Bulletin Boards and Posters

The bulletin boards located in the Student Center, Library-Gym Complex, and the Administration Building may be used by students to display announcements of interest. These announcements must be approved prior to posting by the Dean of Students. Students have the responsibility of removing the announcement when expired.

Student Participation in Government and Institutional Decision-Making

The college organizational structure provides for and encourages student involvement in the affairs

Bowie, Corey

Talent Search Coordinator/ ABE Advisor and

of the college through the Student Government Association. The SGA meets at regular intervals, and the meetings are open to all students who wish to observe the proceedings. Every student should feel at liberty to make suggestions to the SGA, to any committee, or to any office of the college administration.

The president of the SGA serves as a member of the Admissions Committee, the Student Activities Committee, and the Disciplinary Appeals Board. Additional student involvement is obtained through student representation on various committees including the Admissions Committee, Disciplinary Committee, Student Activities Committee, and the Disciplinary Appeals Board.

Students are asked to provide feedback and input through course/faculty evaluations each semester. This feedback is valuable in assessing and improving course outcomes. Full democratic student participation is expected and encouraged. Ultimately, legal responsibility for the administration of the College rests with the College president, and all actions are subject to his review and approval.
